

Access the K12 Reporting Tool & Manage Access Tool

The new suite of College Board assessments will provide a robust set of online data analysis and reporting tools. The Educator Score Report will allow for institutional, demographical, test content and question analysis, and trend views. This online report will be available before the paper reports are sent out with all users receiving email notification when new scores are available.

In order for educators in your district/school to gain access to the K12 Reporting Tool, you must first access the Manage Access Tool to set up the users for your institution. The Manage Access Tool will allow districts/schools to manage who has access to their data by user, and manage an individual's access at any time. Follow the guidelines below to establish data access for your district/school staff.

Quick Definitions		
	Manage Access Tool	The manage access tool allows a K12 Institution to administer access to College Board Services and tools
	Access Manager Each district/school needs to identify the staff member that will manage access to the score report portal.	An access manager at the institution can grant, manage, and revoke access to their K12 Reporting Tool.
ROLES	DAT for Assessment Reporting K12	The manage access role. This is not a reporting role, rather a role that is able to provide access to an Institution's K12 reporting tool to multiple individuals.
	Assessment Reporting K12 Data Files Management	Data files download access. These can be IT vendors hired by Institutions, Institution technology staff, or other Institution staff
	Assessment Reporting K12 Summary	Aggregate Basic Assessment Score Reporting, limited summary data access.
	Assessment Reporting K12 Detail	Detailed Basic Assessment Score Reporting, including drill down to individual student score data.

STEP 1 Create College Board Professional Account

To provide and manage access to the reporting tool, an individual must create a College Board professional login account. This must be completed prior to setting up the initial Manage Access Roles.

Create Your Professional Account

1 Your Information 2 Review Information

To get started, please tell us more about you, set up your username, and let us know about the work that you do.
All fields are required unless marked optional.

Account Information

First Name:

Last Name:

Gender: Female Male

Email Address:

Confirm Email Address:

Yes, please send me updates and information about College Board and College Board deadlines, dates, and related programs and services.

Please share my contact information with third parties that have offers or information the College Board thinks might be of interest to me and my students, including AP Summer Institutes, professional development and academic programs and scholarships.

Answer:

Where do I find this?

<https://account.collegeboard.org/login/login>

STEP 2 Manage access to support K-12 Assessment Reporting

An access code is required for the first time on-boarding of the first access manager to access the DAT application.

- Log in to your professional account
- Click the 'General' section on your dashboard
- Select the 'Managing Access to Support K-12 Assessment Reporting' link
- Provide your 'professional organization' from the drop down menu and enter your access code.
- In some cases, multiple institutions may be available in the drop down menu, please be sure that you are selecting the correct institution for your access code.

Where do I find my access code?

- Reference communication sent to your PSAT/NMSQT Coordinator
- contact SAT customer service at 1-888-SAT-HELP (728-4357)
- contact PSAT customer service at 1-888-477-7728 or
- contact your Regional Office Representative: Cara DiBlasio cdiblasio@collegeboard.org

STEP 3 Accept Terms & Conditions for Use

The next screen after your initial login will require an agreement to the terms and conditions for use. Please carefully read the material and accept in order to gain access.

STEP 4 Manage Existing Users

Access managers can view and manage access already granted to individuals at their institution.

- **View** all current access
- **Revoke** access for departing users

What if a staff member at my institution already has a College Board Educational Professional Account?

Staff with EPL Account will appear on this screen.

The screenshot shows the 'Managing Access' interface. At the top, there are tabs for 'Manage Current User Access', 'Add Users to Roles', 'Invite New Users', and 'Outstanding Invitations'. Below the tabs, there is a search area with 'Organization' set to 'Sue Landers High School' and 'Role' set to 'Asamt Reporting K12 Detail'. A table lists three users: Garcia, Josh; Garcia, Joshua; and Van Eggs, Josh. The 'Add User to Role' button at the bottom is circled in red.

Name (Last, First)	Email Address	Job Title	Access Expiration
Garcia, Josh	josh@test.com	Other - K-12	N/A
Garcia, Joshua	joshua_garcia@epiconline.org	AP Teacher	N/A
Van Eggs, Josh	jvanepps@collegeboard.org	District Staff	July 1, 2026

STEP 5 Invite New Users

Access managers can provide access to users who don't have College Board Professional Login Accounts. When you invite users to the account, an email will be sent. The user will need to request a College Board account (see Step 1). Once an account is created, the role will be active.

Do I need to forward the access code to them?

An access code is only required for the first access manager (DAT). Every Additional user will only need a CB Professional login.

The screenshot shows the 'Managing Access' interface with the 'Invite New Users' tab selected. The 'Invite a User' form is displayed, with fields for 'First Name' (Josh), 'Last Name' (Van Eggs), and 'E-mail Address' (jvanepps@collegeboard.org). Below the form, there are sections for 'Set Organization, Role and Expiration Date' and 'Roles for this Invitation'. The 'Send Invitation' button at the bottom is circled in red.
