Our legal office researched the possibility of releasing a Kindergarten student off at their bus stop without parent supervision. They determined that if it is **reasonable** to release a Kindergarten student off the bus without an adult aged 18yrs and over being present, it would be all right to do so. When this is done, we need to get written permission from the Parent/Guardian which specifically indicates what they want done, under what conditions and that they do not hold Stockton Unified School District responsible after the student leaves the bus stop.

**Please note that we will not approve waivers of release unless the receiving person/persons are over the age of 13.**
