## Welcome back Hamilton Hawks and Family

My name is Monica Gayle, Principal of Hamilton Elementary and I am excited for another successful year for our students. For those of you that don't know me, I was born and raised in South Stockton, attended Hamilton Elementary as a youth, and graduated from the University of the Pacific. I taught science in SUSD for 14 years and have been an administrator here for 6yrs, so my commitment to this community goes back decades. My goals in education is to encourage students to be productive responsible citizens by providing a fun and engaging environment that reflects high expectations for all students.

We are excited to continue the school year creating a positive and safe learning environment for our students. It is our hope that you have spent quality family time together during the Summer months and continued to engage your students in some form of enrichment activities.

In conclusion, it is my honor to serve as Principal for Hamilton Elementary. Our goal is to provide excellent service to the community as we meet the needs of all students. We recognize your support is critical and we know that it takes a "village" to raise a child, therefore we promote collaboration with families and community for student success.
