

INTRODUCING

AGRICULTURAL LEARNING & LEADERSHIP STEAM-Powered Summer Camps

Day Camps for Ages 9-19 June & July 2018

TECHNOLOGY

July 23-27

Ages 9-12

9AM - 3PM
INCLUDES LUNCH

This week-long day camp gives you the chance to see technology in use, with field trips to local farms using high-tech solutions to modern agricultural problems. Then, you get to play, design, build, and control your own versions of the tech-in-action!

- Robotics and Drones
- Engineering Design
- Alternative Energies
- GPS technology
- Livestock Engineering

MEDIA PRODUCTION

June 20-July 25
Wednesdays*

Ages 12-14

(6/20, 6/27, 7/5, 7/11, 7/18)
9AM - 12PM

*MEETS THURSDAY JULY 5
DUE TO HOLIDAY

MEDIA NIGHT EVENT JULY 25
2-8PM INCLUDES DINNER

In this special weekly camp, you'll learn media production and digital storytelling skills to make a difference in San Joaquin County! Learn how agriculture impacts every part of the San Joaquin community from local leaders, then develop your own journalistic skills with training from real reporters. Your final project will be highlighted at the San Joaquin County Farm Bureau Media Night!

- Video & Audio Production
- Science and Media Literacy
- Civic Leadership

ENGINEERING DESIGN

July 16-20

Ages 14-19

9AM - 3PM
INCLUDES LUNCH

Technology and creativity come together in this week-long maker's camp! You'll learn real design technology skills and see how to make it a career, including a tour of San Joaquin Delta College and seeing a local graphic designer who put his know-how to work in the winery business!

- Vector, CAD, & 3D software
- 3D Printing
- Laser Cutting & Engraving
- Silkscreen Production
