Port City SELPA

*** Review of the Final Draft of the Local Plan ***

We encourage you to join us for our discussion and review of the Final Draft of our Local Plan. All California school districts are required to submit a current Local Plan while adhering to new guidelines from the California Dept. of Education by June 30, 2020. This meeting is to review the Final Draft of SUSD's Local Plan.

SUSD's Local Plan also includes details of its plan to grow from a single-district SELPA to a multi-LEA (local plan agency) SELPA, an endeavor to provide special education support to charter schools who become members of our multi-LEA SELPA.
