September 1, 2017

Dear Red Ribbon Supporters:

It is that time of the year to celebrate being drug free, and 2017 marks the 32nd Anniversary of the National Red Ribbon Campaign in San Joaquin County! Many changes have been made to this annual campaign, but celebrating the commitment to live a healthy, positive drug-free life still remains the same. It is a time to celebrate our accomplishments in substance use prevention and continue to instill this important message in the lives of our young people. This is not just a week-long activity to promote the drug-free message, but a time to make or renew our own personal commitment to living this way each and every day.

The national theme for The Red Ribbon Celebration as promoted by the National Family Partnership (NFP) is "Your future is key, so stay drug free." As "drug-free people," we make the conscientious decision to live this life, while at the same time, serving as role models to those who witness our drug-free commitment. Let us take this message to our schools and throughout our communities, and encourage everyone to make this personal commitment!

You will find a great deal of resources in this guide. Many of the suggestions found here are from the NFP, Californians for Drug Free Youth (CADFY), and the U. S. Drug Enforcement Administration. Once again, we are also including information that schools and organizations can implement to make both a campus and community impact with Red Ribbon. We hope that this information will be useful to you, your youth, and their families. At the end of the guide is a list of programs that are offered by San Joaquin County Prevention Services. Our Prevention staff is available for presentations, assemblies, PTA meetings, or any other activities related to Red Ribbon. If we can be of assistance to you during Red Ribbon 2017, or throughout the school year, please do not hesitate to contact our office at 209-468-2005.

Thank you for taking the time to promote the Red Ribbon Celebration at your site. It is through your efforts, your dedication, and your example that our youth will learn how to live life alcohol, tobacco, and other drug free. Together, we can continue to prevent the spread of substance use and abuse among our youth, and do our part to build a community that is healthy, fun, and drug-free!

For Our Community,

The Staff at San Joaquin County (SJC) Prevention Services
Children and Youth Services

Kiki and the history of Red Ribbon Week

Enrique (Kiki) S. Camarena was born on July 26, 1947, in Mexicali, Mexico. He graduated from Calexico High School in Calexico, California in 1966, and in 1968 he joined the U.S. Marine Corps. After serving in the Marine Corps for two years, he joined the Calexico Police Department as a Criminal Investigator in 1970. In May of 1973, Kiki started working as a Narcotics Investigator with the El Centro Police Department.

He stayed with the El Centro P.D. until June 28, 1974, when he joined the Drug Enforcement Administration (DEA). His first assignment as a Special Agent with DEA was in a familiar place - Calexico, California. In 1977, after three years in Calexico, he was reassigned to the Fresno District Office in Northern California. Four years later, Kiki received transfer orders to Mexico, where he would work out of the Guadalajara Resident Office. For four and one-half years in Mexico, Kiki remained on the trail of the country's biggest marijuana and cocaine traffickers. And in early 1985, he was extremely close to unlocking a multi-billion dollar drug pipeline. However, before he was able to expose the drug trafficking operations to the public, he was kidnapped on February 7, 1985. On that fateful day, while headed to a luncheon with his wife, Mika, Kiki was surrounded by five armed men who threw him into a car and sped away. That was the last time anyone but his kidnapers would see him alive.

It is believed that Special Agent Camarena's death actually occurred two days later, but his body was not discovered until March 5, 1985. He was 37 years old and was survived by his wife, Mika and their three children, Enrique, Daniel and Erik. During his 11 years with DEA, Kiki received two Sustained Superior Performance Awards, a Special Achievement Award and, posthumously, the Administrator's Award of Honor, the highest award granted by DEA.

Shortly after Kiki's death, Congressman, Duncan Hunter, and high school friend Henry Lozano launched *Camarena Clubs* in Kiki's hometown of Calexico, California. Hundreds of club members including Calexico High School teacher David Dhillon wore red ribbons and pledged to lead drug-free lives to honor the sacrifices made by Kiki Camarena and others on behalf of all Americans.

Red Ribbon Week eventually gained momentum throughout California and later the United States. In 1985, club members presented the "Camarena Club Proclamation" to then First Lady Nancy Reagan, bringing it national attention. Later that summer, parent groups in California, Illinois, and Virginia

began promoting the wearing of Red Ribbons nationwide during late October. The campaign was then formalized in 1988 with President and Mrs. Reagan serving as honorary chairpersons. Today, the eight-day celebration is sponsored by the National Family Partnership (previously known as the Federation of Parents for Drug Free Youth), and has become the annual catalyst to show intolerance for drugs in our schools, work places, and communities. Each year, during the last week in October, more than 80 million young people and adults show their commitment to a healthy, drug-free life by wearing or displaying the Red Ribbon.
