## Purpose

(Only required for CSI, TSI, or ATSI campuses) Briefly describe the purpose of this plan.

Harrison Elementary is implementing a Schoolwide Program. The purpose of this plan is to address the needs of students identified by ESSA in the Additional Targeted Support and Improvement (ATSI) program for African American and White student groups.

## Description

Briefly describe the school’s plan for effectively meeting the ESSA requirements in alignment with the Local Control and Accountability Plan and other federal, state, and local programs.

Harrison Elementary’s school plan aligns with the district’s Local Control Accountability Plan (LCAP) as each goal (and its associated strategy (ies)/activit(ies)) can be referenced to the LCAP’s intent.

## Engaging Educational Partners

Harrison Elementary developed a one-year (2023-2024) school plan which aligned to the district’s goals and incorporated strategies specific to its school. The original plan was reviewed by the school’s School Site Council on May 4, 2023 and obtained board approval on .

Throughout the 2022-23 school year, the School Site Council, ELAC, School Leadership teams, and parent’s groups reviewed the activities relating to budget adjustments and modifications to the strategies originally identified. The school SSC reviewed the Needs Assessment and Annual Review that was completed and shared in December 2022, Feb 2023 and April 2023. The ELAC team was presented the 2023-24 SPSA May, 2023 for additional input and suggestions. Student achievement data, student attendance data, and student suspension data were all reviewed in the preparation of the Needs Assessment and Annual Review in the areas of continuous improvement-chronic absenteeism, continuous improvement-achievement in ELA, continuous improvement-achievement in mathematics, and continuous improvement-school climate. Additionally, team discussed use and effectiveness of the support of teachers in the development and understanding of the new curriculum and effective teaching strategies. The team discussed how this would lead to school climate and suspension reduction and increase in student attendance.

Harrison Elementary and its School Site Council reviewed the progress of the 2022-23 SPSA and the Annual Review and Needs Assessment. This evaluation included responses to four questions focusing on each goal within the SPSA. Question 1 inquired about the implementation of strategies within the plan. Question 2 inquired about the effectiveness of the strategies within plan. Question 3 inquired about material changes – fiscal or programmatic. Question 4 inquired about future changes based on the results of questions 1 and 2. Discussion and review of the evaluation has been notated in the School Site Council meeting minutes for December 2022, Feb 2023 and April 2023. Overall, the findings showed that we did improve student achievement in the areas of mathematics and language arts. In language arts and mathematics, we have seen consistent and steady growth in the overall number of students meeting or exceeding standards and significant gains in closing the gap in the distance from standard.

As a result of the stakeholder involvement and data reviews, Harrison Elementary has been able to complete the Annual Review and Needs Assessment in December 2022, Feb 2023 and April 2023. Identifying the barriers in meeting the three goals as well as the implementation of additional supports to address these barriers.

## Resource Inequities

Briefly identify and describe any resource inequities identified as a result of the required needs assessment, as applicable.

During the Annual Review and Needs Assessment Harrison identified:

1. Professional Development for teachers aligned with the district adopted curriculum, AVID, PLTW, MTSS, high quality teaching strategies, illuminate, technology support, SBAC, ELPAC, priority standards aligned with the district adopted curriculum, etc...
2. The impacts on learning, emotional supports, and attendance for both students and staff, due to COVID and distance learning still being a contributing factor.
