Positive Attendance & Engagement

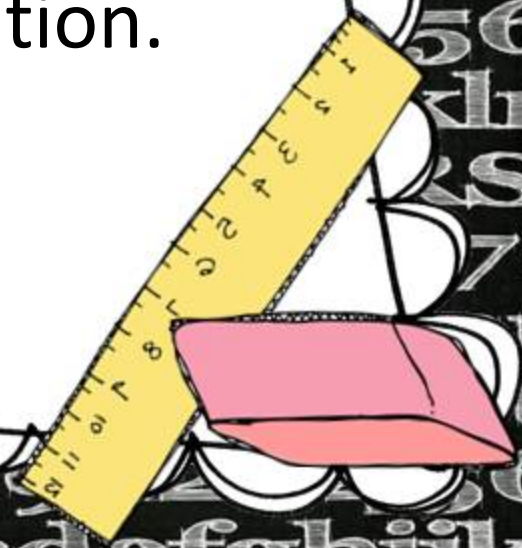

Each teacher weekly nominates one student from the class to be recognized for positive attendance and engagement. The name is submitted to Ms. Brooks

During morning virtual announcements these students are recognized and receive a small prize. Once a month, the students are invited to a drive-through PBIS Celebration.

Our first celebration was September 4. Of the 100 students who had been recognized for the month of August, 75 students had either come by the office for their prize or come to the drive through recognition.
