

Free COVID-19 Vaccine Event!

All children ages 5 and up are now eligible for the Pfizer COVID-19 vaccine! These safe, effective, and free vaccines help ensure your child and family stay safe and healthy. Vaccinating your children limits disruptions to their learning. Fully vaccinated students may remain in school and avoid interruptions to in-person education, even if they are exposed to someone with COVID-19, so long as they remain without symptoms.

To keep our school community as healthy as possible, August Elementary will be hosting a free COVID-19 vaccination event for our students and their families. This is a perfect opportunity to get everyone in your family vaccinated. This will be the first event, and we'll be hosting a follow-up event on a 2nd dose event date to be determined in DECEMBER to administer second doses.
