Re: COVID -19 Exposure in the Classroom

Dear SUSD Families,

We are reaching out to assure you that we are doing everything in our power to keep your children in a safe and healthy learning environment. Out of an abundance of caution, we will have two classrooms work on a short term independent study program for the next 10 days. There is a COVID-19 Exposure in a classroom at Commodore Stockton Skills School and a classroom at Flora Arca Mata Elementary School.

During the 10 days there will be deep cleaning and sanitizing of the classrooms that will meet and exceed California Department of Public Health Guidelines and OSHA guidelines. When there is a student positive case within SUSD, our Health Services Department immediately begins contact tracing and makes sure anyone exposed is notified. Those students will be quarantined. During a quarantine, students are given homework packets or continue in an Independent Study/Virtual Model.

We will continue to follow all guidelines and mandates from the California Department of Public Health. Teachers, students and staff wear masks indoors and hand sanitizer is available in all classrooms and stations throughout campus. We will remain transparent about this and keep you informed. Safety of Students, teachers, staff and families is our top priority.

Sincerely,

A handwritten signature in black ink, appearing to read 'John Ramirez, Jr.'.

Mr. John Ramirez, Jr., Superintendent
Stockton Unified School District
