The Stockton Unified School District ("District"), a California public school district, is seeking Proposals in response to this Request for Qualifications and Proposals ("RFQ/P") to develop a pool of qualified and experienced childcare providers to provide Expanded Opportunities Program ("ELO-P") services for the District's "Expanded Learning Opportunities Summer Sports Program" ("Summer Program") for children in 1st grade through 8th grade ("Services") at multiple school sites. Any contract(s) initially awarded pursuant to this RFQ/P will be for the District's 2024 Summer Program, with future RFPs issued to the pool of qualified providers based on District's future needs and funding opportunities as authorized by its governing board.

The District seeks childcare providers who are qualified and experienced in providing a safe space for students to have opportunities to accelerate their academic skills, recover lost instructional time, experience enrichment opportunities linked to future educational pathways, lead students through various extracurricular activities, while building deeper relationships with students and staff. Additionally, the Summer Program assists adults working to provide for their families, knowing their children are safe, cared for, nourished, and supported outside of regular school day calendar and bell schedules.

The District educates approximately 38,000 students and embraces 53 diverse school communities. In partnership with parents and our community, the District is to graduate every student college-, career-, and community-ready. In doing so, we lift all youth out of circumstances of poverty and scarcity. We partner with world-class universities, innovative businesses and nonprofit organizations and engaged community leaders to prepare our students for college, career and life.

Our Mission is to graduate every student college, career, and community ready. In doing so we lift all youth out of circumstances of poverty and scarcity.

Goals for our students include:

1. Every child by the end of the 3rd grade will read and comprehend at the proficient level.
2. Every child by the end of the 9th grade will demonstrate mastery of Algebra concepts and application.
3. Every child by the end of the 12th grade will graduate and be college or career ready.
