Dear SUSD families,

The District has ordered one Wi-Fi-enabled Hotspot for every SUSD household to ensure that all students can participate in Distance Learning. The Hotspots have begun arriving and are being prepared for student distribution next week.

When your household's Hotspot is ready for pick up, your child's school will contact you. If you have more than one student in the District, the Hotspot will be checked out to your oldest child; the school that your oldest child attends will contact you when the device is available for pickup.

The Hotspots will provide ample bandwidth to support students during Distance Learning. However, if you experience connectivity issues, please contact Verizon at 1-800-922-0204 or visit verizonwireless.com/support.

Thank you for your patience and support as we work to get our entire community connected. For additional technology support, please contact your child's school or visit our website at www.stocktonusd.net/TechAccess.

Respectfully,

A handwritten signature in black ink, appearing to read 'B Biedermann', with a long horizontal line extending to the right.

Brian Biedermann
Interim Superintendent of Schools
Stockton Unified School District
