

JourneyWORKs is a free home visitation program that connects families with advocates trained to provide hands on support in the home. CAPC Family Advocates connect their families to helpful community resources and provide an essential framework to establishing a healthy and positive home environment.

JourneyWORKs Provides Family Support By:

- Empowering parents to be self-sufficient
- Helping families establish long and short term goals
- Scheduling developmental screenings for children
- Connecting families to essential support services and community resources, such as food, clothing, health insurance and counseling

Qualifications for Services:

- You are pregnant and/or parenting a child age 0-5
- You are receiving CalWORKs
- You may be at risk for substance use
- You may be at risk for mental health challenges
