

## Students

### Crossing Guards

The Governing Board is concerned about the safety of students as they walk to and from school. The Board desires that crossing guards be provided to help elementary children crossing busy streets.

The Superintendent or designee shall periodically examine traffic patterns within elementary school attendance areas in order to identify locations where crossing assistance may be needed.

The Superintendent or designee shall seek reimbursement for the cost of these guards from the city, county or other sources. If reimbursement is not forthcoming, the cost of providing crossing guards may be included in the district budget.

*(cf 3100 – Budget)*

### Student Safety Patrols

The Superintendent or designee may establish safety patrols at elementary schools for the purpose of assisting students in safely crossing streets and highways adjacent to or near the school. *(Education Code 49300)*
