

Community Advisory Committee (CAC) Parent Educational Presentations! (PEP!)

Greetings, SUSD Parents, Educators, and Community Resource Partners!

Welcome to the 2021-2022 School Year from the Port City SELPA!

As we continue to navigate through the continuing challenges of our current times, the Port City SELPA is making plans to provide opportunities for families of students with special needs and partnering agencies to come together to share valuable information, resources, and expert guidance and training. Together with the Special Education Department, we are proud to say there are many, many years of collective experience and knowledge to support families with matters related to special education services.

The CAC is required to have four meetings per school year. In order to afford families with additional educational trainings and presentations, we have created the Parent Educational Presentations! (PEP!) meetings to add additional opportunities for parents to receive valuable information. Parents are our central focus for these meetings, so we will soon send a Google survey to all parents of students receiving special education services who have an email on record. The purpose of the survey is for us to learn of your preferences for our meeting/training topics, to learn how you would like to receive information regarding these meetings, and an option for parents to share the types of resources that would best fit your families. We will be utilizing the survey results to determine the topics for the CAC and PEP! meetings, so we look forward to your feedback!

Attendees will have the option to join the meetings via ~~online~~ or in-person at the address noted to the right. **Update: All meetings will be held in-person ONLY at the address to the right.**

Save the Dates!

Please see the dates/times to the right for the scheduled meetings. Agendas will be made available on the webpages of the CAC and the Special Education Department. Below are the links to the webpages that can found on the SUSD website.

CAC (Community Advisory Committee): <https://www.stocktonusd.net/Page/9137>
Special Education Department: <https://www.stocktonusd.net/Domain/157>

We look forward to your partnership!

For more information or to request to be added on our mailing list, please contact Mary Perez at meperez@stocktonusd.net or at 933-7484 ext. 1232.
