July 20, 2024

Dear Hoover parents and staff,

Attached you will find our Stockton Unified School District Policy [AR 6163.4(a) Approved: 06/14/16] concerning the use of Student Technology. It is very important to review this policy with your student(s).

Our number one commitment to our students is their education and well-being. To ensure there is no disruption to the educational processes and/or harm that can occur through misuse of personal cell phone devices (ex: chat rooms, social media) Hoover Elementary has installed Cell Phone Protective Lock Boxes in classrooms. Cell phones will be placed in the lock boxes upon arriving to class. At the end of the school day, cell phones will be released back to students by their home room teacher.

It is important to note that to begin the year, this will be a Voluntary process, however, should a student be found in violation of the Student use of Technology, this will become a mandatory process. This policy will also be placed upon our Hoover Elementary School's website.

Please know that we want to ensure the Hoover Elementary School campus is filled with an abundance of academic opportunities available to support your student's success and well-being. If you have any questions, please feel free to reach out.

Respectfully,

Dr. Charlene Mah

Dr. Charlene Mah

MISSION STATEMENT

Hoover Elementary guarantees exceptional learning and growth for all students and staff.

VISION STATEMENT

Hoover Elementary will be a model Professional Learning Community that provides excellence in academic and character education to prepare students to be positive leaders in their community.
