SUBJECT: **2022 REVISED MILEAGE RATES**

The Internal Revenue Service (IRS) generally announces annually the mileage reimbursement rate for business travel at the beginning of the calendar year; however, on June 9, 2022, the IRS announced a midyear adjustment to the rate. Beginning July 1, 2022, the mileage reimbursement rate for business travel is 62.5¢ per mile (up from 58.5¢ for the first six months of 2022). Although a midyear adjustment is rare, the IRS is adjusting the rate to better reflect the recent increase in the price of fuel.

If your event/conference was during the months of January through June the rate is 58.5¢ per mile or all business miles driven and any event/conference during the months of July through December the rate is .62.5¢ per mile or all business miles driven.

Should you have any questions or require additional information regarding this matter, please contact me at 209-933-7005, ext. 2015.

Thank you,
