Dear Stockton Unified Community,

While we are continuing to refine and modify our plans in collaboration with San Joaquin County Public Health and our County Office of Education, we want to assure our community that Stockton Unified schools will reopen on August 3 in the safest, most flexible, student-centered model possible.

Recently, guidance was released from the San Joaquin County Office of Education regarding the reopening of schools. This guidance was written in collaboration with Public Health Services: [Click here for the full guideline.](#)

We know that our staff and families are eager for information regarding the start of the 2020-21 school year. As a District, we will utilize every action we can implement to manage the challenges brought on by COVID-19. We are focused on providing learning environments with maximum safety for every student and staff member, while proceeding with our guiding mission to graduate every student college, career, and community ready.

We want to thank every one of our stakeholders who provided feedback on students and staff returning to school. Your feedback will inform the decision on how our schools will reopen. The results from the 2020-2021 Reopening of Schools Survey are provided on the following page. Please look for additional surveys regarding the reopening of schools in the near future.
