

**NOTICE TO PROSPECTIVE PRIME CONTRACTORS TO PREQUALIFY  
FOR STOCKTON UNIFIED SCHOOL DISTRICT CONSTRUCTION PROJECTS**

Notice is hereby given that the governing board of the Stockton Unified School District ("District") has determined that, pursuant to Public Contract Code section 20111.6, all prime contractors for (1) District lease-leaseback projects and (2) District projects using funds received pursuant to the Leroy F. Greene School Facilities Act of 1998 or any funds received, including funds reimbursed, from any future state school bond for a public project that involves a projected expenditure of one million dollars (\$1,000,000) or more, must be prequalified.

Any contractor interested in being prequalified as a prime contractor for the aforementioned District projects must submit fully completed and sealed prequalification forms and financial information ("Prequalification Package") to the District at the Stockton Unified School District, Attn: Armando Orozco, 1944 N. El Pinal Drive, Stockton, CA 95205.

All Prequalification Packages shall be on the forms provided by the District. Prequalification forms are available for pick-up at the Stockton Unified School District, 701 N. Madison Street, Stockton, CA 95202, or may be downloaded from the District website at [www.stocktonusd.net](http://www.stocktonusd.net).

To prequalify, a contractor is required, in addition to other criteria, to possess an applicable State of California Contractor License, which must remain active and in good standing throughout the term of the contractor's prequalification or the term of any awarded contract, whichever is longer. In addition, a contractor is required to be registered as a public works contractor with the Department of Industrial Relations.

For all work performed on District projects, contractors shall pay all workers not less than the general prevailing rate of per diem wages and the general prevailing rate for holiday and overtime work as determined by the Director of the Department of Industrial Relations, State of California, for the type of work performed and the locality in which the work is to be performed within the boundaries of the District, pursuant to section 1770, et seq. of the California Labor Code.

Prequalification Packages submitted by contractors are not public records and are not open to public inspection. All information provided will be kept confidential to the extent permitted by law. The contents, however, may be disclosed to third parties for purpose of verification, or investigation of substantial allegations, or in the appeal process. State law requires that the names of contractors applying for prequalification status shall be public records subject to disclosure.

A contractor may be denied prequalification status for omitting requested information or providing false or misleading information.
