TYPE B- Classroom/Common Area Staff Managed Behaviors Possibly Requiring Administrator Contact

Student Behaviors/Offenses with **Broad** Principal Discretion-No Expulsion

Behaviors that do not require immediate administrator involvement, but do require documentation for one or more of these reasons:

- The correction involves other staff members (e.g., detention, alternative supervised support);
- The student was removed from the setting and lost instructional time;
- The reporting staff member wants administrator input (e.g., teasing incident might be harassment);
- The reporting staff member thinks the administrator should be aware and have record of the situation (e.g., Type A behavior).

***If a student with disabilities reaches eight (8) cumulative days of suspension, an IEP/504 team must meet to do the following:

- a. Discuss a Manifestation Determination regarding the misconduct and the relationship between the misconduct and the student's disability.
- b. Consider whether an FBA (Functional Behavioral Assessment) or FAA (Functional Analysis Assessment) is necessary.

- c. Review the student's current IEP/504, and any behavioral assessments that have been conducted. Determine the need to develop a Behavior Intervention Plan (BIP) or review an existing BIP and its implementation, and make any modifications necessary to determine whether it continues to be an appropriate offer of FAPE.

The maximum number of days a student with disabilities may be suspended shall not exceed 10 cumulative days in a school year without an IEP/504 team discussion addressing any behavior that impedes his/her learning or that of others. On or after the 11th day, if not before, the student must return to the school site, and an IEP/504 meeting shall be held to determine appropriate services.

Informal suspension, whereby a parent is advised to keep a student at home, is prohibited by law.
