Interdistrict Attendance Agreement

The Superintendent or designee may approve interdistrict agreements for the following reasons:

1. To meet the parent employment, and/or child care needs of the student. Once a student has been admitted to a district school or feeder elementary schools on the basis of child care needs, continued attendance may be denied only when based on restrictions specified in Education Code 48204. (Education Code 46601.5)
2. To meet a child's special mental or physical health needs, as certified by a physician, school psychologist or other appropriate school personnel.
3. When students in grades 7-12 need to complete a semester if student has completed a quarter.
4. To allow students to remain with a class graduating that year from an elementary, junior or senior high school.
5. To let seniors attend the same school they attended as juniors, even if their families moved out of the district during the junior year.
6. When the parent/guardian provides written evidence that the family will be moving to the receiving district in the immediate future and would like the student to start the year in that district.
7. When recommended by the School Attendance Review Board or by county child welfare, probation or social service agency staff in documented cases of serious home or community problems which make it inadvisable for the student to attend the school of residence.
8. When there is valid interest and space available in a particular educational program not offered in the district of residency. 'Program' shall mean a series of classes in a single subject or in related subjects, extending over more than one year in grades 7-12, which has a specific occupational or educational objective.

Interdistrict attendance agreements or applications shall not be required for students enrolling in an ROC or ROP program. (Education Code 52317)

A student's interdistrict agreement may be revoked because of excessive truancy or continual disruption of the educational program except in cases of parent employment.
