Pursuant to Section 504 of the Rehabilitation Act (34 C.F.R. §104.36), the District is required to provide written notice with respect to changes or denials regarding Section 504 identification, evaluation, or educational placement pertaining to your child.

The following describes the action(s) being proposed:

Changes to 504 Plan Accommodations/Supports/Services Due to School Closure and Distance Learning Due to Covid 19.

Explanation of Action:

The 504 Site Manager and 504 Service Coordinators at your student’s school, in collaboration with the student’s teacher(s), will review the accommodations or supports on the 504 plan. The 504 Service Coordinator will conduct check-in calls with the family to review how the student is adapting and progressing in the distance learning environment.

If there are accommodations or supports that are not applicable or do not make sense during the distance learning format, the 504 Site Manager, 504 Service Coordinator(s) and teacher(s) will determine whether different accommodation(s) or support(s) are necessary.

Basis for Action:

Due to COVID-19 and State's Mandate of School Closures on March 13, 2020; the 504 team discussed service options based on student educational needs. Distance Learning will be in effect until the state reopens the schools/ educational settings. When traditional school resumes: student's services will be provided as stated per the 504 Plan.

A copy of your 504 Parent/Guardian Rights are included with this notice.
