To the Graduates of the Class of 2019,

All of the staff at the Native American Indian Center would like to congratulate you on successfully completing your high school education. We are proud of all of the hard work that has brought you to this moment. You chose to stay on the hard road, putting in the work when it would have seemed easier to quit. Your choice to believe in yourself has paid off and we are so excited to see what your future holds.

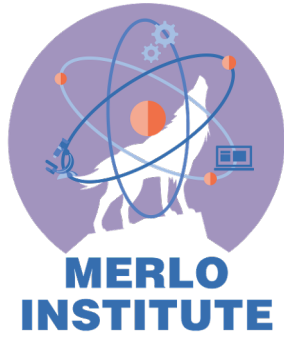

As you look out to the rest of your life, we would ask you to look back to all of those who helped you on your journey. We thank all of the teachers, parents, and mentors who guided you on the path to adulthood. We thank them for their contributions to your future, and their sacrifices in your past. The future is bright and is yours to claim. Whether you decide to attend college, a trade school, or head out into the workforce we know that you will make your mark on the world.

All Our Relations,

Terri Johnson, Destiny Rivas, Raven Barkley, Erica Heyne, and Sabrina Flores

* The feather Symbolizes Leadership, Courage, Wisdom, and Accomplishments for our NAIC Students. It is a symbol of achievement and the highest of honors in the Native American Community.

Liberty Galindo (Pomo) is a student at St. Mary's High School in Stockton where serves as Vice President of the Senior class. She is also a delegate for several years participating in Model United Nations and has travelled internationally for several years as a delegate for the prestigious Dwight D. Eisenhower People to People program. She has been a team member of the St. Mary's Volleyball, Diving, Cheerleading and Drill Teams and is an editor and writer of the St. Mary's Newspaper The Kettle. Liberty has been accepted to the following schools and has been granted several generous scholarship opportunities. Her family is very proud of her accomplishments and her older siblings are also former graduates of SUSD's Native American program. She is the Great Great Granddaughter of Edna Guerrero Campbell who is known for her work in the California Language Archives and was offered an honorary degree from Sonoma State University for her native cultural and community work but she turned down as she felt that she didn't earn it and now her own Great Great Granddaughter has been accepted to attend. We are proud.

There are many things you must learn. Reading, working hard, these are the important things.
Edna Campbell Guerrero, Northern Pomo Elder, 1907-1995
