

Flora Orca Mafa Elementary

Ms. Patt's 4th Grade Class

Welcome to 4th grade! I am excited to get started working with everyone. I have been working in Stockton Unified for 21 years in third grade and middle school. I hope that we can work together to meet the challenges of starting the school year online. To help us communicate and complete distant learning work, we will be using three main platforms: Google Classroom, Google Meet/Zoom, and Bloomz. Google Classroom is where assignments will be posted and student announcements. Live class lessons will be held on either on Google Meet or Zoom. However, we will start out our meetings on Google Meet. I will be using the Bloomz app for communication. Parents and students are strongly encouraged to join. Bloomz app is available for free download through the Apple App store and Google Play.

For the week of August 3rd through August 7th, students will be completing a packet of work listed on the back. The work is also available online in Google Classroom. Completion of the work packet assigned for the first week provides attendance and work credits. We will begin having daily live lessons beginning August 10th. However, on August 3rd, we will meet for class orientation/overview on Google Meet.

Please refer to the back of this page for additional information.

Work for the Week of August 3-7:

Understanding Place Value to Ten Thousands

Main Idea & Details (sheets #1-6)
