Dear SUSD Families & Students,

Beginning Monday, April 6, Stockton Unified will be checking out Chromebooks and our limited number of wifi-enabled Hotspots to SUSD students who do not have technology access at home.

Chromebook

Any SUSD student who needs a Chromebook will be able to check one out. Chromebooks can only be checked out to a student at their own school sites. Families with students in multiple grades at a single school site only need to visit the site once to pick up their Chromebooks.

To shorten the checkout experience, families and students are asked to do the following prior to device checkout:

- Complete one Agreement Notice per device borrowed. The Agreement Notice is available online at www.stocktonusd.net/TechAccess. Agreement Notices will also be available at schools at the time of checkout.
- Ensure they know their student’s ID number (for High School students this is the number students use to receive lunch), grade, and name of their homeroom or other teacher.
- Complete one Technology Access Survey per family. Surveys are available at www.stocktonusd.net/TechAccess. *Note: Completion of this survey is not required to check out a Chromebook, but is required if a family would like to be eligible for a hotspot.*

Device distribution will take place at the following dates, locations, and times:
