Version 3 (Final 2020-2021 Version)

The purpose of the Version and SPSA adjustment is to incorporate changes to the 2021-2021 Title I Allocation, additional/adjustment to 2020-2021 strategies/activities based on the changes of COVID-19 restrictions, and the continuation of the SPSA for the upcoming 2021-2022 school year.

2020-2021 Title I Allocation Revision Statement

There are two reasons for the adjustment.

Reason 1: The district's overall Title I allocation increased, which resulted in an increase of Parent Involvement (50643) funds. This increase was communicated and captured through the Mid-Year SPSA change process for most school sites. However, due to changes based on Reason 2, further adjusted allocations again. State & Federal Programs is implementing funding alternatives to ensure schools will not be negatively impacted.

Reason 2: The district's 2020-2021 Title I allocation was calculated using the most current 2019-2020 CALPADS data available at the time of the CONAPP application submission, prompting the release of the 2020-2021 preliminary allocations. Since that time, the district's closure of Tyler Elementary and the subsequent opening of Mata Elementary school resulted in a shift of students attending the new school. Because of the shift in students, the 2019-2020 (previous year's CALPADS data) cannot be used. The most current and available CALPADS data is 2020-2021, resulting in allocation adjustment to all school sites. Unfortunately, the initial calculation was not favorable to school sites, meaning the new allocations were less than the preliminary budget allocations. Realizing the hardships this would cause, State and Federal Programs modified the per pupil rate to ensure schools would not be negatively affected.

2021-2022 SPSA Continuation Statement

The 2021-2022 SPSA Update has been incorporated in this version as a continuation update. The "final" 2021-2022 SPSA will be completed as a stand-alone plan following a review of October 2021 student enrollment data. Furthermore, sites may experience the need for re-evaluation of proposed strategies/activities due to instructional transitioning from distance learning, hybrid, and in-person. This re-evaluation may adjust the strategies/activities and their subsequent proposed expenditure of funds.

2021-2022 School/SMART Goals

Goal 1:

School Goal for ELA/ELD:

Stockton Early College Academy utilizes a peer mediation and student tribunal process for student intervention and support. Through this student tribunal student discipline incidents are referred for peer examination and intervention with the support of staff and administration. Professional Development provides teachers with an opportunity to receive additional training that reinforces adopted instructional practices. Ongoing professional development allows for implementation and improvement of the PLC process, which enables teachers to collaborate with colleagues on the implementation of strategies. Through the PLC process, teachers identify students with common instructional gaps in meeting Essential Outcomes and facilitate in class interventions that target the identified areas for additional instruction and mastery. Additionally, as part of the regular and ongoing site collaborative efforts, teachers utilize the PLC process to identify areas of need related to student behavior, school climate, and emotional support.
