

Instruction

Animals at School

The Governing Board recognizes that animals can be an effective teaching aid. In addition, instruction related to the care and treatment of animals teaches students a sense of responsibility and promotes the humane treatment of living creatures.

Animals may be brought to school for educational purposes, subject to rules and precautions specified in administrative regulations related to health, safety and sanitation. Teachers shall ensure that these rules and precautions are observed so as to protect both the students and animals.

Seeing-eye dogs and service dogs may accompany students and staff at school as needed.

(cf. 0410 - Nondiscrimination in District Programs and Activities)

The district assumes no liability for the safety of animals voluntarily brought to school.
