Academics

Commodore Skills adheres to the California State Standards and provides rigorous, engaging instruction to challenge and maximize student learning. Commodore consistently ranks at the top in administered state and district assessments.

Student Experience

Students will participate and experience activities to remember for a lifetime. Whether it be a field trip to the S.F. Exploratorium, Science Camp, or a campus activity like the Oratorical Contest or Wax Museum, students will have enrichment opportunities to interact with peers and staff.

Parent & Family Engagement

Families play important roles at CSSS! You may decide to join our incredible PTA, have lunch with your child at our monthly lunch on the lawn, catch a movie at movie night, ride the train at our carnival, or try out experiments at science night.

Our Mission: Commodore Stockton Skills School is a diverse community of respectful – engaged students, supportive – encouraging staff, and committed – involved parents. We uphold our tradition of high expectations and rigor, in pursuit of becoming life long learners.
