About the ELPAC

English Language Proficiency Assessments for California

The ELPAC is the required state test for English language proficiency (ELP) that must be given to students from kindergarten (including transitional kindergarten) through grade 12 whose primary language is a language other than English. The ELPAC is aligned with California's 2012 English Language Development Standards, and is comprised of two separate ELP assessments:

1. Initial Assessment (IA)—an initial identification of students as English learners
2. Summative Assessment (SA)—an annual summative assessment to measure an English learner's progress in learning English and to identify the student's ELP level

The screenshot displays the Microsoft Teams interface during a live event. The browser address bar shows the URL `teams.microsoft.com/_#/broadcastPlaybackScreen`. The top navigation bar includes the Microsoft Teams logo, a search bar with the placeholder text "Search or type a command", and the user's name "stocktonusd.net".

On the left side, there is a vertical navigation pane with icons for Activity, Chat, Teams, Assignments, Calendar, Calls, and Apps. The main content area is dark and contains a "Need help?" link and a "Leave" button. A large white text overlay "Type here" is positioned in the center of this area.

On the right side, a "Live event Q&A" panel is open. It features a title bar with a close button (X) and a help icon (?). Below the title, there are two tabs: "Featured" and "My questions". A text input field is present under the "My questions" tab, with a "Reply" button below it. At the bottom of the panel, there is an "Ask a question" input field and a "Post as anonymous" checkbox.

At the bottom of the Teams interface, there is a "Sign out" button and a play button icon.

The image shows a Microsoft Teams meeting interface. On the left, a browser window displays the ELPAC website. The website header includes the ELPAC logo and the text "English Language Proficiency Assessments for California". Below the header is a banner image of students and a teacher. The main content area is titled "The ELPAC Website" and contains a paragraph: "The English Language Proficiency Assessments for California (ELPAC) website serves as the portal for resources that a local educational agency (LEA) will need to administer the ELPAC." Below this is a section titled "News and Tips for the ELPAC Administration" with a list item: "1. The California Department of Education will allow teachers to administer interim tests to students remotely without the use of a secure browser through June 30, 2020. Visit the [Smarter Balanced Interim Assessments](#) page to find directions and resources for administering the interim assessments for distance learning." On the right, a presentation slide is displayed. The slide features the ELPAC logo and the text "English Language Proficiency Assessments for California". Below the logo is a circular graphic with the text "INITIAL ASSESSMENT" and various California symbols including a grizzly bear, a quail, a butterfly, a miner, a fish, and a frog. The slide is titled "Stockton Unified School District" and "Computer-based Initial ELPAC Administration and Scoring Training". The Microsoft Teams interface includes a search bar at the top, a navigation pane on the left with icons for Activity, Chat, Teams, Assignments, Calendar, Calls, and Files, and a Windows taskbar at the bottom.

Initial ELPAC Training Resources and Certification Courses

The 2020-2021 computer-based Initial ELPAC Training has been re-formatted to replace the Spring 2020 in-person trainings. Two courses have been added to the Trainer's Resource to certify LEA Coordinators, or their designees. One course is designed for coordinators who are training across grade levels

K-12 LEA Certification (Kindergarten through grade twelve). The other course is for coordinators who are in middle and/or high school districts and will only be training test examiners to administer the grades 6-12 computer-based Initial ELPAC LEA Certification (grades six through twelve). Coordinators only need to take one of these certification courses. Coordinators may designate a lead district ELPAC trainer who would have attended the statewide in-person training to take the certification course. Take the course that aligns with the needs of your district and test examiners.

Test examiners will need to calibrate for the domains (Speaking and/or Writing) that they will be administering and scoring. Training and calibration quizzes are located in the Examiner's Resource course. LEA coordinators are responsible for ensuring that test examiners are trained in test administration and calibrated for scoring Speaking and Writing task types.

- LEA Certification (Kindergarten through grade twelve)

This course meets the California Department of Education, mandated training for LEA certification kindergarten through grade twelve and replaces the Spring 2020 statewide in-person trainings. This course should only be taken by the LEA ELPAC coordinator or their designee. A certification course must be taken prior to delivering Initial ELPAC training to test examiners in your LEA and prior to any administration of the Initial ELPAC.

The other certification course is for coordinators, or their designees, who are in middle and/or high school districts and will only be training test examiners to administer the grades 6-12 computer-based Initial ELPAC LEA Certification (grades six through twelve). Coordinators only need to take one of these certification courses. Choose the course that best fits the needs of your LEA.

This certification course does not calibrate examiners for scoring the Initial ELPAC Writing and Speaking domains. Test examiners will need to calibrate for the domains (Speaking and/or Writing) that they will be scoring. Training and calibration quizzes are located in the Examiner's Resource course. LEA coordinators are responsible for ensuring that test examiners are trained in test administration and calibrated for scoring Speaking and Writing task types.

In California public schools, all students entering school for the first time will be assessed with the Initial English Language Proficiency Assessments for California, or "Initial ELPAC," if their home language is not English. Students are given the Initial Assessment within 30 days of when they enroll at the school.

The Initial ELPAC is the test used to determine if a student is an English learner or is fluent in English.

Based on the public health emergency due to the novel coronavirus (COVID-19) and school closures in 2019-2020, the Initial Assessment English Language Proficiency Exam for California (ELPAC) was unable to be completed during the 2019-20 school year.

This document of explanation should be filed in the students' cumulative record or file.

If you have any questions, please contact **Research** at **(209) 933-7105**

Alternate ELPAC Operational Field Test

Alternate Assessment Decision Confirmation Worksheet

This document confirms the decision of the individualized education program (IEP) team that the student is eligible to participate in the California Alternate Assessments (CAAs) and the Alternate English Language Proficiency Assessments for California (Alt-ELPAC). For more information, refer to the Alternate Assessment IEP Team Guidance web page at <https://www.cde.ca.gov/ta/tg/ca/caaiepteamrev.asp>.

Participation in Alternate Assessments

Does the student have a significant cognitive disability and an IEP? Yes No

If yes, continue with this confirmation worksheet. If no, the student is not eligible to take alternate assessments.

If yes, the IEP team confirms that a review of the student's records and IEP indicates a disability or multiple disabilities that significantly impact intellectual functioning and adaptive behavior. Adaptive behavior is defined as behavior that is essential for a person to live independently and to function safely in daily life. Sources of evidence may include, but are not limited to, results of the following:

- Individual cognitive ability test
- Individual reading assessments
- Language assessments, including English learner (EL) language assessments, if applicable
- Adaptive behavior skills assessment
- Districtwide alternate assessments
- Achievement tests

If yes, the student is eligible for the following assessments:

- CAA for English language arts/literacy
- Initial Alt-ELPAC, if the student's Home Language Survey indicates a primary language other than English
- CAA for Mathematics
- Summative Alt-ELPAC, if the student is identified as an EL
- CAA for Science

Alignment with Standards

Students eligible for an alternate assessment should be learning content aligned with the California Common Core State Standards (CA CCSS), the California Next Generation Science Standards (CA NGSS), or, as applicable, the *2012 California English Language Development Standards (2012 CA ELD Standards)*.

Goals and instruction listed in the IEP for this student are aligned with the enrolled grade-level CA CCSS, CA NGSS, and *2012 CA ELD Standards*.

Sources of evidence may include, but are not limited to, the following:

- Progress monitoring data
- Data from scientific research-based interventions
- Present levels of academic and functional performance, goals, and objectives from the IEP
- Examples of curriculum, instructional objectives, and materials

- (<https://www.elpac.org/resources/faq/>)

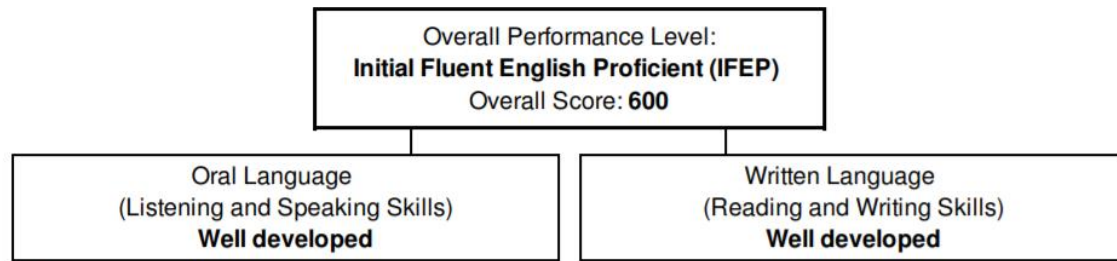

The ELPAC must be administered within 30 calendar days of enrollment or 60 calendar days prior to instruction, but not before July 1.

Students with a primary language other than English, as determined by a home language survey, who have not taken the California English Language Development Test (CELDT) or ELPAC before and who have not been previously classified as an EL, must take the Initial ELPAC.

English Language Proficiency Assessments for California (ELPAC) Standardized test given to (K–12), ages 3-21 whose primary language is a language other than English. Consist of Listening, Speaking, Reading, Writing

About the Initial ELPAC

Note: The overall score is based on a combination of oral language (50%) and written language (50%).

Your child is here.

Initial Levels	Initial Descriptors
Initial Fluent English Proficient (IFEP) 450–600	Students at this level have well developed oral and written English skills. They can use English to learn and communicate in meaningful ways. They may occasionally need help using English.
Intermediate English Learner 370–449	Students at this level have somewhat to moderately developed oral and written English skills. They may sometimes be able to use English to learn and communicate in meaningful ways. They may need some help to communicate about familiar topics in English and more help on less familiar topics.
Novice English Learner 150–369	Students at this level have minimally developed oral and written English skills. They may be able to use known words and phrases to communicate meaning at a basic level. They may need substantial help using English.

Initial ELPAC Performance Weights

Initial ELPAC

In 2018, the SSPI approved threshold and composite weight adoptions for the Initial ELPAC. The ELPAC allows for differential weights in the calculation of the Overall performance level for each grade span. The preliminary weight recommendations for the Initial ELPAC are presented in the chart below:

Grade	Oral Language Composite (Listening and Speaking)	Written Language Composite (Reading and Writing)
Kindergarten	90	10
Grades 1	70	30
Grades 2–12	50	50

Students are given the Initial Assessment within 30 days of when they enroll at the school. Once testing is completed, LEAs score the operational assessments locally and use the local scoring tool (LST) to input raw hand-scored results. LEAs have two options for LST use during the summer, before the first day of classes:

1. Request a Statewide Student Identifier, submit the English language acquisition status record of "To Be Determined", and enter raw student scores into the LST to generate an official score.
2. Use the preliminary score template to score the Initial ELPAC by hand and retain the results until the student arrives on the first day of school. Follow option 1 once student is enrolled.

Satellites

1 Satellites

2 Velocity

3 Velocity Gravity

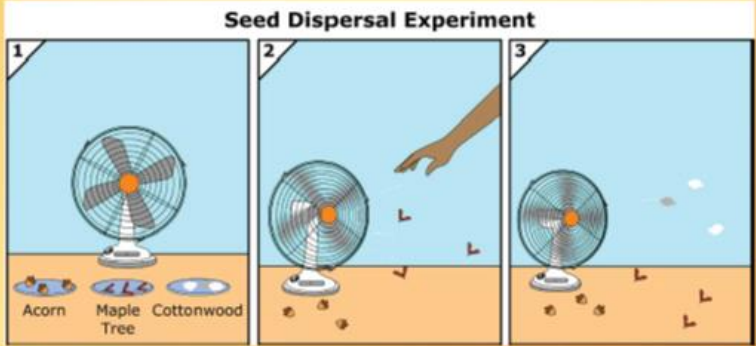

A full response includes all of the following Main Points and at least one detail for each point:

- Satellites are pieces of (heavy) equipment that orbit/move in a circle around Earth.
- Details: Satellites are used for different purposes: communications/telephone calls/taking pictures of Earth. A combination of forces (velocity and gravity) keep the satellites in orbit.
- Satellites travel at a very fast speed (high velocity)/if there is no force or gravity it will move or travel into space.
- Details: Velocity is speed. A moving object/satellite will travel in a straight line into space without a force/gravity. If there is no force/gravity, it will move away from Earth/into space.
- Gravity pulls the satellite toward Earth. Gravity acts as a force that keeps the satellite from traveling away from Earth/into space.
- Details: When velocity and gravity are balanced, the satellite continues to go around Earth. Satellites need a balance between/equal velocity and gravity. Velocity and gravity keep satellites on their path (around Earth).

3

A full response includes all of the steps in the demonstration, and at least one detail:

Steps in the demonstration:

- The different kinds of seeds (acorn, maple, and cottonwood) are dropped in front of the fan (which creates wind similar to the wind that carries seeds outside).
- One kind (acorns) stayed close to the fan, another kind (maple seeds) flew longer, and another kind (cottonwood seeds) went farthest.

Details:

- Shape, weight, and/or material affect the dispersal of seeds/how seeds travel. Some seeds travel farther than the seeds of other plants/land at different distances/land in different patterns. Seed dispersal is an important part of the reproduction of plant life.

Speaking - Summarize an Academic Presentation (1-12)

- A full response includes at least three of the following Main Points:
- When rain falls on a building/roof, it often goes right down a pipe and into a drain.
 - Rain barrels can be used to save water.
 - (With a rain barrel), water goes (off a roof/down a pipe) into a barrel.
 - The water can be used for plants/a garden.

Lasia, Grade 1

Binder Calibration 10 -61, Track 258

A full response includes all the steps of the demonstration and at least one detail.

Steps in the demonstration:

- Two jars each contain a nail. One jar is filled with fresh water and the other is filled with salt water.
- On the third day, both nails have spots/rust is beginning to form (because of a chemical reaction).
- After 10 days, the nail in salt water has a thick layer of rust and the nail in the fresh water only has a few specks of rust. (The salt water caused the metal to corrode/rust more quickly/rapidly.)

Details:

- Corrosion is a (chemical) process that damages metal when exposed to water/moisture over time. Corrosion causes iron to produce a brown or red substance/rust.

In the following box, you are going to write at least two paragraphs in English about an important issue.

A new swimming pool was recently built at your school. In a story about the pool in the school newspaper, the principal said that learning to swim might become a graduation requirement.

Do you think that it is a good idea to make swimming a graduation requirement for all students? Write a persuasive essay in support of your position to give to your principal. Make sure you write at least two paragraphs and include your position and supporting reasons.

- Think about what you will write before you begin writing.
- State your opinions clearly and give two or more reasons to support your opinion.
- The paragraphs should include at least three complete sentences.
- Check your writing for correct grammar, capital letters, punctuation, and spelling.

Binder Calibration 26, page 12-41

Instrument–Number 5

I think a class pet is a good idea becuase it can teach us how to be resoponsible with our pets. They can teach us how hard it is to take care of an animal. Also they can make us feel better when we are felling sad. First, a class pet can teach us how to be responsible with our pets. Example, if a class pet is a turtle, it can teach us how much food to give to a pet and how to care it very carefully. Next, they show how hard it is to take care of a pet.

For example, a dog is difficult to take care of beacuse it poops in the house and it always makes a mess. Lastly, they can make us feel better when were sad. In instance, a dog can lick you and wants to play with you when your sad. A cat curls up on you when they know your felling sad. In conclusion, I think a class pet is a good idea. They can show us many things of how to take care of an animal.

My mom and I decided to stay at the park and play soccer for a while. Then we noticed that someone was playing soccer alone so I went up to her and asked her if she wanted to join us, she said yes and I asked her for her name and she said her name was, "

Joanna," I told her that was a pretty name and we began to play soccer together and then it was time for both of us to go home. I told her that it was nice meeting her and asked if she had a number so we could play again some time. she said yes and we both traded numbers and we went home. One thing I really liked about Joanna was that she was sweet and kind. I was also glad that we were both into soccer.
