### All Personnel

#### Employee Driving Records

The Board of Education is responsive to the need to maintain a safe, insurable work force. This need specifically addresses those employees who have been assigned the use of a district vehicle as a direct job responsibility or those who drive a district vehicle as a job responsibility enhancement. Therefore, it shall be the policy of this board of education to review the driving records of those district employees in accordance with the attached Administrative Regulations to certify the following:

1. Driver insurability
2. Job qualifications
