The pricing will be evaluated based on the: (1) preconstruction services cost or method of calculation; (2) Respondent's fee, which includes profit and overhead; (3) general conditions cost; (4) bonds and insurance percentage; (5) construction contingency to be applied to errors and omissions; and (6) allowances, if any.

After the Agreement is awarded and DSA approves the plans and specifications, the selected developer will be required to provide a Guaranteed Maximum Price ("GMP") for the Project. As part of the District review of the GMP, the District will expect to have access to all subcontractor bids, contingency breakdown and tracking documents, general conditions breakdown and tracking documents, and Respondent's fees. The GMP shall include all of Respondent's cost for labor, materials, equipment, overhead and profit, general conditions,

contractor contingency, and allowances, if any, but shall specifically exclude the amount of the District contingency. In the event the selected developer realizes a savings on any aspect of the Project, such savings shall be added to the District contingency and expended consistent with the District contingency. In addition, any portion of the contractor contingency and/or allowance remaining after completion of the Project shall be added to the District contingency. The Facilities Lease will be amended to include the agreed upon GMP, if the District proceeds with the construction phase of the Project.

9. TAB 9 – Insurance

Each Respondent must demonstrate that it can maintain adequate insurance as required herein. Therefore, each RFQ/P Packet must include a letter from the Respondent’s insurance company indicating its ability to provide insurance coverage on behalf of Respondent in accordance with the insurance requirements in **APPENDIX B**.

10. TAB 10 – Assurances

The Respondent must acknowledge each of the following items and confirm that it will be willing and able to perform these items:

Preconstruction Services: Respondent shall provide services that relate to the organization and development of the Project prior to the start of construction including the following:

- **Site Evaluation:** Consult with District staff in relation to the existing site. Selected developer should make site visits, as needed to review the current site conditions. During this evaluation, selected developer may make recommendations relating to soils investigations and utility locations and capacities, in order to minimize unforeseen conditions.
- **Plan Review:** Provide plan review and constructability services. Refer to the Facilities Lease for the required scope. Place an emphasis on ensuring that the Project can be completed within the established schedule and within the available budget. During the review, selected developer shall review the documents for clarity, consistency, constructability and coordination. The results of the review shall be provided in writing and as notations on the documents to the District and Bond Management team. The selected developer shall also make recommendations to the District and Bond Management team with respect to constructability, construction cost, sequence of construction, and construction duration.
- **Pre-construction Meetings:** Attend meetings at the Project site with the architect of record and the Bond Management team every two (2) weeks, until the Notice to Proceed with Construction is issued on or about August 20, 2024 (meeting duration is approximately 2 hours).
- **Value Engineering:** Provide a detailed analysis of all major Project systems with an emphasis on possible value engineering possibilities.
- **Detailed Construction Critical Path Schedule:** Produce detailed construction critical path schedules to be incorporated into the Project documents including identification of the Project critical path and agency approvals.

- **Preliminary and Detailed Estimates:** Provide preliminary construction estimates using like-kind construction costs. Upon receipt of the Project plans and specifications, provide detailed construction estimates showing the values of all major components of the Project.
- **Construction Planning:** Plan the phases and staging of construction, staging areas, temporary fencing, office trailer placement, access, etc. as required.
- **Other services:** Any other services that are reasonable and necessary to control the budget and schedule.

Construction Services:

- **Project Accounting and Management Systems:** In coordination with District staff, develop the Project accounting and budget management systems. A process of up-to-date costs management will be necessary. During construction, monthly reporting will be required.
- **General Conditions:** List what is included in the Respondent’s general conditions (including full-time and part-time personnel) and a monthly value of the general conditions. Indicate what would be included as a cost of work versus a line item in the general conditions. See **APPENDIX C-3** for an example.
- **Management of Project:** Administer and coordinate on a daily basis the work of all trade contractors the successful Respondent hires to work on the Project. Enforce strict performance, scheduling, and notice requirements. Document the progress and costs of the Project. Report proactively on potential schedule impacts. Recommend potential solutions to schedule problems.
- **Trade Contractors:** Pursuant to Public Contract Code section 20111.6, each prospective MEP Contractor holding C-4, C-7, C-10, C-16, C-20, C-34, C-36, C-38, C-42, C-43, and/or C-46 licenses shall be prequalified by the District to perform construction work as a first tier subcontractor on the Project.

VII. SELECTION CRITERIA

A. Best Value Evaluation

The RFQ/P Packets will be evaluated based on the District’s adopted criteria and rating system to determine the qualified Respondent(s) providing the best value to the District for all candidates that meet the pass / fail criteria listed below (i.e., receive a PASS).

CRITERIA ITEM	DESCRIPTION	MAXIMUM POINTS
Conflict of Interest	Is there a conflict of interest?	PASS / FAIL
Safety	Safety record	PASS / FAIL
Form of Agreement	Proposed changes to District Form of Agreement	PASS / FAIL
Technical Expertise	Relevant experience with like-Projects, prior lease-leaseback experience, value-engineering experience, constructability experience, references	26 points
Interview (If used, score; if not used, all respondents receive 0 points.)	Proposed team attendance, performance, approach to work	22 points
Price Points	Fees, general conditions, contingency, interest proposed on lease payments	22 points
Staffing	Management and Staffing Approach, including skilled and trained workforce	16 points
Schedule/Liquidated Damages	History of meeting Project Schedule and Delivery Date	7 points
Claims/Litigation	Acceptable history of claims and litigation	7 points
<u>TOTAL: MAXIMUM 100 POINTS</u>		

Based on these criteria, District staff assign points to each proposer and then calculate the total points awarded to the proposer. The more points, the higher the proposer is ranked. The highest ranked proposer reflects the best combination of price and qualifications for the Project.

B. District Investigations

The District may perform investigations of proposing parties that extend beyond contacting the references identified in the proposals.

C. Selection Process

RFQ/P Packets shall be evaluated and the Project awarded in the following manner:

1. All proposals received shall be reviewed to determine those that meet the format requirements and the standards specified in RFQ/P.
2. District shall evaluate the qualifications of the Respondents based solely upon the adopted criteria and evaluation methodology, and shall assign a best value score to each proposal. Once the evaluation is complete, all responsive proposals shall be ranked from the highest best value to the lowest best value to the District.
3. The District's Governing Board shall award the Project to the responsive proposer whose proposal is determined, in writing by the Governing Board, to be the best value to the District.
4. If the selected developer refuses or fails to execute the tendered proposed contract, the Governing Board may award the contract to the proposer with the second highest best value score if it deems it to be for the best interest of the District. If the second selected developer refuses or fails to execute the tendered instrument, the Governing Board may award the instrument to the proposer with the third highest best value score if it deems it to be for the best interest of the District.
5. Notwithstanding any other law, upon issuance of a contract award, the District shall publicly announce its award, identifying the entity to which the award is made, along with a statement regarding the basis of the award. The statement regarding the District's contract award and the contract file shall provide sufficient information to satisfy an external audit.

D. Interviews

The District may, at its option, invite some of the finalists to meet with a District selection committee. Key proposed Project staff will be expected to attend the interview. The interview will be an opportunity for the District selection committee to review the proposal, the firm's history, and other matters the committee deems relevant to firm evaluation with the firm. The interview will start with the firm presenting its proposal and its Project team. The finalists may be required to submit in advance of the interview a more detailed fee proposal. If requested, this fee proposal shall include all charges and costs proposed to be charged to the District, including rates for extra work.

Any comments or objections to the form of Agreement attached hereto as **APPENDIX B** to this RFQ/P shall be provided in writing in the RFQ/P Packet and may be the subject of inquiry at the interview. Comments on the form of Agreement will be excluded from the page count. District reserves the right to accept, reject or negotiate requested revisions. Any comments or objections to the form of Agreement not provided in writing before the interview will not be entertained by the District.

E. Final Determination and Award

It is expected that the selection committee will make recommendations to District staff regarding the candidates and awarding the contract. The awarding of contract(s) is at the sole discretion of the District.

The District reserves the right to contract with any entity responding to this RFQ/P for all or any portion of the work described herein and/or in an agreement offered to the entity, to reject any proposal as non-responsive, and/or not to contract with any firm for the services described herein. The District makes no representation that participation in the RFQ/P process will lead to an award of contract or any consideration whatsoever. The District reserves the right to seek proposals from or to contract with any firm not participating in this process. The District shall in no event be responsible for the cost of preparing any RFQ/P Packet in response to this RFQ/P.

The RFQ/P packet, and any other supporting materials submitted to the District in response to this RFQ/P will not be returned and will become the property of the District unless portions of the materials are designated as proprietary at the time of submittal, and are specifically requested to be returned. This RFQ/P does not commit the District to negotiate an agreement with any proposing firm or individual.
