

LCFF Budget Overview for Parents

Local Educational Agency (LEA) Name: Stockton Unified School District

CDS Code: 39-68676-0000000

School Year: 2023-24

LEA contact information:

Michelle L. Rodriguez, Ed.D.

Superintendent of Schools

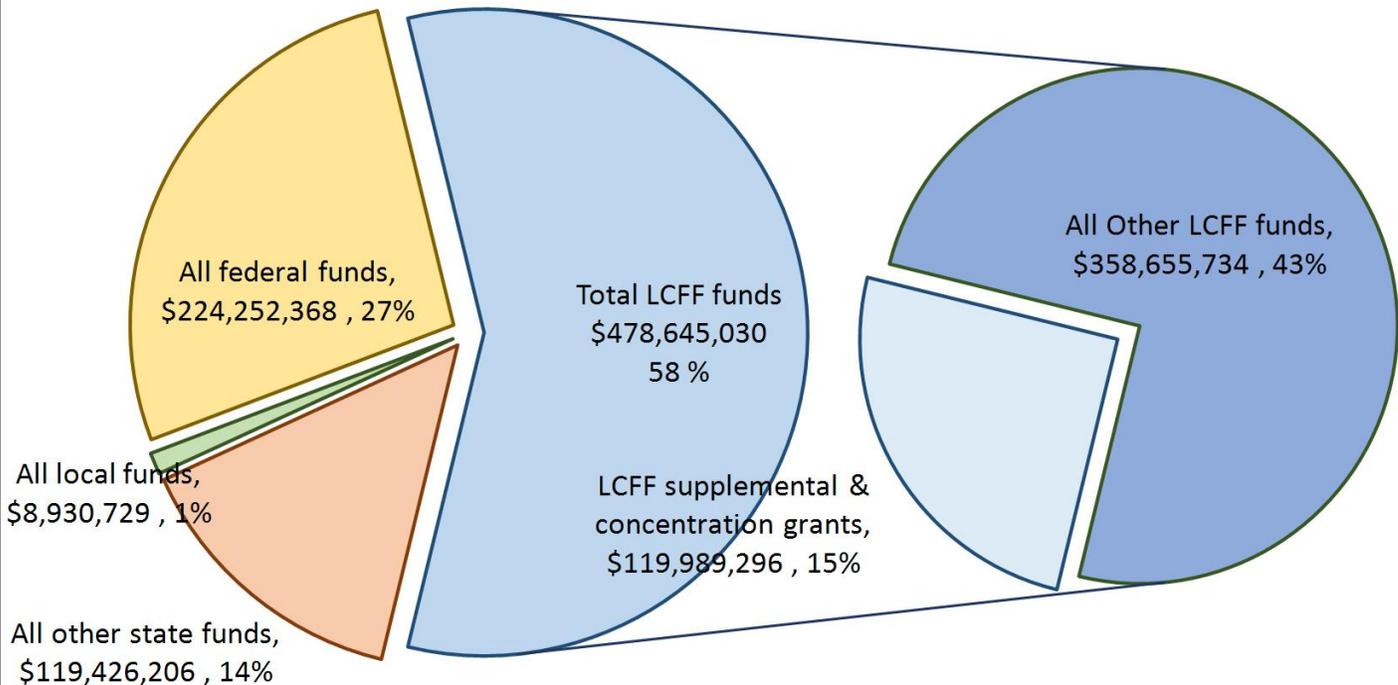

lcap@stocktonusd.net

209-933-7000

School districts receive funding from different sources: state funds under the Local Control Funding Formula (LCFF), other state funds, local funds, and federal funds. LCFF funds include a base level of funding for all LEAs and extra funding - called "supplemental and concentration" grants - to LEAs based on the enrollment of high needs students (foster youth, English learners, and low-income students).

Budget Overview for the 2023-24 School Year

Projected Revenue by Fund Source

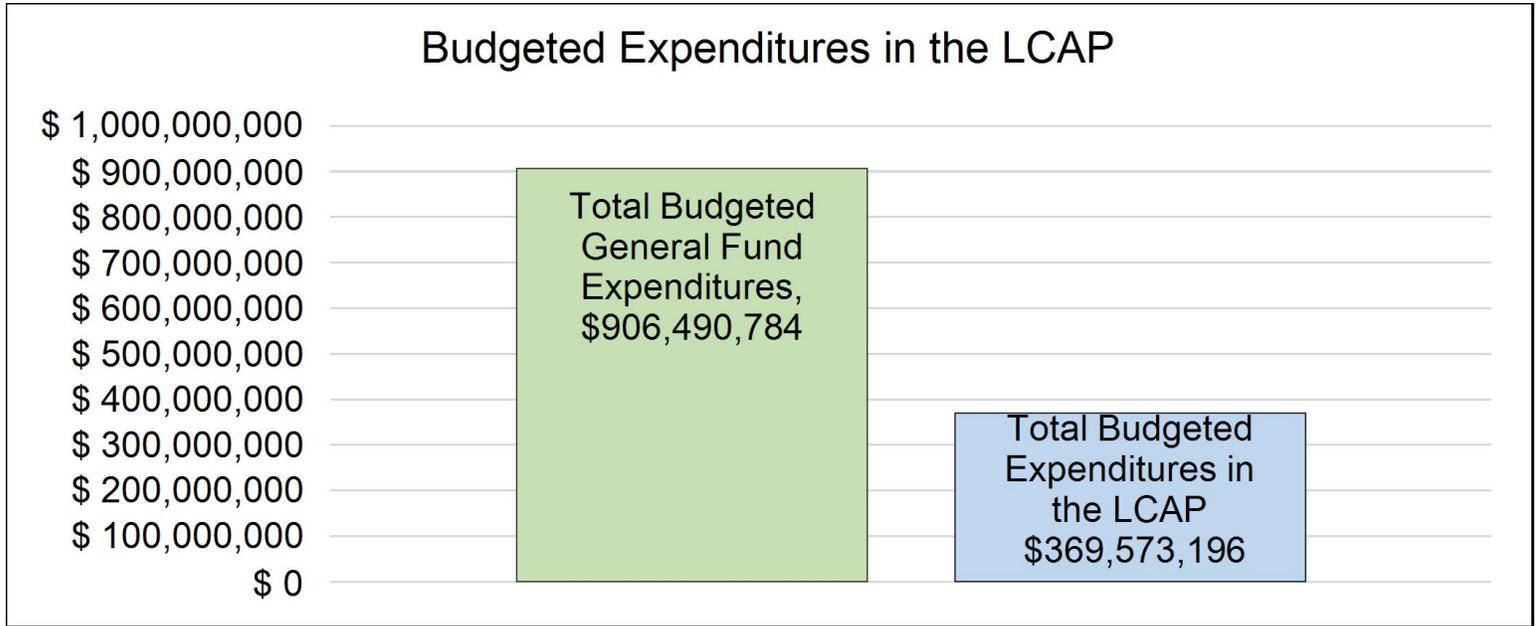

This chart shows the total general purpose revenue Stockton Unified School District expects to receive in the coming year from all sources.

The text description for the above chart is as follows: The total revenue projected for Stockton Unified School District is \$831,254,332.92, of which \$478,645,030.00 is Local Control Funding Formula (LCFF), \$119,426,206.00 is other state funds, \$8,930,728.92 is local funds, and \$224,252,368.00 is federal funds. Of the \$478,645,030.00 in LCFF Funds, \$119,989,296.00 is generated based on the enrollment of high needs students (foster youth, English learner, and low-income students).

LCFF Budget Overview for Parents

The LCFF gives school districts more flexibility in deciding how to use state funds. In exchange, school districts must work with parents, educators, students, and the community to develop a Local Control and Accountability Plan (LCAP) that shows how they will use these funds to serve students.

This chart provides a quick summary of how much Stockton Unified School District plans to spend for 2023-24. It shows how much of the total is tied to planned actions and services in the LCAP.

The text description of the above chart is as follows: Stockton Unified School District plans to spend \$906,490,783.60 for the 2023-24 school year. Of that amount, \$369,573,196.00 is tied to actions/services in the LCAP and \$536,917,587.6 is not included in the LCAP. The budgeted expenditures that are not included in the LCAP will be used for the following:

The LCAP includes a portion of LCFF base funds for the 2023-24 year. The General Fund budget expenditures not included in the LCAP include district-wide expenses to support the following: general education teaching and clerical support staff for school sites, formulaic "base" staffing, central support staff, general supplies, utilities, facilities, grounds, maintenance, repairs, and other basic operational functions.

The 2023-24 LCAP includes all supplemental/concentration carryover reallocated to contributing actions.

The LCAP does not include significant allocations other local, state, or federal funds. Those additional funds are covered in other plans such as the Special Education Local Plan Area (SELPA) Plan for other non-LCFF sources of Special Education funds and the LCAP Federal Addendum for federal funding sources. State and federal COVID recovery dollars are also not reflected in this plan, but will be accounted for in other documentation in compliance with the reporting requirements from both the state and federal governments.

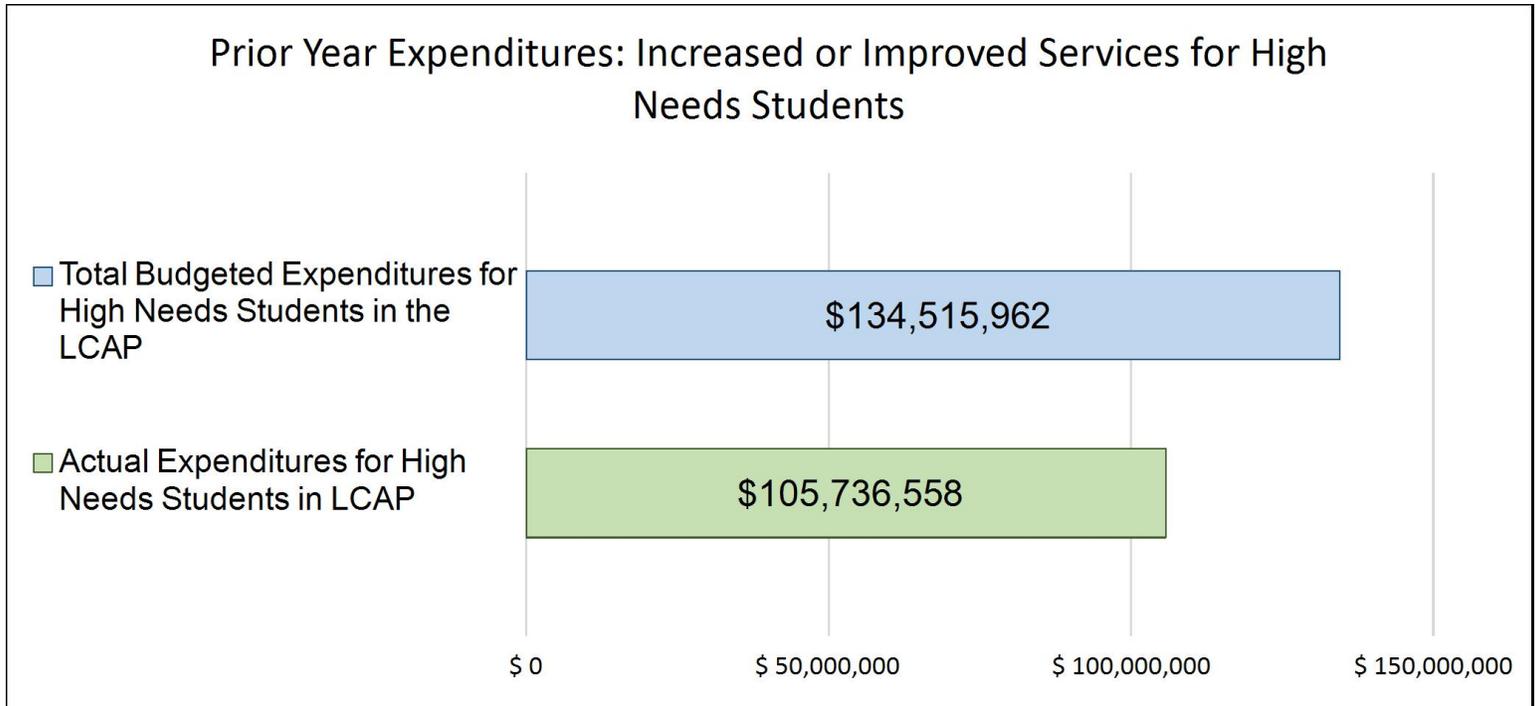

Increased or Improved Services for High Needs Students in the LCAP for the 2023-24 School Year

In 2023-24, Stockton Unified School District is projecting it will receive \$119,989,296.00 based on the enrollment of foster youth, English learner, and low-income students. Stockton Unified School District must describe how it

intends to increase or improve services for high needs students in the LCAP. Stockton Unified School District plans to spend \$151,268,700.00 towards meeting this requirement, as described in the LCAP.

LCFF Budget Overview for Parents

Update on Increased or Improved Services for High Needs Students in 2022-23

This chart compares what Stockton Unified School District budgeted last year in the LCAP for actions and services that contribute to increasing or improving services for high needs students with what Stockton Unified School District estimates it has spent on actions and services that contribute to increasing or improving services for high needs students in the current year.

The text description of the above chart is as follows: In 2022-23, Stockton Unified School District's LCAP budgeted \$134,515,962.00 for planned actions to increase or improve services for high needs students. Stockton Unified School District actually spent \$105,736,558.00 for actions to increase or improve services for high needs students in 2022-23.

The difference between the budgeted and actual expenditures of \$-28,779,404 had the following impact on Stockton Unified School District's ability to increase or improve services for high needs students:

The difference of budgeted and actual expenditures for identified within the 2022-2023 LCAP and Update relates to two significant barriers to expend the 2022-2023 supplemental and concentration funding.

The first barrier arose due to the one-time federal stimulus and state funding allocation to the district, which allowed for expenditures meeting the one-time funding criteria to be shifted to the one-time funding.

The second barrier resulted from the teacher and staffing shortage. One significant example is the inability to recruit and hire staffing due to shortages.

Local Control and Accountability Plan

The instructions for completing the Local Control and Accountability Plan (LCAP) follow the template.

Plan Summary [2023-24]

General Information

A description of the LEA, its schools, and its students in grades transitional kindergarten–12, as applicable to the LEA.

Since 1852, the Stockton Unified School District (SUSD) has provided services to students in the San Joaquin region. SUSD is located in the heart of California’s Central Valley near the banks of the San Joaquin River. The Stockton Unified School District is one of the oldest, and one of the largest school districts in California. We are the 17th largest school district in the state, with more than 35,000 students (including independent and dependent charter schools), PK-12th graders come to us to experience an educational journey that leads to high school graduation and success in college, careers, and as actively engaged community members. SUSD is made up of thirty-seven Head Start classes, fifty-three state preschool classes, three First 5 preschool classes, forty-one K-8 schools, four comprehensive high schools, three small high schools, an alternative high school, a special education school, a school for adults, and five dependent charter schools. (Note: Each independent and dependent charter school prepares an LCAP specific to the priorities and needs of the students and community.) SUSD’s comprehensive high schools all have a focus on academics and have specialty areas for students as they explore technical career pathways.

In 2022-2023, SUSD has 33,313 students (excluding independent and dependent charter schools) enrolled in the district. SUSD’s student population is culturally and linguistically diverse: 69.5% are Hispanic, 8.9% are African American/Black, 9.0% are Asian, 4.2% are White, 3.4% Filipino, 3.6% are Multiple Races, and 0.7% are American Indian/Alaskan Native, and 0.6% are Native Hawaiian/Other Pacific Islander. (DataQuest, 2022-23 Enrollment by Ethnicity and Grade)

English Learners comprise 24.9% (8,308), followed by 19.1% (6,375) Redesignated Fluent English Proficient (RFEP) and 2.3% (777) Initial Fluent English Proficient. (DataQuest, 2022-23 Enrollment by English Language Acquisition Status (ELAS) and Grade Report) SUSD’s 5 primary languages other than English are: Spanish (40.17% or 15,733 students), Hmong (1.0% or 390 students), Khmer (Cambodian) (.92% - 360 students), Filipino (Pilipino or Tagalog) (.66% or 258 students), and Punjabi -.55%. There are 37 languages represented in SUSD schools. (DataQuest, 2022-23 Language Group Data – Districtwide Report)

SUSD's student population identified as unduplicated pupils is 82.74%; enrollment percentage of 76.28% (26,568) socio-economically disadvantaged, 24.94% (8,308) English Learners, and 0.70% (234) foster youth which places them at risk for educational disparities.

SUSD provides educational support and resources to 13.2% (4,395) Students with Disabilities, as reported by DataQuest.

Mission:

SUSD's district mission is to graduate every single youth college, career, and community ready, in doing so we will lift all youth out of circumstances of poverty and scarcity.

District Focal Targets:

SUSD is dedicated to providing high quality first instruction, rigorous curriculum, and supporting academic achievement and social-emotional development supported by Multi-Tiered System of Supports (MTSS). Three focal targets guide the work within the District:

1. Every child by the end of third grade will read and comprehend at the proficient level.
2. Every child will have access to high quality rigorous first instruction and by the end of the 9th grade will demonstrate mastery of Algebra concepts and application.
3. Every child, by the end of 12th grade, will graduate and be college or career ready.

Reflections: Successes

A description of successes and/or progress based on a review of the California School Dashboard (Dashboard) and local data.

In the 2022-2023 school year, success has been identified based on the growth and accomplishment attained by meeting the Desired Outcome within the 2022-23 LCAP's Measuring and Reporting Results sections for each goal.

Stockton Unified School District (SUSD) has had success in goal 1, as students, teachers, and district staff are getting back to instructional and behavioral routines which has helped with maintaining consistency in access and fidelity to the district's curriculum, supporting high quality first instruction, promoting college and career readiness.

~ CAASPP – ELA (Metric 4A): The district has made headway towards improving outcomes for the following student groups from Year 2 Outcomes compared to Baseline: Foster Youth – 12.99%; English Learners – 3.37%; American Indian/Alaskan Native – .47%; Homeless – 14.01%. Further review of data comparisons to the district revealed six student groups outperformed the district in Year 2: American Indian/Alaskan Native – 4.97%; Asian – 13.93%; Filipino – 23.15%; Multi Race – 3.14%; Pacific Islander/Native Hawaiian –.28%; White – 3.82%. Supporting Actions/Sub Actions: Goal 1, Action 3: 103 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3/103), 105 - English Language Proficiency Professional Development (SA 3.3/1.5/105); Goal 1, Action 5: 106 - Teacher Collaboration, Professional Development, & Academic Support (SA 5.1/1.6/106); Goal 1, Action 6: 1.36 - Student Access To Ebooks (SA 13.2/1.36/136);

Goal 1, Action 7: 119 - School Site Budget Allocations (SA 10.1/1.19/119), 135 - District Library and Literacy Support (SA 13.1/1.35/135); Goal 1, Action 8: 117 - Afterschool tutoring, homework help, and enrichment (SA 9.1/1.17/117), 118 - Expanded Afterschool Program Offerings (SA 9.4/1.18/118)

~ CAASPP – Math (Metric 4A):

The district has made headway towards improving outcomes for the following student groups from Year 2 Outcomes compared to Baseline: Foster Youth – 5.26%, English Learners – 1.51%, Homeless – 5.03%. Further review of data comparisons to the district revealed four student groups outperformed the district in Year 2: Asian – 12.12%, Filipino – 19.52%, Multi Race – 3.64%, White – 3.46%. Supporting Actions/Sub Actions: Goal 1, Action 3: 103 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3/103), 105 - English Language Proficiency Professional Development (SA 3.3/1.5/105); Goal 1, Action 5: 106 - Teacher Collaboration, Professional Development, & Academic Support (SA 5.1/1.6/106); Goal 1, Action 6: 1.36 - Student Access To Ebooks (SA 13.2/1.36/136); Goal 1, Action 7: 119 - School Site Budget Allocations (SA 10.1/1.19/119), 135 - District Library and Literacy Support (SA 13.1/1.35/135); Goal 1, Action 8: 117 - Afterschool tutoring, homework help, and enrichment (SA 9.1/1.17/117), 118 - Expanded Afterschool Program Offerings (SA 9.4/1.18/118)

~ iReady – ELA (Metric 4A): The district has shown an overall increase of 3rd - 8th grade students being at grade level for English language arts (ELA) comparing Winter Year 2 Outcome (25.80%) to Year 1 Outcome (22.80%) resulting all students demonstrating a 3-percentage point increase. The district has made headway towards improving outcomes for the following student groups: Students with Disabilities – 2.19 percentage points, African American/Black – 3.42 percentage points, American Indian/Alaskan Native – 7.64 percentage points, Asian – 5.43 percentage points, Filipino – 2.76 percentage points, Hispanic – 2.96 percentage points, Multi Race – .39 percentage points, Pacific Islander/Native Hawaiian – 2.45 percentage points, White – 2.01percentage points. Further review of data comparisons to the district revealed one student group, White, outperformed the district by 6.4 percentage points. Supporting Actions/Sub Actions: Goal 1, Action 3: 103 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3/103), 105 - English Language Proficiency Professional Development (SA 3.3/1.5/105); Goal 1, Action 5: 106 - Teacher Collaboration, Professional Development, & Academic Support (SA 5.1/1.6/106); Goal 1, Action 6: 1.36 - Student Access To Ebooks (SA 13.2/1.36/136); Goal 1, Action 7: 119 - School Site Budget Allocations (SA 10.1/1.19/119), 135 - District Library and Literacy Support (SA 13.1/1.35/135); Goal 1, Action 8: 117 - Afterschool tutoring, homework help, and enrichment (SA 9.1/1.17/117), 118 - Expanded Afterschool Program Offerings (SA 9.4/1.18/118)

~ iReady – Math (Metric 4A): The district has shown an overall increase of 3rd - 8th grade students being at grade level for Math comparing Year 2 Outcome (17.6%) to Year 1 Outcome (16.33%) resulting all students demonstrating a 1.27 percentage point increase. The district has made headway towards improving decreasing disproportionate outcomes for the following student groups: Students with Disabilities – 1.22 percentage points, African American/Black – 1.22 percentage points, American Indian/Alaskan Native – 2.11 percentage points, Asian – 7.23 percentage points, Filipino – 4.73 percentage points, Hispanic – 1.02 percentage points, Multi Race – 2.72 percentage points, Pacific Islander/Native Hawaiian – 5.92 percentage points, White – 11.8 percentage points. Further review of data comparisons to the district revealed five student groups outperformed the district. These subgroups are: Asian – 12.6 percentage points, Filipino – 23.8 percentage points, Multi Race – 5.9 percentage points, Pacific Islander/Native Hawaiian – 1.7 percentage points, White – 12.4 percentage points. Supporting Actions/Sub Actions: Goal 1, Action 3: 103 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3/103), 105 - English Language Proficiency Professional Development (SA 3.3/1.5/105); Goal 1, Action 5: 106 - Teacher Collaboration, Professional

Development, & Academic Support (SA 5.1/1.6/106); Goal 1, Action 6: 1.36 - Student Access To Ebooks (SA 13.2/1.36/136); Goal 1, Action 7: 119 - School Site Budget Allocations (SA 10.1/1.19/119), 135 - District Library and Literacy Support (SA 13.1/1.35/135); Goal 1, Action 8: 117 - Afterschool tutoring, homework help, and enrichment (SA 9.1/1.17/117), 118 - Expanded Afterschool Program Offerings (SA 9.4/1.18/118)

~ CA Science Test (CAST) (Metric 4A): The district has shown an increase in the percentage of all 5th, 8th, 11th, and 12th grade students meeting standards comparing Year 2 Outcome (12.41%) to Baseline (12.19%) resulting a .22% percentage point increase. Supporting Actions/Sub Actions: Goal 1, Action 2: 125 - Mathematics, Engineering, Science Achievement (MESA) Opportunities (SA 11.7/1.25/125), 127 - Engineering Career Pathways and STEM Resources and Support (SA 11.9/1.27/127); Goal 1, Action 7: 119 - School Site Budget Allocations (SA 10.1/1.19/119); Goal 1, Action 8: 142 - Outdoor Education/Elementary Science Camp (22-23 SY/142)

~ CSU/UC A-G College Entrance Requirements (Metric 4B): The district has made headway towards improving outcomes for the following student groups when comparing Year 2 Outcomes to Year 1 Outcomes: Foster Youth – 5.3 percentage points, Students with Disabilities – 2.2 percentage points, American Indian/Alaskan Native – 1.3 percentage points, Filipino – 11 percentage points, Homeless – .8 percentage points, Multi Race – 8.2 percentage points. Further review of data comparisons to the district overall revealed 4 student groups outperforming the district. These subgroups are: American Indian/Alaskan Native - 2.8 percentage points, Asian – 12.2 percentage points, Filipino – 35.1 percentage points, Multi Race – 2.1 percentage points. Supporting Actions/Sub Actions: 127 - Engineering Career Pathways and STEM Resources and Support (SA 11.9/1.27/127), 134 - Increased Student Access to A-G High School Courses (SA 12.2/1.34/134); Goal 1, Action 6: 121 - Advancement via Individual Determination Program (AVID) (SA 11.2/1.21/121); Goal 1, Action 7: 114 - Instructional Interventions & Academic Supports For Students At Small High Schools (SA 7.11/1.14/114), 119 - School Site Budget Allocations (SA 10.1/1.19/119); Goal 1, Action 8: 142 - Outdoor Education/Elementary Science Camp (22-23 SY/142)

~ English Language Development (Metric 4E): The district has shown an overall increase in the percentage of English Language Learner progress comparing Year 2 Outcome (51%) to Baseline (43.6%) resulting in a 7.4% percentage point increase. Supporting Actions/Sub Actions: Goal 1, Action 3: 103 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3/103), 104 - English Language Development Coaching & Instructional Support (SA 3.2/1.4/104), 105 - English Language Proficiency Professional Development (SA 3.3/1.5/105), 143 - District Departmental Budgets Focused On Increased Student Achievement - LDO (SA 10.2/1.20/143); Goal 1, Action 5: 106 - Teacher Collaboration, Professional Development, & Academic Support (SA 5.1/1.6/106), 107 - School Site Administrators Leadership Professional Learning Development (SA 5.2/1.7/107); Goal 1, Action 6: 136 - Student Access To Ebooks (SA 13.2/1.36/136); Goal 1, Action 7: 119 - School Site Budget Allocations (SA 10.1/1.19/119); 120 - District Departmental Budgets Focused On Increased Student Achievement - State and Federal (SA 10.2/1.20/120); 138 - Bilingual Assistants (22-23 SY/138)

~ Advanced Placement (Metric 4G): The district has shown an overall increase in the percentage of students who pass at least one Advanced Placement (AP) exam with a score of 3 or higher comparing Year 2 Outcome (24%) to Year 1 Outcome (18%) resulting in a 6 percentage point increase. Supporting Actions/Sub Actions: Goal 1, Action 2: 122 - Career Center Development & Resources (SA 11.3/1.22/122), 123 - High School Student Data Support (SA 11.5/1.23/123), 131 - Career Exploration Software and Programs (SA 11.14/1.31/131), 132 - College and Career Readiness Student Services & Support (SA 11.15/1.32/132); Goal 1, Action 6: 121 -

Advancement via Individual Determination Program (AVID) (SA 11.2/1.21/121); Goal 1, Action 7: 114 - Instructional Interventions & Academic Supports For Students At Small High Schools (SA 7.11/1.14/114), 119 - School Site Budget Allocations (SA 10.1/1.19/119), 134 - Increased Student Access to A-G High School Courses (SA 12.2/1.34/134)

~ Graduation Rate (Metric 5E): The district has demonstrated an overall graduation rate of 83.1%. Further review of data comparisons to the district overall revealed four student groups outperformed the district. These subgroups are: American Indian/Alaskan Native – 8.3 percentage points, Asian – 6.5 percentage points, Filipino - 12.6 percentage points, Pacific Islander/Native Hawaiian – 16.9 percentage points. Supporting Actions/Sub Actions: Goal 1, Action 2: 122 - Career Center Development & Resources (SA 11.3/1.22/122), 123 - High School Student Data Support (SA 11.5/1.23/123), 131 - Career Exploration Software and Programs (SA 11.14/1.31/131), 132 - College and Career Readiness Student Services & Support (SA 11.15/1.32/132); Goal 1, Action 6: 121 - Advancement via Individual Determination Program (AVID) (SA 11.2/1.21/121); Goal 1, Action 7: 109 - Learning and High School Credit Recovery Support & Programs (SA 7.3/1.9/109), 114 - Instructional Interventions & Academic Supports For Students At Small High Schools (SA 7.11/1.14/114), 119 - School Site Budget Allocations (SA 10.1/1.19/119), 134 - Increased Student Access to A-G High School Courses (SA 12.2/1.34/134)

~ Golden State Seal Merit Diploma (Metric 8A): The district has shown an overall increase in the number of students earning a Golden State Seal Merit Diploma comparing Year 2 Outcome (303) to Year 1 Outcome (216) resulting in an increase of 87 students. Supporting Actions/Sub Actions: Goal 1, Action 2: 122 - Career Center Development & Resources (SA 11.3/1.22/122), 123 - High School Student Data Support (SA 11.5/1.23/123), 127 - Engineering Career Pathways and STEM Resources and Support (SA 11.9/1.27/127); Goal 1, Action 6: 121 - Advancement via Individual Determination Program (AVID) (SA 11.2/1.21/121); Goal 1, Action 7: 114 - Instructional Interventions & Academic Supports For Students At Small High Schools (SA 7.11/1.14/114), 119 - School Site Budget Allocations (SA 10.1/1.19/119), 134 - Increased Student Access to A-G High School Courses (SA 12.2/1.34/134)

To build upon this academic performance success, the district will continue to provide access for students to recover grades and credits through access to extended day/year intersession opportunities.

To maintain and build upon the successes in goal 1 supporting student achievement, the district plans to implement and expand supports and resources:

- through professional development, systems, protocols, and high-quality instructional strategies designed to enhance Multi-Tiered System of Supports (MTSS) and inclusionary practices that allow students to receive high quality first instruction through consistent and faithful implementation of Universal Design for Learning (UDL).
- through supplemental interventions that bridge the foundational learning gaps to meet student needs.
- that expand practices that promote collaboration and connection of general education teachers and SPED teachers to ensure interventions for student achievement and social emotional student needs.
- that furthers district's initiative and educational partner feedback of providing technology devices to maintain the availability and access of educational resources for students.

- providing primary language support via our bilingual paraprofessionals, reinforcing learning concepts using the student's primary language, assisting in the implementation of instructional activities and students understanding of instructional assignments, and assisting the teacher with explaining and clarifying work assignments to English Learners so that they could have improved access to the content that was being taught in English.
- increasing interdepartmental collaboration, clarification of software/programs, integration and connections of mutual practices/procedures in through college and career readiness. In addition, through the analysis of college and career readiness indicators, the district intends to increase support and resources enhancing student access to honors, Advanced Placement, IB, and dual enrollment opportunities.

SUSD's goal 2 focuses on equitable learning environments with the cultivation of school climate and culture. Significant efforts have been made to reduce negative behaviors using Positive Behaviors Intervention Supports (PBIS) and social emotional learning supports and resources for all students, teachers, and staff at the school sites.

~ Suspension Rates (Metric 6A): The district has shown an overall suspension rate of 4.8% for all students. Further review of data comparisons to the district revealed five student groups outperformed the district: English Learners – 1.1 percentage points below, Asian – 2.8 percentage points below, Filipino – 3.1 percentage points below, Hispanic - .5 percentage points below, Pacific Islander/Native Hawaiian – 1.1 percentage points below. Supporting Actions/Sub Actions: Goal 2, Action 1: 208 - Educational Equity Director & Office Asst (\$13K Supplies) (ELE 2.9/2.8/208), 226 - LGBTQ+ Equity and Inclusion Workshops and Training (ELE 10.4/2.26/226), 318 - Native American Outreach and Support (MP 7.6/3.18/318); Goal 2, Action 2: 204 - Positive Behavior Interventions and Support (PBIS) (ELE 2.3/2.4/204), 205 - Student Assistance Program support (SAP) (ELE 2.6/2.5/205), 206 - Behavior Intervention Team Services (ELE 2.7/2.6/206); Goal 2, Action 4: 113 - New Teacher Support (SA 7.9/1.13/113); Goal 2, Action 5: 216 - Social Services For Families In Transition (ELE 7.3/2.16/216); Goal 2, Action 6: 215 - Social Services For Foster Youth Students (ELE 7.2/2.15/215), 317 - Central Enrollment Direct Services To Families (MP 7.5/3.17/317); Goal 2, Action 7: 218 - Healthy Start Coordinators (ELE 8.2/2.18/218), 219 - Community Resource Liaison Program Coordinator (ELE 8.3/2.19/219), 220 - Wellness Centers Staffing Support (ELE 8.6/2.20/220), 221 - Mental Health Clinicians (ELE 9.15/2.21/221), 222 - Trauma-Informed Care and Responsive Schools (ELE 9.16/2.22/222), 224 - School Counselors (ELE 10.1/2.24/224), 225 - Restorative Practices and Responsive Schools (ELE 10.3/2.25/225), 227 - School Psychologists (21-22 SY/2.27/227); Goal 2, Action 12: 228 - Custodial Staff (21-22 SY/2.28/228)

~ Expulsion Rates (Metric 6B): The district has not shown an overall decrease in the expulsion rate for all students comparing Year 2 Outcome (.10%) to Baseline (.08%) resulting all students demonstrating a .02 percentage point increase. However, the district has made headway towards improving outcomes for the following student groups: Foster Youth – .58 percentage points decrease, English Learners – .02 percentage points decrease, Students with Disabilities – .06 percentage points decrease, African American/Black – .12 percentage points decrease, Asian – .06 percentage points decrease, Hispanic – .06 percentage points decrease, Homeless – .2 percentage points decrease, White – .2 percentage points decrease. Further review of data comparisons to the district revealed eight groups Foster Youth, English Learners, Students with Disabilities, Asian, Filipino, Hispanic, Pacific Islander/Native Hawaiian, and White outperformed the district a percentage of 0% resulting in .10 percentage points below the district. Three student groups Socio Economically Disadvantaged, African American/Black and Multi Race equaled the district at .10%. Supporting Actions/Sub Actions: Goal 2, Action 1: 208 - Educational Equity Director & Office Asst (\$13K Supplies) (ELE 2.9/2.8/208), 226 - LGBTQ+ Equity and Inclusion Workshops and Training (ELE 10.4/2.26/226),

318 - Native American Outreach and Support (MP 7.6/3.18/318); Goal 2, Action 2: 204 - Positive Behavior Interventions and Support (PBIS) (ELE 2.3/2.4/204), 205 - Student Assistance Program support (SAP) (ELE 2.6/2.5/205), 206 - Behavior Intervention Team Services (ELE 2.7/2.6/206); Goal 2, Action 4: 113 - New Teacher Support (SA 7.9/1.13/113); Goal 2, Action 5: 216 - Social Services For Families In Transition (ELE 7.3/2.16/216); Goal 2, Action 6: 215 - Social Services For Foster Youth Students (ELE 7.2/2.15/215), 317 - Central Enrollment Direct Services To Families (MP 7.5/3.17/317); Goal 2, Action 7: 218 - Healthy Start Coordinators (ELE 8.2/2.18/218), 219 - Community Resource Liaison Program Coordinator (ELE 8.3/2.19/219), 220 - Wellness Centers Staffing Support (ELE 8.6/2.20/220), 221 - Mental Health Clinicians (ELE 9.15/2.21/221), 222 - Trauma-Informed Care and Responsive Schools (ELE 9.16/2.22/222), 224 - School Counselors (ELE 10.1/2.24/224), 225 - Restorative Practices and Responsive Schools (ELE 10.3/2.25/225), 227 - School Psychologists (21-22 SY/2.27/227); Goal 2, Action 12: 228 - Custodial Staff (21-22 SY/2.28/228)

To maintain and build upon the successes in goal 2 supporting equitable learning environments, the district plans to implement and expand supports and resources:

- to refine the professional development planning efforts to be inclusive of the current post-COVID barriers making professional development accessible and relevant to the curriculum directly improving high quality first instruction.
- by providing students with direct social-emotional and trauma-informed care services. In addition, the district intends to increase Positive Behaviors Interventions and Supports (PBIS) approach-based actions at the school site level, such as home visits, parent outreach, social-emotional lessons, and counseling services focusing on the reduction of chronic absenteeism and suspensions.
- increasing MTSS access, training, and planning efforts to increase high quality approaches in academics, behavior, and social- emotional to continue to improve experiences and growth in learning for high needs students, including Students with Disabilities, African American / Black students, Foster Youth, and Homeless students.

SUSD promoted and reignited relationships and connections with parents, community and most importantly students since the full-scale return from pandemic related restrictions. The district and school sites held in-person and virtual (hybrid) trainings, workshops, meetings to engage parents in aspects of their student's academic success. Students were able to participate in leadership summits, engage their peers, and participate in academic competitions.

~ School Attendance Rate (Metric 5A): The district has shown an overall increase in the school attendance rate for all students comparing Year 2 Outcome (89.75%) to Year 1 Outcome (86.63%) resulting in all students demonstrating a 3.12 percentage point increase. Supporting Actions/Sub Actions: Goal 3, Action 3: 316 - Universal Transportation Access For SUSD Students (MP 7.4/3.16/316); Goal 3, Action 4: 314 - Student Attendance Accountability & Family Outreach (MP 7.1/3.14/314), 315 - Truancy Intervention and Outreach (MP 7.2/3.15/315); Goal 3, Action 5: 306 - Student Leadership & Engagement Experiences (MP 4.2/3.6/306), 309 - Student Access To Leadership Conferences (MP 4.8/3.9/309); Goal 3, Action 7: 310 - Visual and Performing Arts Activities and Resources (MP 6.1/3.10/310)

~ Chronic Absenteeism Rates (Metric 5B): The district has not shown an overall decrease in the chronic absenteeism rate for all students comparing Year 2 Outcome (43.20%) to Year 1 Outcome (24.8%) resulting in all students demonstrating a 18.4 percentage point increase. Further review of data comparisons to the district revealed three student groups outperformed the district: English Learner – 1.9 percentage points below, Asian – 13.6 percentage points below, Filipino – 22 percentage points below. Supporting Actions/Sub Actions: Goal 3, Action 3:

316 - Universal Transportation Access For SUSD Students (MP 7.4/3.16/316); Goal 3, Action 4: 314 - Student Attendance Accountability & Family Outreach (MP 7.1/3.14/314), 315 - Truancy Intervention and Outreach (MP 7.2/3.15/315); Goal 3, Action 5: 306 - Student Leadership & Engagement Experiences (MP 4.2/3.6/306), 309 - Student Access To Leadership Conferences (MP 4.8/3.9/309); Goal 3, Action 7: 310 - Visual and Performing Arts Activities and Resources (MP 6.1/3.10/310)

To build upon the successes in goal 3 supporting parent/family community and student engagement the district plans to implement and expand supports and resources to:

- increasing parent/family community and student engagement and leadership opportunities and outreach
- increasing support and resources to reduce chronic absenteeism and suspension through training to facilitate restorative practices, navigation of peer resources, and as peer advocates.

SUSD's goal 4 focused closing the performance gap for the Students with Disabilities student group who did not demonstrate growth for at least three consecutive years (2017, 2018, 2019, 2022) in two or more indicators: ELA and Math, Chronic Absenteeism, and Graduation.

~ CAASPP – ELA (Metric 4A): Data has shown 3rd - 8th grade and 11th grade students meeting or exceeding standards in English language arts (ELA), specifically the Students with Disabilities student group, 6.49% for Year 2 Outcome. Supporting Actions/Sub Actions: Goal 4, Action 1: 401 - Expand MTSS Approaches (4.1/401); Goal 4, Action 2: 402 - Maximize course access and alternate diploma pathways (4.2/402); Goal 4, Action 3: 403 - Accelerate Learning for all SPED students (4.3/403)

~ CAASPP – Math (Metric 4A): Data has shown 3rd - 8th grade and 11th grade students meeting or exceeding standards in Math, specifically the Students with Disabilities student group, 4.97% to Year 2 Outcome. Supporting Actions/Sub Actions: Goal 4, Action 1: 401 - Expand MTSS Approaches (4.1/401); Goal 4, Action 2: 402 - Maximize course access and alternate diploma pathways (4.2/402); Goal 4, Action 3: 403 - Accelerate Learning for all SPED students (4.3/403)

~ iReady – ELA (Metric 4A): Data has shown an increase of 3rd - 8th grade students being at grade level for English language arts (ELA), specifically Students with Disabilities student group, when comparing Year 2 Outcome (9.5%) to Year 1 Outcome (7.31%) resulting in a 2.19 percentage point increase. Supporting Actions/Sub Actions: Goal 4, Action 1: 401 - Expand MTSS Approaches (4.1/401); Goal 4, Action 2: 402 - Maximize course access and alternate diploma pathways (4.2/402); Goal 4, Action 3: 403 - Accelerate Learning for all SPED students (4.3/403)

~ iReady – Math (Metric 4A): Data has shown an increase of 3rd - 8th grade students being at grade level for Math, specifically Students with Disabilities student group, when comparing Year 2 Outcome (6.8%) to Year 1 Outcome (5.58%) resulting all students demonstrating a 1.22 percentage point increase. Supporting Actions/Sub Actions: Goal 4, Action 1: 401 - Expand MTSS Approaches (4.1/401); Goal 4, Action 2: 402 - Maximize course access and alternate diploma pathways (4.2/402); Goal 4, Action 3: 403 - Accelerate Learning for all SPED students (4.3/403)

~ Graduation Rate (Metric 5E): Data has shown Students with Disabilities student group graduation rate of 66.7%. Supporting Actions/Sub Actions: Goal 4, Action 1: 401 - Expand MTSS Approaches (4.1/401); Goal 4, Action 2: 402 - Maximize course access and alternate diploma pathways (4.2/402); Goal 4, Action 3: 403 - Accelerate Learning for all SPED students (4.3/403)

~ Expulsion Rates (Metric 6B): Data has shown a decrease in the expulsion rate for the Students with Disabilities student group, when comparing Year 2 Outcome (0.00%) to Baseline (0.06%) resulting in a 0.06 percentage point decrease. Further review of data comparisons to the district revealed Students with Disabilities student group outperformed the district, by being .10 percentage points below the districts rate. Supporting Actions/Sub Actions: Goal 4, Action 1: 401 - Expand MTSS Approaches (4.1/401); Goal 4, Action 2: 402 - Maximize course access and alternate diploma pathways (4.2/402); Goal 4, Action 3: 403 - Accelerate Learning for all SPED students (4.3/403)

To maintain and build upon the successes in goal 4 supporting graduation rates for students with disabilities and rates of social emotional learning by identifying the district plans to implement and expand supports and resources:

- addressing, and removing barriers to school participation
- increasing access to various graduation pathways
- through professional development, systems, protocols, and high-quality instructional strategies designed to expand Multi-Tiered System of Supports (MTSS) and inclusionary practices that allow students to receive high quality first instruction through consistent and faithful implementation of Universal Design for Learning (UDL)
- increasing support and resources in providing intervention materials and supports for SPED students

Reflections: Identified Need

A description of any areas that need significant improvement based on a review of Dashboard and local data, including any areas of low performance and significant performance gaps among student groups on Dashboard indicators, and any steps taken to address those areas.

Stockton Unified School District (SUSD) identified several needs that required continued acknowledgement for the existing three goals, that meet the criteria of “low performance” and/or “significant performance gaps” for student groups and/or school sites.

In addition, to the overall district status, the identified Comprehensive Support and Improvement (CSI) and Additional Targeted Support and Improvement (ATSI) school sites will use their School Plan for Student Achievement to align evidence-based strategies/actions to meet the needs of their students; thereby, bridging the performance gap resulting in increased student achievement.

Based on the review and analysis of the Fall 2022 CA School Dashboard and local data, and feedback from educational partners SUSD has identified the following needs:

English Language Arts Indicator:

The district does not have any student groups that meet the criteria of two or more levels below the district “All Student” average English Language Arts Indicator. However, the district for All Students is identified as “Low” performance at 63.4 points below standard. There are

seven (7) student groups (Socio Economically Disadvantaged, American Indian/Alaskan Native, Asian, Hispanic, Native Hawaiian/Pacific Islander, White, and Two or More Races) that share the same “Low” performance designation. There are five (5) student groups (English Learners, Foster Youth, Homeless, Students with Disabilities, and African American/Black) who are identified as one level below at the “Very Low” performance designation. The district has one student group (Filipino) that is one level above at the “Medium” performance designation.

To address this need, the district will provide school sites funding (Goal 1, Action 7 – School Site Budgets to address and support the acceleration of learning thereby aiding the recovery of learning from evidence-based strategies. Students will be provided engaging enrichment and supplemental programs to entice literacy, such as in Goal 1, Action 2 – Engineering Pathways; Goal 1, Action 8 – After School Enrichment Programs and Outdoor Education. In Goal 3, Action 5 students are provided opportunities to participate in clubs, competitions (such as SkillsUSA), and activities (such as robotics and science).

Mathematics Indicator:

The district does not have any student groups that meet the criteria of two or more levels below the district “All Student” average Mathematics Indicator. However, the district for All Students is identified as “Very Low” performance at 102 points below standard. There are eight (8) student groups (English Learners, Foster Youth, Homeless, Socio Economically Disadvantaged, Students with Disabilities, African American/Black, American Indian/Alaskan Native, Hispanic) that share the same “Very Low” performance designation. There are five (5) student groups (Asian, Filipino, Native Hawaiian/Pacific Islander, White, and Two or More Races) who are identified as one level above at the “Low” performance designation.

To address this need, the district will provide school sites funding (Goal 1, Action 7 – School Site Budgets to address and support the acceleration of learning thereby aiding the recovery of learning from evidence-based strategies. Students will be provided engaging enrichment and supplemental programs to entice literacy, such as in Goal 1, Action 2 – Engineering Pathways; Goal 1, Action 8 – After School Enrichment Programs and Outdoor Education. In Goal 3, Action 5 students are provided opportunities to participate in clubs, competitions (such as SkillsUSA), and activities (such as robotics and science).

English Learner Progress Indicator:

The district does not have any student groups that meet the criteria of two or more levels below or not met statuses. The district’s English Learner student group is identified as “Medium” performance designation, which is defined as making progress towards English Language Proficiency in the current year at 51%.

To address this need, the district will provide in Goal 1, Action 2: basic bilingual support, staffing and professional to support teachers and aid in honing effective instructional strategies and activities at the elementary and high school level. In Goal 1, Action 7 – Bilingual Assistants to support teachers and directly assist students in the classroom.

Graduation Rate Indicator:

The district has one (1) student group (Students with Disabilities) that meet the criteria of two or more levels below the district “All Student” average Graduation Rate Indicator. The district for All Students is identified as “Medium” performance at 83.1% graduated. There are three (3) student groups (Socio Economically Disadvantaged, Asian, Hispanic) that share the same “Medium” performance designation. There are six (6) student groups (English Learners, Foster Youth, Homeless, African American/Black, White, and Two or More Races) who are identified as one level below at the “Low” performance designation. One student group (One student group (Filipino) is identified as two levels above at the “Very High” performance designation) is identified as one level above at the “High” performance designation. One student group (Filipino) is identified as two levels above at the “Very High” performance designation. One student group (Native Hawaiian/Pacific Islander) did not have a performance level indicator assessed, typically because there are less than 30 students in a school year.

To address this need, the district will continue to monitor students grades throughout the year and provide opportunities for the recovery of credits. (Goal 1, Action 7 – Learning and High School Credit Recovery Supports and Programs.

Suspension Rate Indicator:

The district does not have any student groups that meet the criteria of two or more levels below the district “All Student” average Suspension Rate Indicator. However, the district for All Students is identified as “High” performance with 4.8% of students suspended at least one day. There are four (4) student groups (Socio Economically Disadvantaged, Students with Disabilities, White, and Two or More Races) that share the same “High” performance designation. There are four (4) student groups (Foster Youth, Homeless, African American/Black, American Indian/Alaskan Native) who are identified as one level below at the “Very High” performance designation. There are three (3) student groups (English Learners, Hispanic, Native Hawaiian/Pacific Islander) who are identified as one level above at the “Medium” performance designation. Two (2) student groups (Asian, Filipino) are identified as two levels above at the “Low” performance designation.

To address this need, the district will, the district will strategically support and provide guidance to school sites in the implementation of Positive Behavior and Intervention Supports (PBIS) (Goal 2, Action 2 – Multi Tiers Systems of Support) to build and maintain safe and healthy relationships between the student and teacher. Goal 2, Action 7 includes several projects: 1) Mental Health Clinicians - provide staffing of Mental Health Clinicians to student well-being, 2) Trauma – Informed Care by providing professional development and resources as a proactive tool for teachers and staff to students experiencing trauma from home or school, and 3) Restorative Practices by providing professional development and forums to support restorative practices by teachers and staff and students focusing on resolving conflict using deconfliction method.

Chronic Absenteeism Rate Indicator:

The district does not have any student groups that meet the criteria of two or more levels below the district “All Student” average Chronic Absenteeism Rate Indicator. The district for All Students is identified as “Very High” performance designation at 45.3% of students chronically absent. All student groups share the same “Very High” performance designation.

To address this need, the district will strategically support and provide guidance to school sites in the implementation of Positive Behavior and Intervention Supports (PBIS) (Goal 2, Action 2 – Multi Tiers Systems of Support) to build and maintain a school culture that is inviting resulting in students wanting to come to school and learn. In addition, Goal 3, Action 4 supports two projects: 1) provides for staffing to conduct home visits and family outreach, and 2) attendance incentives to promote improvement in attendance and the reduction of students who are chronically absent

Overall, to address Low Performance and Performance Gaps, the district has worked closely with the county office of education to support and develop systems to integrate the following focused areas within goals 4, 5, 6, 7, and 8:

- Early Literacy Program – Strategic development of supports, resources, including the unique needs of P/TK students and incorporated “play” as a vital academic criterion for development. Work with STA to open reception of standard outcomes using early literacy intervention program/curriculum (such as SIPPS, Heggerty, LETRS) consistently districtwide. Creation of a menu of options identifying evidence-based interventions for school sites to select based on their student needs (data driven), including early development of a Request for Proposal and intervention program vetting system.
- Math Literacy/Concept Mastery – Strategic development of supports, resources, promoting math literacy and concept mastery. Creation of a menu of options identifying evidence-based interventions for school sites to select based on their student needs (data driven), including early development of a Request for Proposal and intervention program vetting system.
- Science – Strategic development of supports, resources, promoting science concept mastery. Creation of a menu of options identifying evidence-based interventions for school sites to select based on their student needs (data driven), including early development of a Request for Proposal and intervention program vetting system.
- Data Driven Protocol/Standardization – Districtwide development of a centralized protocol and standardization of data, including training on reading and analysis.
- Student Engagement Opportunities – Districtwide development of a centralized standard for clubs, sports, and activities promoting student engagement during and outside of the school day regardless of grade level.
- Parent Engagement and Involvement – Districtwide development of a centralized standard for outreach, interaction, communication regarding student and school activities at a district and school site level. Including an Engagement Plan involving the district’s LCAP timeline and school site School Plan for Student Achievement (SPSA) timeline.
- Educational Equity – Districtwide development of inclusionary practices and cultural responsiveness training for all district staff. Development and recording of systems/practices for communication and adherence throughout the district. Process for keeping on top of changing laws, regulations ensuring educational equity

Consistently Low Performing Student Groups: Student groups area identified as consistently low performing when their performance has led to the district being identified for Differentiated Assistance in three or more consecutive years. The following student groups meet this requirement and have been identified as Consistently Low Performing:

- * Black/African American
- * Foster Youth
- * Homeless Youth
- * Students with Disabilities

Districts with student group(s) identified as Consistently Low Performing must include a specific goal to address the needs of the specific student group(s). The district has three additional goals (goal 4, 5, and 6) that support the above-mentioned identified student groups:

Goal 4 –

Students with Disabilities continue to be identified at least three consecutive years (2017, 2018, 2019, 2022) in two or more indicators: ELA and Math, Chronic Absenteeism, and Graduation. In meeting this requirement, SUSD continues to include goal 4 focusing on student group, Students with Disabilities. This goal 4 includes additional actions that clarifications developed in concert with the district’s departments that provide specific oversight of programs and educational partner feedback through the district’s continued Differentiated Assistance work, strategic engagement sessions and survey data.

Goal 5 –

SUSD is adding an additional goal to support student group, African American/Black, as this student group has been low-performing for at least three consecutive years (2018, 2019, 2022) in two or more indicators: ELA and Math, Chronic Absenteeism, and Suspension. The actions identified within this goal are intended to focus on intensive intervention supports to address persistent low-performance. The district in concert with the African American/Black Parent Advisory Committee (AABPAC) and the Black Students Thrive board subcommittee are identifying and refining actions that are inclusive of evidence-based culturally responsive practices to address the instructional barriers contributing to the continued marginalization of African American/Black students.

Goal 6 –

Resulting from conversations and interactive engagement sessions with departments and educational partners, the district is adding a goal 6 to focus on Foster Youth (2018, 2019, 2022) and Homeless (2018, 2019, 2022) student groups who had been identified at least three consecutive years in two or more indicators: ELA and Math, Chronic Absenteeism, and Suspension.

Other Needs:

Goal 7 –

The district is expanding its goals to include a goal 7 focusing on strategic interventions for school sites identified as Comprehensive Support & Improvement (CSI). The district has identified several school sites who have met the criteria of Comprehensive Support & Improvement

(CSI) and who have been identified for multiple years in a row. This goal and actions will evolve and is intended to be specifically aligned the district's school sites focusing on efforts to improve performance.

Goal 8 –

The district is expanding its goals to include a goal 8 focusing on strategic intervention for school sites identified as Additional Targeted Support & Improvement (ATSI). The goal and actions will focus on school site acknowledgment and alignment of instructional and supplemental educational strategies associated to the student groups identified as low performing.

LCAP Highlights

A brief overview of the LCAP, including any key features that should be emphasized.

The 2021-2024 Year 3 (2023-2024) Local Control and Accountability Plan (LCAP) continues its alignment with the state accountability system (California School Dashboard) and the eight state priorities connected with Local Control Funding Formula (LCFF) funds.

The 2023-2024 LCAP includes eight (8) goals. Of those LCAP goals, three are a continuation of the District's three broad goals (established in 2016) and focuses on increasing student access, agency, and achievement through an equity approach that integrates a Multi-Tiered System of Supports (MTSS) to enhance academic achievement and social- emotional development with a Response to Intervention (RTI) approach when students demonstrate a need for supplemental support due to identified challenges in achieving proficiency of grade level standards-based skills and content.

The actions and services throughout our LCAP are aligned and are in direct support of our District mission of lifting youth out of circumstances of poverty and scarcity through graduating every single youth college, career, and community ready. SUSD's LCAP will continue to be guided by three on-going goals: Goal 1 - Student Achievement, Goal 2 - Equitable Learning Environments, & Goal 3 - Meaningful Partnerships. For the 2023-2024 LCAP, the district is required to add a goal focusing on support and resources above what is currently provided to African American/Black students, Foster Youth, Homeless, and Students with Disabilities.

Analysis of the California School Dashboard data, local data, stakeholder recommendations, suggestions, focus groups, and survey data collected during the LCAP development process confirmed the 2023-2024 LCAP goals, metrics/indicators, and actions and services were collaboratively identified to address actions and services needed to graduate every single youth college, career, and community ready while principally directing services towards meeting the needs of our low-income, English learners, and foster youth students.

Stockton Unified School District (SUSD) has identified several key features interwoven through the 2023-2024 LCAP:

Enhanced Clarity of Actions in Goals –

Educational partners' feedback was heard on the need for clarity of themed categories and will maintain the list of previous action titles within

each goal. In addition, a supplemental document will be provided to articulate the interconnected approaches, resources, and supports to positively impact our students. Goals 4, 5, and 6 are required goals to address consistently low performing student groups, which educational partners were integral in providing feedback in the goal development.

Performance Gap Focus Goal 4 –

Students with Disabilities continue to be identified at least three consecutive years (2017, 2018, 2019, 2022) in two or more indicators: ELA and Math, Chronic Absenteeism, and Graduation. In meeting this requirement, SUSD continues to include goal 4 focusing on student group, Students with Disabilities. This goal 4 includes additional actions that clarifications developed in concert with the district's departments that provide specific oversight of programs and educational partner feedback through the district's continued Differentiated Assistance work, strategic engagement sessions and survey data.

Addition of Strategic Intensive Intervention Goal 5, 6, 7, and 8 –

Goal 5 – SUSD is adding an additional required goal to support student group, African American/Black, as this student group has been low-performing for at least three consecutive years (2018, 2019, 2022) in two or more indicators: ELA and Math, Chronic Absenteeism, and Suspension. The actions identified within this goal are intended to focus on intensive intervention supports to address persistent low-performance. The district in concert with the African American/Black Parent Advisory Committee (AABPAC) and the Black Students Thrive board subcommittee are identifying and refining actions that are inclusive of evidence-based culturally responsive practices to address the instructional barriers contributing to the continued marginalization of African American/Black students.

Goal 6 – Resulting from conversations and interactive engagement sessions with departments and educational partners, the district is adding a required goal 6 to focus on Foster Youth (2018, 2019, 2022) and Homeless (2018, 2019, 2022) student groups who had been identified at least three consecutive years in two or more indicators: ELA and Math, Chronic Absenteeism, and Suspension.

Goal 7 – The district is expanding its goals to include a goal 7 focusing on strategic interventions for school sites identified as Comprehensive Support & Improvement (CSI). The district has identified several school sites who have met the criteria of Comprehensive Support & Improvement (CSI) and who have been identified for multiple years in a row. This goal and actions will evolve and is intended to be specifically aligned the district's school sites focusing on efforts to improve performance.

Goal 8 – The district is expanding its goals to include a goal 8 focusing on strategic intervention for school sites identified as Additional Targeted Support & Improvement (ATSI). The goal and actions will focus on school site acknowledgment and alignment of instructional and supplemental educational strategies associated to the student groups identified as low performing.

Continuation of On-Going Goals 1, 2, and 3 –

Goal 1 - Student Achievement continues to increase student achievement by providing high quality first instruction supported by a Multi-Tiered System of Supports (MTSS) to graduate every single youth college, career, and community ready. State priorities supporting this goal are: 1 - Basic (Conditions of Learning), 2 - State Standards (Conditions of Learning), 4 - Pupil Achievement (Pupil Outcomes), 5 - Pupil Engagement (Engagement), 7 - Course Access (Conditions of Learning), and 8 - Other Pupil Outcomes (Conditions of Learning).

Highlights of actions and themed categories for 2023-2024 are:

- College and career readiness
- ~ Access to college readiness exams for Honors, Advanced Placement, IB, and Dual Enrollment
- ~ Career exploration software and student academic On-track reports
- ~ Increased access for students with unique and exceptional needs to A-G high school courses and academic inclusion opportunities
 - English Learner supports
- ~ Direct services provided to English learners in support of English proficiency
- ~ Professional development focused on improving high quality first instruction and English Language Development
 - Educator and instructional development
- ~ Monthly teacher collaboration time
- ~ Parent/Guardian and teacher academic conferences
 - Acceleration of instructional and intervention supports
- ~ Credit Recovery program and teacher instructional support for high school students
- ~ Advancement via Individual Determination (AVID) program implementation
- ~ Reading intervention support for students with exceptional needs
 - Extended day/year learning opportunities
- ~ Extended day academic and enrichment support
- ~ Outdoor education
 - Educational technologies and support
- ~ Student technology upgrading and refreshing, instructional technology support provided to school sites, and software to monitor student communication and technology to improve responsible usage

Goal 2 – Equitable Learning Environments continues to provide equitable and healthy learning environments that enhance the social-emotional and academic learning for all students utilizing a Multi-Tiered System of Supports (MTSS). State priorities addressed by this goal are: 1 - Basic (Conditions of Learning) and 6 - School Climate (Engagement).

Highlights of actions and themed categories for 2023-2024 are:

- Educational equity, diversity, and inclusion
- ~ Educational equity, diversity, and inclusion supporting learning experiences
 - Framework of interventions and systems supporting academic and behavioral challenges
- ~ Behavior Intervention Team (BIT) school site support
- ~ Positive Behavioral Interventions and Supports (PBIS) at school sites

- Development of high-quality instructional staff and supports
- ~ New teacher mentoring, coaching, and professional development
- ~ Instructional coaching support at all school sites
 - Transitional student and family supports
- ~ Social services case managers to address the needs of foster youth and families in transition students
- ~ Central Enrollment Office support for incoming new and presently enrolled students
 - Strong and healthy school supports
- ~ Sub-acute health services provided at all school sites
- ~ Wellness Centers at all of the comprehensive high schools
- ~ Mental Health Clinicians to support student and family mental health and wellness needs at all school sites
- ~ Counselors at all school sites providing social-emotional learning lessons, academic guidance, career exploration, and social-emotional support
- ~ Trauma-informed care and restorative practices services provided to school sites and professional development opportunities
 - Extended learning time and supports
- ~ Assistant principal staffing at Kindergarten-8th grade school sites and high schools
- ~ Full day Kindergarten and Transitional Kindergarten classes offered
 - Basic instructional and teacher staffing
- ~ Instruction and teacher staffing
 - Technology infrastructure and support
- ~ Teacher/Staff computer replacement, upgrading, and refreshing and technology support
 - Facility and campus safety support
- ~ Facility repairs
- ~ Custodial for clean and safe campuses

Goal 3 - Meaningful Partnerships continues to create a culture of inclusion and collaboration with families and community stakeholders that builds meaningful partnerships focused on increasing student engagement and family and community participation in support of developing leadership at all levels. State priorities addressed by this goal are: 3 - Parental Involvement (Engagement) and 5 - Pupil Engagement (Engagement).

Highlights of actions and themed categories for 2023-2024 are:

- Family and community engagement
- ~ Family engagement and education support across the district
- ~ English as a Second Language (ESL) courses provided to parents/guardians
- ~ Communication and outreach to families and stakeholders supported by interpreter and translation specialists
- ~ Increased and improved website platforms and easily accessible information and resources for students, families, staff, and community members to utilize
 - Student attendance and outreach

- ~ Home visits and family outreach
- ~ Bus passes provided to students
 - Student engagement and leadership opportunities
- ~ Opportunities for high school students to take part in Career Technical Student Organizations (CTSO)
- ~ Peer Leaders Uniting Students (PLUS) leadership and mentor opportunities
 - Youth engagement and athletics
- ~ Physical Education and athletic opportunities for students
 - Visual and performing arts activities
- ~ Visual and Performing Arts (VAPA) experiences and opportunities for students

Comprehensive Support and Improvement

An LEA with a school or schools eligible for comprehensive support and improvement must respond to the following prompts.

Schools Identified

A list of the schools in the LEA that are eligible for comprehensive support and improvement.

Stockton Unified has 8 schools identified in school year 2022-2023 as eligible* for Comprehensive Support and Improvement (CSI) based on “lowest-performing 5% of Title I schools.”

- ~ Adams
- ~ El Dorado
- ~ Grunksy
- ~ Hamilton
- ~ Hazelton
- ~ Pulliam
- ~ Victory
- ~ Walton Development Center

* Eligibility for CSI – low-performing is determined through the CA Dashboard with performance levels of: all red indicators, all red but one indicator of another color, all red and orange indicators, or five or more indicators where the majority are red.

Stockton Unified has 2 high schools identified in school year 2022-2023 as eligible** for Comprehensive Support and Improvement (CSI) based on Low Graduation Rates:

- ~ Jane Frederick
- ~ Stockton High

** Eligibility for CSI – low graduation rate is based on the high school graduation rate of less than 68 percent averaged over two years.

Support for Identified Schools

A description of how the LEA has or will support its eligible schools in developing comprehensive support and improvement plans.

Through the guidance and compliance requirements of the California's Education Code (EC) and the Code of Regulations (CFR), Stockton Unified School District provides necessary resources and support for all identified schools in developing Comprehensive Support & Improvement (CSI) plans. The district has used the School Plan for Student Achievement (SPSA) template as the mechanism to reflect compliance of CSI components.

Notification of Eligibility:

State and Federal Programs department provided notification to each CSI identified school site along with the reason for their eligibility and the requirements necessary to meet, as identified by the California Department of Education (CDE).

Data, Comprehensive Needs Assessment, and Resource Inequities:

Research and Accountability and State and Federal Programs staff provided overview support in large group meetings, then more targeted technical support during office hours, and individualized responses for sites as they navigated, analyzed, and applied the data through the comprehensive needs assessment framework. The data elements distributed through the interactive Data Dashboards consisted of:

- * student demographic data
- * teacher assignment/demographics
- * academic achievement data (CORE data, iReady, CAASPP, CAST)
- * completion rates data (graduation, dropout, Golden State Seal, Seal of Biliteracy)
- * reclassification data
- * attendance rates
- * suspension referrals
- * expulsion records
- * college and career readiness

During these sessions, school sites were encouraged to use other local data points such as surveys that captured school climate and connectedness or parent/community engagement, data points from site specific intervention programs, and teacher/staff observation data resulting from implementation of professional development strategies.

Not only was this information essential in the development of the comprehensive needs assessment, it also lended nicely to the site's annual review of strategies/activities already in place as a result of the 2022-2023 School Plan for Student Achievement (SPSA). Therefore, the data and insights garnered from the annual review supported as data to be incorporated into the site's comprehensive needs assessment.

Similar to the previous year, CSI identified school sites were provided a school-wide comprehensive needs assessment tool, a root cause analysis tool (example, some sites used the 5 Whys model and others the Fishbone tool), and other resources to support the comprehensive needs assessment process. School site staff were supported by district directors in identifying drivers that were specific causes for identified gaps and resource inequities through data analysis and outcomes identified from discussion aligned with the comprehensive needs assessment tool. In addition, State and Federal programs staff coordinated/facilitated strategic support with the inclusion of CSI plan components that have been embedded within the site's SPSA.

School Site Supports:

Using the California Department of Education's School Plan for Student Achievement (SPSA) template and the existing school plan development structure coordinated through the district's State and Federal Program department, school sites were provided a timeline of activities with specific milestones that promote success and site time management efforts. These milestones provide guidance for site administrators to review data, level of implementation, and the effectiveness of the evidence-based strategy/activity, which in turn lead to the determination of modification or discontinuation of the evidence-based strategy/activity. School sites received guidance and technical support pertaining to the development of a comprehensive needs assessment and using past information as a foundation to expand and enhance their site's progress towards greater academic achievement.

Timeline and Structure:

Using the School Plan for Student Achievement (SPSA) structure, a timeline was provided to site administration encouraging their planning team (including educational partners) to meet regularly with a focus on organizing and overseeing the needs assessment process. This timeline also provided guidance in the development of the CSI plan component embedded within the School Plan for Student Achievement (SPSA), and to continue working on conducting an annual review as the process moves forward.

Support and Resources:

CSI identified site administrators were provided with the district's SPSA Program and Budget Handbook with guidance in the development of a school plan, comprehensive needs assessment and references to evidence-based interventions.

Technical support for the CSI sites continues to be on-going. The initial level of support is provided by the assigned Director(s) of Educational Services, who meets with them regularly to review data, accomplishments and barriers; thereby, aiding them with solution oriented support and resources using a modified coaching and support model. The assigned directors supported school site leadership in establishing a school-wide planning team that involved teachers, principals, parents, guardians, students, classified staff, and other members of the community. A second layer of support services is through State and Federal programs staff, who assist with the compliance requirements relating to the development of their plans, accountability of plan strategies/activities, and guidance on allowable expenditures. Interwoven throughout the initial level and second layer, Research and Accountability staff provide supplemental support the sites can use on an as needed basis for clarification and analysis of data points to support and determine effectiveness of identified strategies/activities within their plan. The final support option, schools sites can choose throughout the development and implementation of their plans, CSI site administrators are able to contact and meeting with the San Joaquin County Office of Education (SJCOE) CSI point person for resources and training opportunities that were embedded within their School Plan for Student Achievement (SPSA).

Monitoring and Evaluating Effectiveness

A description of how the LEA will monitor and evaluate the plan to support student and school improvement.

SUSD combines the efforts of several departments to monitor and evaluate the effectiveness and growth of the identified CSI schools. Educational Services department assign site director(s) and are tasked with maintaining and enhancing site based conversations that lead to modifications, improvements of evidence-based strategies/activities directly supporting academic growth. SMART goals are set by each school within their School Plan for Student Achievement and aligned with their comprehensive needs assessment findings and progress monitoring updates that take part in school-based meetings and staff collaborations. Utilizing the comprehensive needs assessment tool ongoing data discussions take place in meetings with CSI school administrators, directors, site team educational partners, and other strategic district department representatives.

The district's Research and Accountability department is actively developing and refining data reports that assist in monitoring the evidence-based strategies/activities to determine the level of implementation and subsequent effectiveness that supports the growth focused goals set in the School Plan for Student Achievement. The district distributes and regularly trains staff on relevant monitoring and evaluation protocols/systems focusing on the implementation and effectiveness of the CSI identified/embedded evidence-based strategies and activities to support student and school improvement through collaborative data cycle. The protocol/systems will include outlining meeting topics and outcome pertaining to discussions around the metrics and indicators that each school's comprehensive needs assessment identified, aligned with the California School Dashboard data, and the action plans developed around addressing these needs using evidence-based interventions.

Survey data, California School Dashboard data, school climate data, attendance data, curriculum-based data, and Professional Learning Community (PLC) collaboration data from sites will be shared in school site presentations summarizing the progress and effectiveness of implementation of instruction, the evidence-based interventions, and vision for reform.

Progression into the next school year, the district plans to continue support in the collection data, monitoring frequencies, and evaluation of implementation and effectiveness of the CSI site plans to support student and school improvement is as follows:

- Collecting and analyzing data from all professional development opportunities provided to staff through survey data and feedback comments that are analyzed
- Providing CSI planning teams with current student data aligned with the California School Dashboard data (ELA & Math achievement data, student attendance data, discipline data, English learners assessment results on standardized and curriculum based assessments, levels of parent involvement/engagement in site meetings)
- Outcomes from the California School Dashboard, local assessment data, and District school profile data will be presented and analyzed to stakeholder groups at the schools sites and evidence-based interventions being implemented will be aligned to meet the identified data-based needs
- Analyze instructional data collected from classroom instructional visits aligned with curriculum implementation rubrics

- Educational Services Director(s) will meet with school site leadership every month and analyze curriculum-based assessment results and site-based student data aligned with CSI plans
- Child Welfare & Attendance department will provide attendance and discipline data for the prior and current year to school sites every month and site teams will analyze the data and comprehensive needs assessment tool to support a root cause analysis to identify the need for increased or improved evidence-based interventions
- Sign-in sheets and surveys for parent, guardian, and family meetings, conferences, workshops, and events held on the school campuses to identify number of participants and feedback provided
- Reclassification rates for English learners and levels of implementation of designated and integrated English Language Development data will be provided to CSI sites by the Language Development Office in collaboration with Education Services
- Data aligned with the Key Performance Indicators outlined in the CSI plans will be collected and used for ongoing progress monitoring in evaluating successful implementation Short, medium and long term outcome data will be used to progress monitor and evaluate the implementation of the programs and services or reform strategy utilized at each school site aligned with their CSI plans.

Short, medium, and long term outcome data will be used to progress monitor and evaluate the implementation of the programs and services or reform strategy utilized at each school site aligned with their CSI plans.

Engaging Educational Partners

A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.

Within the Educational Services Department, the LCAP team works each year to engage a broad range of educational partners, collaborate across district departments and school sites, and align both fiscal and programmatic planning and implementation to develop the Local Control and Accountability Plan.

Initial engagement sessions were held, between the months of July 2022 through November 2022, with educational partners (Parent Advisory Committees and Unions - STA (teachers), USA (administrators), SPPA (counselors)) to discuss and provide a foundational overview of the goals, actions, desired outcomes that were adopted by the district school board.

Educational Partner Engagement:

Parent Advisory Committee (PAC) – The LCAP and components associated with LCAP actions were presented at many Parent Advisory Committee (PAC) meetings: September 1, 2022; October 13, 2022; November 3, 2022; March 2, 2023, April 17, 2023, May 4, 2023, and June 15, 2023. PAC Officers have participated in various planning and support meetings such as a Listening Circle, prep for LCAP Development Sessions, and Performance Gap Focus Goal development.

District English Learner Advisory Committee (DELAC) – The LCAP and components associated with LCAP actions were presented at many District English Learner Advisory Committee (DELAC) meetings: September 14, 2022; October 12, 2022; March 8, 2023, May 3, 2023, May 16, 2023, and June 15, 2023. An EL Needs Assessment Survey 2022-2023 was reviewed and sponsored by DELAC. The survey collected educational partner input from January 25, 2023 – February 28, 2023 resulting in a report of DELAC recommendations. These recommendations are being used as additional feedback supporting the continuation and development of LCAP actions.

Community Advisory Committee (CAC)/SELPA – The LCAP and components associated with LCAP actions were presented at the October 19, 2022; March 22, 2023; and May 17, 2023 Community Advisory Committee (CAC)/SELPA meetings. Community Advisory Committee (CAC)/SELPA have been invited to participate in various planning and support meetings such as a Listening Circle, prep for LCAP Development Sessions, and Performance Gap Focus Goal development.

African American/Black Parent Advisory Committee (AABPAC) – The LCAP and components associated with LCAP actions were presented at many African American/Black Parent Advisory Committee (AABPAC) meetings: October 12, 2022; December 7, 2022; February 8, 2023, and March 8, 2023. AABPAC Officers have participated in various planning and support meetings such as a Listening Circle, prep for LCAP Development Sessions, and Performance Gap Focus Goal development.

Latino Parent Advisory Committee (Latino PAC) – The LCAP and components associated with LCAP actions were presented at the October 20, 2022 Latino Parent Advisory Committee (Latino PAC) meeting. Latino PAC Officers have been invited to participate in various planning and support meetings such as a Listening Circle, prep for LCAP Development Sessions, and Performance Gap Focus Goal development.

Parent Student Advisory Committee (PSAC) – The LCAP and components associated with LCAP actions were presented at the September 9, 2022 Parent Student Advisory Committee (PSAC) meeting, who is the parent committee for Native American students. The district acknowledges missed opportunities throughout the year in providing the Parent Student Advisory Committee (PSAC) LCAP updates. In May 2023, the LCAP team ensured invites were sent to the Native American Indian Center (NAIC) coordinator (and staff support to the PSAC) and PSAC committee officers to participate in the planning and support meetings such as a Listening Circle, prep for LCAP Development Sessions, and Performance Gap Focus Goal development.

Migrant PAC – The LCAP and components associated with LCAP actions were presented at the Migrant Parent Advisory Committee (Migrant PAC) meetings: September 15, 2022 and April 6, 2023. Migrant PAC Officers have been invited to and participated in various planning and support meetings such as a Listening Circle, prep for LCAP Development Sessions, and Performance Gap Focus Goal development.

SUSD Employee Unions – The LCAP team presented to several employee unions (STA (teachers), USA (administrators), SPPSA (counselors) in the fall. The district acknowledges great care will be made to document/confirm future engagement efforts with the district's union leaders. In May 2023, the LCAP team ensured invites were sent to the district's nine (9) union leadership teams (STA (teachers), USA (administrators), CSEA 318 (classified staff), CSEA 821 (classified staff), SUSU (supervisors), SPPA (counselors), HUWA (health), OLEU #3 (police and safety), and CSEA 885 (transportation)) to participate in the planning and support meetings such as a Listening Circle, prep for LCAP Development Sessions, and Performance Gap Focus Goal development.

Student Focus Group – Early April 2023, the district hosted a high school student focus group to obtain feedback in the development of 2023-2024 LCAP draft. Participating students represented diverse backgrounds, experiences, and grade levels engaged in discussion regarding their educational experiences and challenges within the district.

LCAP Surveys – Throughout the year, the LCAP team received feedback from educational partners (parent advisory committee groups, principals/administrators, project and department leads of LCAP actions, and students) identifying improvements for future development/deployment of the LCAP surveys. Hearing these comments, the Research and Accountability Department revised the surveys to include the option for respondents to select the school site their comments are applicable to. An additional update of the survey format allowed for the responses to be reported on a dynamic infographic made available on the district's Research and Accountability webpage dedicated to Local Control and Accountability Plan data/analytics. LCAP surveys were released in March 2023 to the entire SUSD community (teachers, principals/administrators, classified staff, SUSD employee unions, parents, student, and SELPA) using district's established communication processes via webpage postings, social media, as well as through our district-wide communications outreach. The district acknowledges the release of the LCAP surveys were extremely late in the timeline of an ideal LCAP development schedule. District administration is currently working on systems to ensure the continuity of data collection is consistent and streamlined.

LCAP Engagement Sessions – In March and April 2023, the LCAP team hosted four (4) LCAP Roadshow & Engagement sessions – one at each comprehensive high school – Edison (March 27, 2023), Stagg (April 5, 2023), Chavez (April 17, 2023), and Franklin (April 25, 2023).

Each session consisted of an LCAP Annual Update presentation, opportunity for educational partners to ask questions, interact with program contacts for LCAP actions, and finally an interactive opportunity to post comments on LCAP actions based on themed topics. All comments made were recorded for review and incorporation of the 2023-2024 LCAP development. These meetings were open to the public and advertised to the entire SUSD community through webpage postings, as well as through our district-wide communications outreach, resulting in teachers, principals/administrators, classified staff, parents, community, SELPA, and students actively participating, asking questions, and providing feedback on topics being supported by actions within the LCAP. On April 16, 2023, the LCAP team presented the LCAP Annual update to the Board of Trustees at a livestreamed Board Meeting.

LCAP Development Series:

In May 2023, the LCAP team hosted an LCAP Development Series consisting of three (3) progressive meetings that focused specifically on the 2022-2023 LCAP actions and then a review of the 2023-2024 LCAP draft #2. Prior to each session, the LCAP team met with educational partners to create a collaborative approach and needs for the interactive engagement session. The LCAP team facilitated session 1, held on May 18, 2023, leading an introduction and discussion of various data points (i.e. surveys, comments, progress reports, and metrics), then providing opportunity for attending educational partners to notate their notice, wonderings, and comments for goal 1. Session 2, held on May 24, 2023, provided the LCAP team to refine and streamline the data presented previously for attending educational partners to review, comment and recommend using a stop/start/continue protocol for goals 2 and 3. Session 3, held on May 30, 2023, provided attending educational partners to review the draft of the 2023-2024 LCAP draft #2 for “redline” responses prior to the submission of draft #2 to the San Joaquin County Office of Education (SJCOE). These meetings were open to the public and advertised to the entire SUSD community through webpage postings, as well as through our district-wide communications outreach resulting in teachers, principals/administrators, classified staff, parents, community, SELPA, and students being in attendance. Following each session, the LCAP team hosted a debrief meeting with 22-23 LCAP project and department leads to present the findings and garner additional comment in the refinement of the development of draft #2.

Consistently Low Performing Student Groups (Differentiated Assistance) – Performance Gap Focus Goals:

Goal 4 – Students with Disabilities: Throughout the 2022-2023 school year, the district has continued the Differentiated Assistance work from the previous school year to further refine the support and resources necessary to implement actions and establish systems within the district the address Student with Disabilities who have been identified as a persistently low performing student group. The work also continued efforts between district departments, the district’s SELPA representative, and CAC officers ensuring collaborative discussions leading to strategic identification and development of systems focusing on areas of need: ELA and Math, Chronic Absenteeism, and Graduation.

Goal 5 – African American/Black Students: The district’s Educational Services Department and LCAP team met with the African American/Black PAC (AABPAC) leadership to engage in conversations pertaining to the instructional barriers directly affecting African American/Black students. The LCAP team has held strategic team meetings (May 25, 2023 and May 26, 2023) with educational partners from the African/Black PAC, Parent Advisory Committee (PAC), Community Advisory Committee (CAC), and other interested parent and community members to obtain feedback and support in the drafting of an additional goal.

Goal 6 – Foster Youth and Homeless Students: The district’s Centralized Enrollment and Families in Transition has been reviewing data and needs through their on-going Foster Youth and Homeless meetings. These meetings included community partners and district department staff who discussed the needs of students, resources available and review of data. Department staff provided a summary of actions to be included in goal 6 to close the barriers foster youth and homeless students experience.

Updating and Reporting Out of LCAP Data:

Board Sub-Committees – A recent change in the district’s board leadership reinstated board sub-committees, English Learner (EL), Equity/Diversity, Black Students Thrive, beginning March 2023. These board sub-committees meet on a monthly basis on topics pertinent to their focus. The LCAP team, instrumental in the development of the 2023-2024 LCAP, attended and provided updates on aspects of the LCAP such as metrics, performance gap focus goal enhancement and development.

Data Dashboards – The Research and Accountability Department has been integral in producing data in a manner that is relatable and receptive to non-data experts. In early Fall 2022, Research and Accountability staff have developed a series of Data Driven Decision Making trainings and workshops for district site administrators (principals and assistant principals), instructional coaches, program specialists, and department staff to learn about the district’s data and practice pulling and analyzing metrics. Research and Accountability staff have been in attendance of Regional Site Administrator meetings that have provided recaps of information presented during the data sessions and providing opportunities for feedback and comments pertaining to LCAP actions and student groups identified for Differentiated Assistance. In early Winter 2023, Research and Accountability staff have developed an interactive School Plan for Student Achievement (SPSA) Dashboard for site administrators (principals and assistant principals) and their site leaderships team(s) in the analysis and development of their School Plans for Student Achievement (SPSA) which is used as mechanism to articulate how their Site Allocations (22-23 LCAP Action 1.7) are allocated to support student achievement. In April 2023, Research and Accountability released an interactive data dashboard for the community to use that was specific to the LCAP metrics, actions, and funding.

LCAP Approval Requirements:

On June 15, 2023, the draft 2023-2024 LCAP was shared the with the Parent Advisory Committee (PAC) and District English Learner Advisory Committee (DELAC) members.

On June 20, 2023, the 2023-2024 LCAP was presented at a public hearing with the school board, providing the SUSD community and educational partners the opportunity to view and provide feedback on the proposed 2023-2024 LCAP.

SUSD’s Superintendent then responded in writing to the questions that were posed prior to holding the public hearing. The questions and responses are available in both English and Spanish on LCAP webpage: <https://www.stocktonusd.net/Page/16289>.

On June 27, 2023, the 2023-2024 LCAP was presented to the board for adoption. The adopted 2023-2024 LCAP was posted on the LCAP webpage and emailed to the San Joaquin County Office of Education (SJCOE) meeting Education Code requirements.

A summary of the feedback provided by specific educational partners.

Across our engagement process, several major themes emerged as priorities for our school communities:

- Equity and inclusion practices
- Early literacy and development
- Academic program enhancements
- Accountability and data-driven decisions
- Parent and family engagement, communication, and outreach
- Student engagement, enrichment
- Recruitment and hiring of additional teachers and support staff

A summary of the input and feedback received from our educational partners has provided a clearer understanding of the areas throughout our district that should be sustained and areas to focus on in the upcoming school year.

All feedback was valuable and cross referenced with our LCAP goals and actions to maximize student learning and outcomes. The feedback below has been summarized, for full educational partner comments, please access the LCAP webpage (<https://www.stocktonusd.net/Domain/5749>) – comments are available under the LCAP Engagement section.

LCAP Roadshow and Engagement Sessions: Feedback provided during the LCAP Roadshow and Engagement sessions, supported the actions already identified in the LCAP. African American Black PAC members, PAC members, Community Advisory Committee/SELPA, teachers, principals, community, parents, and students.

- Learning Loss and Learning Acceleration (Goal 1) - restocking libraries, reviewing intervention programs, implementing universal design for learning, providing additional support staff like paraprofessionals and instructional coaches, and offering project-based learning opportunities aim to address learning loss and promote academic progress.
- Access to A-G – Graduation (Goal 1) - expanding access to career and technical education (CTE) courses, increasing CTE pathways, promoting college and career readiness, and providing alternative diplomas. There is a focus on equity and inclusion by targeting specific subgroups, such as English learners, non-traditional students, girls, and African American students.
- Equity/Inclusion (Goal 2) - professional development for teachers and administrators on inclusive practices, ethnic studies, training for high-needs programs, and the allocation of funds for initiatives like the Black Student Achievement Plan. There is an emphasis on ensuring that all staff members receive training to support students with diverse needs.

- Social-Emotional Supports (Goal 2) - implementation of Positive Behavioral Interventions and Supports (PBIS) and Multi-Tiered System of Supports (MTSS) at every school, addressing the specific needs of African American students, reassessing social-emotional learning (SEL) curriculum, providing resources for student well-being, and increasing health and nursing services.
- Attendance/Suspensions (Goal 3) - tailoring attendance improvement plans, educating parents on available services and the consequences of chronic absenteeism, implementing rewards for attendance, and providing tier 1 support for attendance through school site teams, administrators, and counselors. There is a focus on improving transportation, offering before and after-school programs, and involving the School Site Council Committee in addressing chronic absenteeism.
- Student Engagement (Goal 3) - enrichment activities, ensuring campus and student safety, organizing concerts, showcases, and theater opportunities, promoting arts and music education, conducting science fairs and reading events, and offering programs like Junior Achievement. The aim is to engage students and provide a well-rounded education.
- Parent/Family Engagement (Goal 3) - providing parent trainings, increasing campus visits by parents, organizing workshops on various parenting topics, ensuring translation services at meetings, seeking parent input and engagement, and establishing community outreach committees. The goal is to involve parents and families in supporting their children's education.
- Data/Metrics (All) - collecting and analyzing data on various metrics such as academic progress, subgroup performance, and high-risk factors. Workshops and training are mentioned as strategies to support the effective use of data for decision-making.

Educational Partner Groups: Feedback was provided by the following educational partner groups based on responses during regular parent meetings, a student focus group, LCAP office hours, and union meetings collaborations that LCAP discussions and presentations occurred at. Attendees included African American Black PAC members, PAC members, Community Advisory Committee/SELPA, teachers, principals, community, parents, and students.

- Parents/Families/Community: Attendees included African American Black PAC members, PAC members, Latino PAC, DELAC, community, parents, and students
 - ~ Communication and outreach: Strengthen communication between schools and families by having community assists, parent liaison support, and reestablishing parent communications.
 - ~ Academic support: Hire additional classroom aides, offer after-school tutoring options, smaller class sizes, expanded learning experiences, and enrichment experiences.
 - ~ Equity and inclusion: Address the needs of marginalized student groups through a stronger focus on their specific needs, through professional development for administrators and leadership, scholarship opportunities and workshops for high-needs students, and contracted counselors to conduct social-emotional meetings. Hire special education parent liaison as a support for students with special needs.
 - ~ Parent engagement: Involve parents in their children's education by providing reclassification activities for parents, scholarship workshops, and information that is easily accessible to parents.

- ~ Art and music education: Increasing art and music in elementary schools.
 - ~ Teacher recruitment and support: Improve recruitment efforts to attract more teachers and provide contracted counselors and after-school tutoring options.
 - ~ Technology and accessibility: Use of translation devices or applications to support students in the classroom and providing a website link for homework support.
- Students: Attendees included students from diverse backgrounds and grade levels in high school.
- ~ Teacher-student connections: Improve teacher-student connections through training for teachers on how to better connect with their students and develop cultural proficiency, consistent check-ins, ongoing communication to address students' needs, and teachers showing appreciation for their students. Provide students training on cultural proficiency.
 - ~ Enhanced communication: Increased communication between teachers, students, and parents, including ongoing communication discussing students' needs and improving overall communication channels.
 - ~ Enrichment opportunities: Engage students and expand a well-rounded educational experience by providing more field trips, leadership opportunities, and participation in extracurricular clubs and activities.
 - ~ Additional staff and supervision: Hire additional staff to help monitor and supervise students.
- Staff/Employees: "Office Hours" featuring LCAP topics were made available to school site administrators and department. Attendees included principals/administrators and department staff.
 - ~ Staffing and resources: Hiring additional staff to support students and teachers.
 - ~ Academic program enhancements: Update science environments to meet A-G and science course requirements. Focus on improving and aligning the curriculum and resources in science education.
 - ~ PBIS implementation and support: More PBIS site leads, PBIS instructional coaches, or a site lead as a coach supporting the implementation of the PBIS framework.
 - SUSD Employee Unions: LCAP discussions and presentations were made during standing employee bargaining union meetings. Attendees included executive leadership of STA (teachers), USA (principals/administrators), and SPPA (counselors).
 - ~ Resource and technology upgrades.
 - ~ Staffing and support - hiring enough instructional coaches, intervention teachers, art teachers, and PE teachers; providing adequate support and training to administrators; and professional development for staff members, including paraeducators.
 - ~ Parent and community engagement: highlight the importance of parent engagement sessions, inviting parents to connect with the school through meetings, PTC/PTO, and newsletters. Establish a LCAP committee to involve parents and the community in decision-making processes.

LCAP Development Series: The LCAP Development Series resulted in the LCAP Team asking two specific questions: 1) What should we start doing? and 2) What should we continue doing? Educational partners attending the meetings within the series reported the following. Attendees included parent advisory committee group members (CAC/SELPA, AABPAC, Latino PAC, PSAC, Migrant PAC, PAC, DELAC), SUSD employee union members, teachers, paraprofessionals/classified employees, district administration, parents, community, and

students:

- What should we start doing?

- ~ College and Career/CTE Programs/21st Century Learning: Focusing on expanding academic enrichment programs, hiring dedicated staff for enrichment programs, integrating STEM education in classrooms, and providing more opportunities for college and career exploration, including dual enrollment classes and internships.
- ~ Primary Language & Literacy: To support bilingualism and biliteracy, provide early intervention and support for language development, offer workshops and professional development for English language learners (ELLs) and teachers, and allocate funds for literacy programs. There is also a focus on connecting with students' primary language and providing language support.
- ~ Study Skills and Preparation for College: Include incorporating study skills into the curriculum, offering dual enrollment classes and college preparatory programs, and providing career exploration opportunities such as shadowing and interviewing experiences.
- ~ Restorative Practices and Student Engagement: To emphasize the importance of restorative practices, arts and music programs, and sports opportunities to improve learning, confidence, and attendance, which ultimately contribute to better academic performance.
- ~ Early Childhood Education: To invest in safe and equitable play structures and playgrounds for young learners, particularly preschool and TK students, as well as students with disabilities.
- ~ LCAP and School Oversight: More descriptive line items in the LCAP, increased school site oversight, and accountability. Focus on the Black Student Achievement Plan (BSAP), early literacy programs, and the inclusion of music and art programs.
- ~ Parent and Community Engagement: Prioritize parent meetings in the evening, workshops for parent education and involvement, advocating for funding, fostering community and family partnerships, and programs that empower students who are facing difficulties in high school.
- ~ Data/Metrics: Emphasis on disaggregating school climate and culture data to address specific needs.

- What should we continue doing?

- ~ Implementation of early literacy programs, i.e. LETRS (Language Essentials for Teachers of Reading and Spelling)
- ~ Safety and Inclusivity for safe and equitable learning environments for young learners.
- ~ Community and Family Engagement by fostering partnerships, organizing community engagement events, and involving families in school activities and decision-making processes.
- ~ Support for Staff by providing resources, professional development opportunities, and funding for preschool departments, including prioritizing staff well-being, professional growth, and ensuring adequate resources for effective instruction.

LCAP Listening Circle: The Listening Circle was developed in response to educational partner comments and disconnect between the LCAP engagement process incorporating meaningful consultation. The Listening Circle was modeled after the empathy interview protocol, resulting in two questions being posed to the participants and subsequent feedback being received without responsive inquiry or rebuttal. Participants included executive leadership/officers of parent advisory committee group members (e.g. CAC/SELPA, AABPAC, Latino PAC, PSAC, Migrant PAC, PAC, DELAC), SUSD employee union members (e.g. STA, USA, SPPA, CSEA 821, CSEA318), and district administration: Participants were asked to provide one word and a statement regarding the LCAP process. Their responses were summarized:

- ~ Disorganization and lack of focus
- ~ Need for improved communication and engagement
- ~ Importance of data and accountability
- ~ Concerns about student support and services
- ~ Inclusion and equity
- ~ Parent and community involvement
- ~ Challenges with the LCAP process
- ~ Concerns about resource allocation and spending

The following is summary of "Non-Negotiables" presented by participating educational partner leads:

1. Adequate support for students and staff:

- o More funding for paraprofessionals to provide support in classrooms.
- o Training for paraprofessionals to enhance their skills and effectiveness.
- o Emotional support for students, with a need for more support from staff.
- o Proper staffing ratios to ensure adequate support for students.

2. Data-driven decision-making and accountability:

- o Gathering and analyzing data on African American students and subgroups.
- o District-wide graduation rates to monitor progress.
- o Projected budgeting for new goals, including involving budget staff.
- o Data gathering and information sharing to inform decision-making.

3. Inclusion and equity:

- o Bi-literacy programs to support students' language skills.
- o Incorporating a Black Student Achievement Plan with a focus on understanding the needs of African American students.
- o Prioritizing the needs of underrepresented groups.
- o High-level engagement with diverse representation to ensure inclusivity.

4. Special education support:

- o Real data on special education students' progress to track their growth.
- o Increased presence of Special Ed department staff at meetings for better collaboration and support.

5. Support for migrant students and parents:

- o Assistance for migrant students who may face challenges due to language barriers and educational disruptions.
- o Tutoring programs to help migrant students catch up academically.
- o Providing data on migrant students to better understand their needs.
- o Workshops for migrant parents to help them support their children's education.

- o Increasing involvement of migrant parents in meetings and decision-making processes.

6. Collaboration and program implementation:

- o Working together across different groups, including unions, teachers, and other stakeholders.
- o Implementation and evaluation of programs before and after COVID-19.
- o Holding separate meetings with educators to address specific needs.
- o Engaging in high-level discussions and getting into the details (getting into the weeds) to ensure effective decision-making.

A description of the aspects of the LCAP that were influenced by specific input from educational partners.

Throughout the development process of the LCAP, our educational partners were engaged in discussions over the plan's goals and actions provided direct influence and additional guidance over the LCAP's actions and goals. Educational partners' input from students, teachers, principals, administrators, classified and certificated personnel, local bargaining units/unions, parents, guardians, family, and community members all provided feedback via surveys, community presentations, and advisory group discussions. The focus was specific to our goals, bringing the focus towards student achievement, equitable learning environments, meaningful partnerships, and differentiated assistance.

SUSD continues to confirm and incorporate many of the requests from educational partners and staff into the 2023-24 LCAP within our goals and actions. Although many of the requests were already part of the LCAP, educational partner feedback led to a resurgence in the district's responsibility to proactively ensure actions with the LCAP are implemented timely and with fidelity.

In response to educational partner feedback the following was incorporated:

- Goal 2 Ethnic Studies (ELE 10.4/2.3) action was reinstated into goal 2, Action 2.1 - Additional and Supplemental: Educational Equity, Diversity, and Inclusion to support the planning and oversight of ethnic studies within the district.
- Goal 5 (African American/Black student group) was added with actions specific to develop a framework of supports and resources to directly serve African American/Black student, develop an African American/Black Student Achievement Plan, develop systems to ensure inclusion and access (e.g. Educator Equity Plan), and specifically focus culturally responsive social emotional learning. It is mutually understood additional working and collaboration sessions are needed in implementing goal 5 supported by data and resource availability.
- Goal 6 (Foster Youth and Homeless) was added as a separate goal resulting from conversations and interactive engagement sessions with departments and educational partners to support the focus on Foster Youth (2018, 2019, 2022) and Homeless (2018, 2019, 2022) student groups who had been identified at least three consecutive years in two or more indicators: ELA and Math, Chronic Absenteeism, and Suspension. This goal and the specific actions will focus on implementing additional activities that are intended to target engagement and connectedness with Foster Youth and Homeless students to improve their academic performance.
- Goal 7 (Comprehensive Support & Improvement – CSI) was added as a result of educational partner (district staff) discussions regarding the effectiveness of strategies and actions and barriers to implementation and expenditures. In addition, with the upcoming potential legislation pertaining to CSI identified school sites meeting criteria for four or more years. The intent is to be

proactive and supportive with actions to focus on strategic interventions for school sites identified as Comprehensive Support & Improvement (CSI). The district has identified several school sites who have met the criteria of Comprehensive Support & Improvement (CSI) and who have been identified for multiple years in a row. This goal and specific actions will evolve and is intended to be aligned the district's school sites School Plan for Student Achievement focusing on efforts to improve performance.

- Goal 8 (Additional Targeted Support & Improvement) was added as a result of educational partner (district staff) discussions regarding the effectiveness of strategies and actions and barriers to implementation addressing student groups identified as low performing. The intent is to be proactive and supportive with actions to focus on strategic intervention for school sites identified as Additional Targeted Support & Improvement (ATSI). The goal and actions will focus on school site acknowledgment and alignment of instructional and supplemental educational strategies associated to the student groups identified as persistently low performing.

Educational partner feedback provided suggestions on enhancements and clarifications of existing actions SUSD continues to confirm and incorporate many of the requests from educational partners and staff into the 2023-24 LCAP within our goals and actions. Although many of the requests were already part of the LCAP, educational partner feedback led to a resurgence in the district's responsibility to proactively ensure actions with the LCAP are implemented timely and with fidelity.

Goal 1 has a strong focus on academic achievement and SUSD continues to invest in our teaching and instructional staff to continue to increase student achievement. SUSD is committed to increase professional development for our classified support staff (1.2 - Professional Learning Community Implementation, Professional Learning, & Curriculum Implementation (SA 6.1/1.8/108), 1.7 - School Site Budget Allocations (SA 10.1/1.19/119), 1.7 - District Departmental Budgets Focused On Increased Student Achievement - State and Federal (SA 10.2/1.20/120)), increasing the learning support for our English Learners (1.3 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3/103), 1.3 - English Language Development Coaching & Instructional Support (SA 3.2/1.4/104), 1.3 - English Language Proficiency Professional Development (SA 3.3/1.5/105), 1.3 - District Departmental Budgets Focused On Increased Student Achievement - LDO (SA 10.2/1.20/143), 1.7 - School Site Budget Allocations (SA 10.1/1.19/119), 1.7 - Bilingual Assistants (22-23 SY/138)), and emphasizing early literacy and language acquisition (1.7 - Reading Intervention Support (SA 7.8/1.12/112), 1.7 - School Site Budget Allocations (SA 10.1/1.19/119)). Second enhancing enrichment opportunities for unduplicated students expanding their academic experiences through the continuation to access to tutoring (1.8 - Expanded Afterschool Program Offerings (SA 9.4/1.18/118), 1.8 - Afterschool tutoring, homework help, and enrichment (SA 9.1/1.17/117), 1.7 - School Site Budget Allocations (SA 10.1/1.19/119)), and science experiences (1.8 - Outdoor Education/Elementary Science Camp (22-23 SY/142)).

In Goal 2, the district is focused on providing the supports and equitable educational opportunities, services, and resources that are inclusive and responsive to the diverse needs of our unduplicated pupils and student groups reflected in our community. The focus on MTSS approaches, continues to be on high quality first instruction, systems, and practices to improve student responsiveness and alignment between academic, behavioral, and/or social-emotional supports specific to their unique needs (2.2 - Behavior Intervention Team Services (ELE 2.7/2.6/206), 2.2 - Positive Behavior Interventions and Support (PBIS) (ELE 2.3/2.4/204), 2.2 - Student Assistance Program support

(SAP) (ELE 2.6/2.5/205)). From our engagement sessions with our educational partners, feedback was strong in there being a larger focus in this area, to increase and enhance MTSS by including continued need to and mental health services (2.7 - Mental Health Clinicians (ELE 9.15/2.21/221)), parent participation, and having trainings for parents, as well as frequent checks and balances for staff and new staff.

Goal 3 continues to focus on meaningful partnerships and continues to be influenced by our parents and students. The thematic actions provide a deeper investment on resources for family outreach as parent outreach and family engagement are both essential for student success. Increase student access to art and music experiences through increased instructional aids – instruments (3.7 - Visual and Performing Arts Activities and Resources (MP 6.1/3.10/310)), increased academic support and extracurricular activities for students (3.5 - Student Clubs and Career Job-Skill Based Experiences (MP 4.1/3.5/305), 3.5 - Student Leadership & Engagement Experiences (MP 4.2/3.6/306), 3.5 - Student Clubs & Activities (Pentathlon) (MP 4.4/3.7/307), 3.6 - Student Athletic Programs (MP 4.5/3.8/308)), incentives for students meeting academic and attendance goals (3.4 - Truancy Intervention and Outreach (MP 7.2/3.15/315)).

Goals and Actions

Goal

Goal #	Description
1	Increase student achievement by providing high quality first instruction supported by a Multi-Tiered System of Supports (MTSS) to graduate every single youth college, career, and community ready.

An explanation of why the LEA has developed this goal.

This goal was developed to ensure SUSD students are provided with high quality first instruction and the needed supports and services to access the educational program in order to increase academic achievement and improve students’ levels of preparedness for college, career and community readiness.

The actions within this goal are designed to promote student achievement aligning with the district’s long standing targeted focus:

- * Every child by the end of the 3rd grade will read and comprehend at the proficient level.
- * Every child by the end of the 9th grade will demonstrate mastery of Algebra concepts and application.
- * Every child by the end of the 12th grade will graduate and be college or career ready.

Staff will have access to ongoing targeted professional development that supports best instructional practices while also allowing for differentiated supports consistent with individual student needs. Students will be provided an academic program that includes standards aligned instructional materials, targeted and expanded learning opportunities and technology to access the broad course of study. We will monitor and evaluate the actions by collecting and reviewing state and local achievement data including assessment data, graduation rate, a-g and CTE pathway completion rates and English Learner progress. In addition, we will monitor instructional materials and technology inventory, staff participation in professional learning as well as solicit educational partner feedback throughout the year that will provide evidence of the impact of the actions on the implementation of state adopted academic and performance standards to graduate every single youth college, career and community ready.

Select metrics will be reported for All students and specific student groups using the following abbreviations:
 ALL: All Students; FY: Foster Youth; EL: English Learner; SED: Socioeconomically Disadvantaged; SWD: Students with Disabilities; AA: African American; AI: American Indian or Native Alaskan; AS: Asian; FI: Filipino; HI: Hispanic; MR: Two or More Races; PI: Pacific Islander or Native Hawaiian; WH: White

Goal Analysis [2022-23]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Stockton Unified School District was able to implement 9 of 9 overarching actions in goal 1 at varied degrees. Of these 9 actions, there are a total of 42 "Sub Actions" were identified to provide students with support and resources leading to the maintenance or most important improvements to their academic achievement.

Successes (Notated "Sub Actions"):

* Goal 1, Action 2:

~1.30 - Partner with Greater Stockton Chamber of Commerce Business Education Alliance (SA 11.13/1.30) was a huge success for the district as we were able to reignite and establish new partnerships with local businesses increasing the number of student apprenticeships and field trip opportunities to businesses providing students access to industries within our area.

* Goal 1, Action 5:

~1.6 - Teacher Collaboration, Professional Development, & Academic Support (SA 5.1/1.6) teachers (certificated staff) continued to receive protected collaboration time to support the vertical and horizontal alignment of instructional practices for their grade level and site level teams. They received professional development opportunities in-person based on their identified needs supporting instruction.

~1.7 - School Site Administrators Leadership Professional Learning Development (SA 5.2/1.7) site administrator (principals and assistant principals) received in-person professional development opportunities (i.e. master scheduling) supporting leadership and instruction.

~1.20 - District Departmental Budgets Focused On Increased Student Achievement - Research (SA 10.2/1.20) research staff have been instrumental in collection, analysis, and processing of data leading to public access of data dashboards for informed educational partner conversations and specific program implementation and effectiveness addressing student outcomes and achievement.

Substantive Difference (Notated "Sub Actions"):

* Goal 1, Action 1:

~1.28 - JROTC Teacher (SA 11.10/1.28) was not implemented in respect to the historical definition/description of this sub action for one high school site as there was not a funding allocation approved or progress reporting received.

* Goal 1, Action 2:

~1.26 - Public Safety Academy Program Leadership (SA 11.8/1.26) was not implemented as the school program was discontinued due to limited enrollment.

~1.29 - College Entrance Exams Administration and Access (Including Honors, AP, IB, Dual Enrollment) (SA 11.11/1.29) was not implemented as the district is working with educational partners to determine a system and scale of use increasing the access to assessments and A-G credits based on the University of California (UC) and California State University (CSU) discontinuation of college entrance exams as they are barrier to access into the college system. Credit equivalency exams/assessments were funded using another LCAP project 1.32 - College and Career Readiness Student Services & Support (SA 11.15/1.32).

~1.33 - In- School College Entrance Exam Administration for 11th and 12th grade students (Including Honors, AP, IB, Dual Enrollment) (SA 11.16/1.33) was not implemented as the district is working with educational partners to determine a system and scale of use increasing the access to assessments and A-G credits based on the University of California (UC) and California State University (CSU) discontinuation of college entrance exams as they are barrier to access into the college system. Credit equivalency exams/assessments were funded using another LCAP project 1.32 - College and Career Readiness Student Services & Support (SA 11.15/1.32).

* Goal 1, Action 3: English Language Development and Primary Language Support

~1.3 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3) - Although there was a financial material difference identified, modifications with staffing was initiated to support school sites in providing instructional coaching to teachers; therefore, the impact to services was not substantive.

~1.4 - English Language Development Coaching & Instructional Support (SA 3.2/1.4) - Although there was a financial material difference identified, modifications with staffing was initiated to support school sites in providing instructional coaching to teachers; therefore, the impact to services was not substantive.

~1.5 - English Language Proficiency Professional Development (SA 3.3/1.5) - Although there was a financial material difference identified, modifications with staffing was initiated to support school sites in providing instructional coaching to teachers; therefore, the impact to services was not substantive.

~1.20 - District Departmental Budgets Focused On Increased Student Achievement - LDO (SA 10.2/1.20) – Although there was a financial material difference identified, the use of other one-time funds covered expenditures; therefore, the impact to services was not substantive.

* Goal 1, Action 4:

~1.8 - Professional Learning Community Implementation, Professional Learning, & Curriculum Implementation (SA 6.1/1.8) – Professional development opportunities were continued throughout the school year, even though the cost of professional development expenditure was covered by other one-time funding; however, the project did not have funds approved for budgeting.

* Goal 1, Action 5:

~1.6 - Teacher Collaboration, Professional Development, & Academic Support (SA 5.1/1.6) - Professional development opportunities were continued throughout the school year, even though the cost of professional development was lessened due to vacant positions and alternative meeting venues. Although there was a financial material difference identified, the impact to services was not substantive.

~1.7 - School Site Administrators Leadership Professional Learning Development (SA 5.2/1.7) - Professional development opportunities were continued throughout the school year even though the cost of salary and retro pay increases for staff have been provided as a result of union bargaining agreements. Although there was a financial material difference identified, the impact to services was not substantive.

~1.20 - District Departmental Budgets Focused On Increased Student Achievement - Research (SA 10.2/1.20) – Although there was a financial material difference identified, the use of other one-time funds covered expenditures; therefore, the impact to services was not substantive.

* Goal 1, Action 7:

- ~1.9 - Learning and High School Credit Recovery Support & Programs (SA 7.3/1.9) - Although there was a financial material difference identified, the use of other one-time funds covered expenditures; therefore, the impact to services was not substantive.
 - ~1.10 - IEP and Student Data Meetings (SA 7.6/1.10) – Increased post pandemic student conditions resulted in additional compensation to implement action/service. Although there was a financial material difference identified, the use of other one-time funds covered expenditures; therefore, the impact to services was not substantive.
 - ~1.12 - Reading Intervention Support (SA 7.8/1.12) - Although there was a financial material difference identified, the use of other one-time funds covered expenditures; therefore, the impact to services was not substantive.
 - ~1.14 - Instructional Interventions & Academic Supports For Students At Small High Schools (SA 7.11/1.14) – Modifications to staffing to implement action/service due to vacant positions. Although there was a financial material difference identified, the impact to services was not substantive.
 - ~1.19 - School Site Budget Allocations (SA 10.1/1.19) - Although there was a financial material difference identified, the use of other one-time funds covered expenditures and modifications of staffing were made to support implementation; therefore, the impact to services was not substantive.
 - ~1.20 - District Departmental Budgets Focused On Increased Student Achievement - State and Federal (SA 10.2/1.20) - Although there was a financial material difference identified, the use of other one-time funds covered expenditures; therefore, the impact to services was not substantive.
 - ~1.35 - District Library and Literacy Support (SA 13.1/1.35) – No financial or implementation impacts occurred.
 - ~ Bilingual Assistants (New - 15% Add-On) – No financial or implementation impacts occurred.
 - ~ Library Media Assistants - High Schools (New - 15% Add-On) - Although there was a financial material difference identified, a slight delay in hiring occurred; therefore, the impact to services was not substantive.
 - ~ Math Intervention Support (New - 22-23 SY) - No financial or implementation impacts occurred.
- * Goal 1, Action 8:
- ~1.17 - After school tutoring, homework help, and enrichment (SA 9.1/1.17) direct student supports were implemented; however, due to another time sensitive funding source, the expenditures have been assumed under the Expanded Learning Opportunities Program (ELOP) grant funding.
 - ~118 - Expanded After school Program Offerings (SA 9.4/1.18) direct student supports were implemented; however, due to another time sensitive funding source, the expenditures have been assumed under the Expanded Learning Opportunities Program (ELOP) grant funding.
- * Goal 1, Action 9:
- ~ 1.1 - Student Technology For Learning & Connectivity (SA 1.1/1.1) - Although there was a financial material difference identified, the use of other one-time funds covered expenditures; therefore, the impact to services was not substantive.
 - ~ 1.2 - Laptop Learning Monitoring Software (SA 1.2/1.2) - No financial or implementation impacts occurred.
 - ~2.10 - Google Monitoring System (ELE 3.1/2.10) - No financial or implementation impacts occurred.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The district has elected to continue using 20% as the measure of material difference; therefore, over or under spending in excess of 20% will be reported and justified below. The following actions has material difference of more than 20% difference in expenditure:

Overall the estimated actual expenditures through June 30, 2023 for all actions within Goal 1 is \$42,211,707 resulting in 80% of allocated funds being expended.

1.1 - College and Career Readiness and A-G Supports reported estimated actual expenditures through June 30, 2023 is \$249,000, resulting in a 249% over expenditure of allocated funds for MESA activities. The correct allocation for 1.25 - Mathematics, Engineering, Science Achievement (MESA) Opportunities (SA 11.7/1.25) is included in the 2023-2024 LCAP.

1.2 - Additional and Supplemental: College and Career Readiness and A-G Supports reported estimated actual expenditures through June 30, 2023 is \$12,595,828, resulting in a 53% over expenditure of allocated funds. The reason for this is due to the salary and retro pay increases staff have been provided as a result of union bargaining agreements and in addition other sub-actions were much lower than actual.

1.3 - Additional and Supplemental: English Language Development and Primary Language Support reported estimated actual expenditures through June 30, 2023 is \$1,095,610, resulting in a 63% under expenditure of allocated funds. The reason for this is due to the inability to fill vacant positions and other one-time funds covered the cost of expenditures.

1.5 - Additional and Supplemental: Educator Development and Implementation of Professional Learning Communities reported estimated actual expenditures through June 30, 2023 is \$12,871,786, resulting in a 24% under expenditure of allocated funds. The reason for this is due to the inability to fill vacant positions.

1.6 - Targeted Learning Recovery and Acceleration of Instructional and Intervention Supports reported estimated actual expenditures through June 30, 2023 is \$1,467,198, resulting in a 37% over expenditure of allocated funds for AVID expenditures. The correct allocation for 1.21 - Advancement via Individual Determination Program (AVID) (SA 11.2/1.21) is included in the 2023-2024 LCAP.

1.7 - Additional and Supplemental: Targeted Learning Recovery and Acceleration of Instructional and Intervention Supports reported estimated actual expenditures through June 30, 2023 is \$11,841,346, resulting in a 36% under expenditure of allocated funds. The reason for this is due to the inability to fill vacant positions and other one-time funds covered the cost of expenditures.

1.8 - Additional and Supplemental: Expanded Learning Opportunities: Extended Day/Year Programs reported estimated actual expenditures through June 30, 2023 is \$1,175,728, resulting in a 69% under expenditure of allocated funds. The reason for this is due to other one-time funds covered the cost of expenditures.

1.9 - Additional and Supplemental: Educational Technology, Software, & Technical Support reported estimated actual expenditures through June 30, 2023 is \$915,212, resulting in a 34% under expenditure of allocated funds. The reason for this is due to other one-time funds covered the cost of expenditures.

An explanation of how effective the specific actions were in making progress toward the goal.

Academic Assessments: Statewide assessments, administered to all students, will provide the most accurate picture of student academic performance. Statewide assessment data is currently available and is considered to be a new baseline post COVID-19 pandemic stoppages. The district continues to use iReady assessments data to demonstrate academic performance and progress implementing state standards.

CAASPP – ELA (Metric 4A): The district has made headway towards improving outcomes for the following student groups from Year 2 Outcomes compared to Baseline:

- * Foster Youth – 12.99%
- * English Learners – 3.37%
- * American Indian/Alaskan Native – .47%
- * Homeless – 14.01%

Further review of data comparisons to the district revealed six student groups outperformed the district in Year 2:

- * American Indian/Alaskan Native – 4.97%
- * Asian – 13.93%
- * Filipino – 23.15%
- * Multi Race – 3.14%
- * Pacific Islander/Native Hawaiian – .28%
- * White – 3.82%

Supporting Actions/Sub Actions:

- * Goal 1, Action 3:
 - ~1.3 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3)
 - ~1.5 - English Language Proficiency Professional Development (SA 3.3/1.5)
- * Goal 1, Action 5:
 - ~1.6 - Teacher Collaboration, Professional Development, & Academic Support
- * Goal 1, Action 6:
 - ~1.36 - Student Access To Ebooks
- * Goal 1, Action 7:
 - ~1.19 - School Site Budget Allocations
 - ~1.35 - District Library and Literacy Support

* Goal 1, Action 8:

~1.17 - Afterschool tutoring, homework help, and enrichment

~1.18 - Expanded Afterschool Program Offerings

CAASPP – Math (Metric 4A): The district has made headway towards improving outcomes for the following student groups from Year 2

Outcomes compared to Baseline:

* Foster Youth – 5.26%

* English Learners – 1.51%

* Homeless – 5.03%

Further review of data comparisons to the district revealed four student groups outperformed the district in Year 2.

* Asian – 12.12%

* Filipino – 19.52%

* Multi Race – 3.64%

* White – 3.46%

Supporting Actions/Sub Actions:

* Goal 1, Action 3:

~1.3 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3)

~1.5 - English Language Proficiency Professional Development (SA 3.3/1.5)

* Goal 1, Action 5:

~1.6 - Teacher Collaboration, Professional Development, & Academic Support

* Goal 1, Action 6:

~1.36 - Student Access To Ebooks

* Goal 1, Action 7:

~1.19 - School Site Budget Allocations

~1.35 - District Library and Literacy Support

* Goal 1, Action 8:

~1.17 - Afterschool tutoring, homework help, and enrichment

~1.18 - Expanded Afterschool Program Offerings

iReady – ELA (Metric 4A): The district has shown an overall increase of 3rd - 8th grade students being at grade level for English language arts (ELA) comparing Winter Year 2 Outcome (25.80%) to Year 1 Outcome (22.80%) resulting all students demonstrating a 3-percentage point increase.

The district has made headway towards improving outcomes for the following student groups:

- * Students with Disabilities – 2.19 percentage points
- * African American/Black – 3.42 percentage points
- * American Indian/Alaskan Native – 7.64 percentage points
- * Asian – 5.43 percentage points
- * Filipino – 2.76 percentage points
- * Hispanic – 2.96 percentage points
- * Multi Race – .39 percentage points
- * Pacific Islander/Native Hawaiian – 2.45 percentage points
- * White – 2.01 percentage points

Further review of data comparisons to the district revealed one student group, White, outperformed the district by 6.4 percentage points.

Supporting Actions/Sub Actions:

- * Goal 1, Action 3:
 - ~1.3 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3)
 - ~1.5 - English Language Proficiency Professional Development (SA 3.3/1.5)
- * Goal 1, Action 5:
 - ~1.6 - Teacher Collaboration, Professional Development, & Academic Support
- * Goal 1, Action 6:
 - ~1.36 - Student Access To Ebooks
- * Goal 1, Action 7:
 - ~1.19 - School Site Budget Allocations
 - ~1.35 - District Library and Literacy Support
- * Goal 1, Action 8:
 - ~1.17 - Afterschool tutoring, homework help, and enrichment
 - ~1.18 - Expanded Afterschool Program Offerings

iReady – Math (Metric 4A): The district has shown an overall increase of 3rd - 8th grade students being at grade level for Math comparing Year 2 Outcome (17.6%) to Year 1 Outcome (16.33%) resulting all students demonstrating a 1.27 percentage point increase.

The district has made headway towards improving outcomes for the following student groups:

- * Students with Disabilities – 1.22 percentage points
- * African American/Black – 1.22 percentage points
- * American Indian/Alaskan Native – 2.11 percentage points
- * Asian – 7.23 percentage points

- * Filipino – 4.73 percentage points
- * Hispanic – 1.02 percentage points
- * Multi Race – 2.72 percentage points
- * Pacific Islander/Native Hawaiian – 5.92 percentage points
- * White – 11.8 percentage points

Further review of data comparisons to the district revealed five student groups outperformed the district. These subgroups are:

- * Asian – 12.6 percentage points
- * Filipino – 23.8 percentage points
- * Multi Race – 5.9 percentage points
- * Pacific Islander/Native Hawaiian – 1.7 percentage points
- * White – 12.4 percentage points

Supporting Actions/Sub Actions:

- * Goal 1, Action 3:
 - ~1.3 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3)
 - ~1.5 - English Language Proficiency Professional Development (SA 3.3/1.5)
- * Goal 1, Action 5:
 - ~1.6 - Teacher Collaboration, Professional Development, & Academic Support
- * Goal 1, Action 6:
 - ~1.36 - Student Access To Ebooks
- * Goal 1, Action 7:
 - ~1.19 - School Site Budget Allocations
 - ~1.35 - District Library and Literacy Support
- * Goal 1, Action 8:
 - ~1.17 - Afterschool tutoring, homework help, and enrichment
 - ~1.18 - Expanded Afterschool Program Offerings

CA Science Test (CAST) (Metric 4A): The district has shown an increase in the percentage of all 5th, 8th, 11th, and 12th grade students meeting standards comparing Year 2 Outcome (12.41%) to Baseline (12.19%) resulting a .22% percentage point increase.

Supporting Actions/Sub Actions:

- * Goal 1, Action 2:
 - ~1.25 - Mathematics, Engineering, Science Achievement (MESA) Opportunities (SA 11.7/1.25)
 - ~1.24 - Career Technical Education Pathways Access (SA 11.6/1.24)
 - ~1.27 - Engineering Career Pathways and STEM Resources and Support (SA 11.9/1.27)

* Goal 1, Action 7:

~1.19 - School Site Budget Allocations

* Goal 1, Action 8:

~ Outdoor Education/Elementary Science Camp (22-23 SY/142)

CSU/UC A-G College Entrance Requirements (Metric 4B): The district has made headway towards improving outcomes for the following student groups when comparing Year 2 Outcomes to Year 1 Outcomes:

* Foster Youth – 5.3 percentage points

* Students with Disabilities – 2.2 percentage points

* American Indian/Alaskan Native – 1.3 percentage points

* Filipino – 11 percentage points

* Homeless – .8 percentage points

* Multi Race – 8.2 percentage points

Further review of data comparisons to the district overall revealed 4 student groups outperforming the district. These subgroups are:

* American Indian/Alaskan Native - 2.8 percentage points

* Asian – 12.2 percentage points

* Filipino – 35.1 percentage points

* Multi Race – 2.1 percentage points

Supporting Actions/Sub Actions:

* Goal 1, Action 2:

~1.24 - Career Technical Education Pathways Access (SA 11.6/1.24)

~1.34 - Increased Student Access to A-G High School Courses (SA 12.2/1.34)

* Goal 1, Action 7:

~1.21 - Advancement via Individual Determination Program (AVID) (SA 11.2/1.21)

* Goal 1, Action 7:

~1.9 - Learning and High School Credit Recovery Support & Programs (SA 7.3/1.9)

~1.14 - Instructional Interventions & Academic Supports For Students At Small High Schools (SA 7.11/1.14)

~1.19 - School Site Budget Allocations

* Goal 1, Action 8:

~ Outdoor Education/Elementary Science Camp (22-23 SY/142)

English Language Development (Metric 4E): The district has shown an overall increase in the percentage of English Language Learner progress comparing Year 2 Outcome (51%) to Baseline (43.6%) resulting in a 7.4% percentage point increase.

Supporting Actions/Sub Actions:

* Goal 1, Action 3:

- ~1.3 - Bilingual instructional program support for K-12th grade students (SA 3.1/1.3)
- ~1.4 - English Language Development Coaching & Instructional Support (SA 3.2/1.4)
- ~1.5 - English Language Proficiency Professional Development (SA 3.3/1.5)
- ~1.20 - District Departmental Budgets Focused On Increased Student Achievement - LDO (SA 10.2/1.20)

* Goal 1, Action 5:

- ~1.6 - Teacher Collaboration, Professional Development, & Academic Support
- ~1.7 - School Site Administrators Leadership Professional Learning Development (SA 5.2/1.7)

* Goal 1, Action 6:

- ~1.36 - Student Access To Ebooks

* Goal 1, Action 7:

- ~1.19 - School Site Budget Allocations
- ~1.20 - District Departmental Budgets Focused On Increased Student Achievement - State and Federal (SA 10.2/1.20)
- ~ Bilingual Assistants (22-23 SY/138)

Advanced Placement (Metric 4G): The district has shown an overall increase in the percentage of students who pass at least one Advanced Placement (AP) exam with a score of 3 or higher comparing Year 2 Outcome (24%) to Year 1 Outcome (18%) resulting in a 6 percentage point increase.

Supporting Actions/Sub Actions:

* Goal 1, Action 2:

- ~1.22 - Career Center Development & Resources (SA 11.3/1.22)
- ~1.23 - High School Student Data Support (SA 11.5/1.23)
- ~1.31 - Career Exploration Software and Programs (SA 11.14/1.31)
- ~1.32 - College and Career Readiness Student Services & Support (SA 11.15/1.32)

* Goal 1, Action 6:

- ~1.21 - Advancement via Individual Determination Program (AVID) (SA 11.2/1.21)

* Goal 1, Action 7:

- ~1.14 - Instructional Interventions & Academic Supports For Students At Small High Schools (SA 7.11/1.14)
- ~1.19 - School Site Budget Allocations
- ~1.34 - Increased Student Access to A-G High School Courses (SA 12.2/1.34)

Graduation Rate (Metric 5E): The district has demonstrated an overall graduation rate of 83.1%.

Further review of data comparisons to the district overall revealed four student groups outperformed the district. These subgroups are:

- * American Indian/Alaskan Native – 8.3 percentage points
- * Asian – 6.5 percentage points
- * Filipino - 12.6 percentage points
- * Pacific Islander/Native Hawaiian – 16.9 percentage points

Supporting Actions/Sub Actions:

- * Goal 1, Action 2:
 - ~1.22 - Career Center Development & Resources (SA 11.3/1.22)
 - ~1.23 - High School Student Data Support (SA 11.5/1.23)
 - ~1.24 - Career Technical Education Pathways Access (SA 11.6/1.24)
 - ~1.32 - College and Career Readiness Student Services & Support (SA 11.15/1.32)
- * Goal 1, Action 6:
 - ~1.21 - Advancement via Individual Determination Program (AVID) (SA 11.2/1.21)
- * Goal 1, Action 7:
 - ~1.9 - Learning and High School Credit Recovery Support & Programs (SA 7.3/1.9)
 - ~1.14 - Instructional Interventions & Academic Supports For Students At Small High Schools (SA 7.11/1.14)
 - ~1.19 - School Site Budget Allocations
 - ~1.34 - Increased Student Access to A-G High School Courses (SA 12.2/1.34)

Golden State Seal Merit Diploma (Metric 8A): The district has shown an overall increase in the number of students earning a Golden State Seal Merit Diploma comparing Year 2 Outcome (303) to Year 1 Outcome (216) resulting in an increase of 87 students.

Supporting Actions/Sub Actions:

- * Goal 1, Action 2:
 - ~1.22 - Career Center Development & Resources (SA 11.3/1.22)
 - ~1.23 - High School Student Data Support (SA 11.5/1.23)
 - ~1.24 - Career Technical Education Pathways Access (SA 11.6/1.24)
- * Goal 1, Action 6:
 - ~1.21 - Advancement via Individual Determination Program (AVID) (SA 11.2/1.21)
- * Goal 1, Action 7:
 - ~1.9 - Learning and High School Credit Recovery Support & Programs (SA 7.3/1.9)
 - ~1.14 - Instructional Interventions & Academic Supports For Students At Small High Schools (SA 7.11/1.14)
 - ~1.19 - School Site Budget Allocations

~1.34 - Increased Student Access to A-G High School Courses (SA 12.2/1.34)

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

LCAP metrics were update:

~4E – ELPAC data was update in Baseline and Year 1 Outcomes.

~5E – Graduation Rate – changes the data source from DataQuest to Dashboard in Year 2 Outcomes.

No changes were made to goal 1 description.

Changes to Overarching Actions:

~ Removed "Contributing" and "Non-Contributing" references from Action Title column/field as it is redundant and referenced in the Contributing column/field.

~ Updated all action descriptions to include “sub action” project descriptions for clarify.

~ Updated all action descriptions, specifically, “sub action” project references to include a three-digit project number. This will allow for ease of resource tracking and reference within the district’s financial system and identification of projects activities within the 2023-2024 LCAP.

“Sub Action” changes:

* Goal 1, Action 2:

~126 - Public Safety Academy Program Leadership (SA 11.8/1.26/126) will be discontinued because school program lacked enrollment. This “sub” action will be merged with 127 - Engineering Career Pathways and STEM Resources and Support (SA 11.9/1.27/127) to support other pathway resources and will remain in the numbering sequence with a reference of the discontinuation and merge for Year 3 of this 2021-2024 LCAP plan.

~127 - Engineering Career Pathways and STEM Resources and Support (SA 11.9/1.27/127) will include “sub” actions 124 - Career Technical Education Pathways Access (SA 11.6/1.24/124), 126 - Public Safety Academy Program Leadership (SA 11.8/1.26/126), and 130 - Partner with Greater Stockton Chamber of Commerce Business Education Alliance (SA 11.13/1.30/130).

~129 - College Entrance Exams Administration and Access (SA 11.11/1.29/129) will include “sub” action 133 - In-School College Entrance Exam Administration for 11th and 12th grade students (SA 11.16/1.33/133). This merge allows for a streamlined wholistic approach for the coordination and implementation of resources and supports.

~130 - Partner with Greater Stockton Chamber of Commerce Business Education Alliance (SA 11.13/1.30/130) “sub” action will merge with “sub” action 127 - Engineering Career Pathways and STEM Resources and Support (SA 11.9/1.27/127) and will remain in the numbering sequence with a reference of the merge for Year 3 of this 2021-2024 LCAP plan.

~133 - In-School College Entrance Exam Administration for 11th and 12th grade students (SA 11.16/1.33/133) “sub” action will merge with “sub” action 129 - College Entrance Exams Administration and Access (SA 11.11/1.29/129) and will remain in the numbering sequence with a reference of the merge for Year 3 of this 2021-2024 LCAP plan.

* Goal 1, Action 4:

~108 - Professional Learning Community Implementation, Professional Learning, & Curriculum Implementation (SA 6.1/1.8/108) extended the project to Action 1.5: Additional and Supplemental: Educator Development and Implementation of Professional Learning Communities due to contributing funding support.

* Goal 1, Action 7:

~110 - IEP and Student Data Meetings (SA 7.6/1.10/110) moved from Action 1.7 to Action 1.6 - Targeted Learning Recovery and Acceleration of Instructional and Intervention Supports due to the activities being basic services.

~124 - Career Technical Education Pathways Access (SA 11.6/1.24/124) will merge with “sub” action 127 - Engineering Career Pathways and STEM Resources and Support (SA 11.9/1.27/127) will remain in the numbering sequence with a reference of the merge for Year 3 of this 2021- 2024 LCAP plan.

~141 - Special Education Inclusion Teachers moved from Action 1.7 to Action 1.6 - Targeted Learning Recovery and Acceleration of Instructional and Intervention Supports due to the activities being basic services.

~146 - District Departmental Budgets Focused On Increased Student Achievement - Early Childhood Education ECE (SA 10.2/1.20/120) - (23-24 SY - 146) was added as a separate allocation broke out from District Departmental Budgets Focused On Increased Student Achievement - State and Federal (SA 10.2/1.20/120)

~147 - District Departmental Budgets Focused On Increased Student Achievement - Curriculum (SA 10.2/1.20/120) - (23-24 SY - 147) was added as a separate allocation broke out from District Departmental Budgets Focused On Increased Student Achievement - State and Federal (SA 10.2/1.20/120)

~148 - District Departmental Budgets Focused On Increased Student Achievement - Educational Services (SA 10.2/1.20/120) - (23-24 SY - 148) was added as a separate allocation and line item broke out from District Departmental Budgets Focused On Increased Student Achievement - State and Federal (SA 10.2/1.20/120). A new description was added to clarify proposed activities.

A report of the Total Estimated Actual Expenditures for last year’s actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year’s actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
2	Provide equitable and healthy learning environments that enhance the social-emotional and academic learning for all students utilizing a Multi-Tiered System of Supports (MTSS).

An explanation of why the LEA has developed this goal.

Educational partner feedback and review of school climate data continues to highlight the need to develop learning environments that are inclusive and culturally responsive. The actions within this goal are designed to promote equitable and healthy learning environments through the development and implementation of multidimensional supports that address students’ academic and social-emotional needs through the Multi-Tiered System of Supports (MTSS).

SUSD will monitor and evaluate the actions by collecting and reviewing suspension and expulsion data, and educational partner feedback specific to feelings of connectedness and safety that will provide evidence of the impact of the actions on student connectedness.

Select metrics will be reported for All students and specific student groups using the following abbreviations:
 ALL: All Students; FY: Foster Youth; EL: English Learner; SED: Socioeconomically Disadvantaged; SWD: Students with Disabilities; AA: African American; AI: American Indian or Native Alaskan; AS: Asian; FI: Filipino; HI: Hispanic; MR: Two or More Races; PI: Pacific Islander or Native Hawaiian; WH: White

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
(1A) Percentage of teachers appropriately assigned and fully credentialed in the subject area(s) and for the students they are teachers.	87.87% (2020-2021)	89% (2021-2022) SARC data not published; local calculation provided	88% (2022-2023) SARC data not published; local calculation provided.		100%

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
(Data Source: SARC)		using SARC definitions.			
(1C) Percentage of school facilities maintained in good repair or exemplary. (Data Source: FIT Report, Local Indicator PowerPoint)	67.3% (2020-2021)	94.3% (2021-2022)	58.4% (2022-2023)		100%

2.12	Additional and Supplemental: Facility & Campus Safety Support	<p>These additional services are based on identified needs and are intended to increase and/or improve maintenance and campus safety at school sites that includes maintaining clean and safe school environments through staffing resulting in the promotion of school connectedness for unduplicated pupils.</p> <p>Custodians are an essential component that promotes a positive and welcoming school environment. They not only provide care of assigned buildings and grounds, but they are integral to the positive connections that support unduplicated pupils in being connected to their school.</p> <p>"Sub Actions" from the 2021-2022 LCAP: * 228 - Custodial staff at school sites - \$5,118,413.00</p> <p>State Priorities: 1 Metrics: 1C</p>	\$5,118,413.00	Yes

Goal Analysis [2022-23]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Stockton Unified School District was able to implement 12 of 12 overarching actions in goal 2 at varied degrees. Of these 12 actions, there are a total of 33 projects or “sub” actions identified to provide students with support and resources that continues to promote educational equity, diversity, inclusion and access to the Multi-Tiered System of Supports (MTSS) throughout the district.

Successes (Notated “sub” actions):

* Goal 2, Action 2:

~2.6 - Behavior Intervention Team Services (ELE 2.7/2.6) students, including students in Special Education, have been recipients of supports as district psychologists, counselors, mental health clinicians, behavioral support specialists, and site administrators (principals and assistant principals) participated various trainings that support practices and strategies identifying threats and responding to crisis situations. Case

management supports were provided directly to students based on referrals in the consultation, assessment and behavior planning, and behavior intervention and supports.

* Goal 2, Action 4:

~1.13 - New Teacher Support (SA 7.9/1.13) provide new/beginning teachers with weekly "just-in time" support and guidance on completing credential requirements. Professional development support is provided during designated district professional development days and through bi-monthly support sessions. Challenges experienced have been around securing highly qualified site support and/or mentor teachers surface when a subject-matter and/or credential type "like" match cannot be facilitated.

* Goal 2, Action 7:

~2.21 - Mental Health Clinicians (ELE 9.15/2.21) direct services to students who may benefit from school-based mental health services. Services provided include trauma-informed, evidence-based practices in individual, group, and family therapy for students to support student attendance and access to their educational and academic experiences.

~2.24 - School Counselors (ELE 10.1/2.24) are assigned and work in collaboration with school site teams to develop equitable and healthy learning environments that enhance the social-emotional and academic learning for all students. Specifically, counselors have been able to provide essential tier one lessons and identify students for small support groups to ensure all students develop and can demonstrate the attitudes, knowledge and skills that lead to success in school and beyond.

* Goal 2, Action 8:

~2.7 - Assistant Principal Restoration At TK-8th Grade School Sites (ELE 2.8/2.7) site administrator (principals and assistant principals) received in-person professional development opportunities (i.e. master scheduling) supporting leadership and instruction.

* Goal 2, Action 9:

~2.2 - Staffing Support Resources For High Needs Specialized Positions (ELE 2.1/2.2) many recruiting events have been held resulting in offered hiring bonuses and tuition assistance for many of our specialized certificated positions. This has helped to draw people to our district to serve our students with special needs, ELs, and students who struggle with academic deficits due to the pandemic or other mitigating factors.

Substantive Difference (Notated "sub" actions):

* Goal 2, Action 1:

~2.8 - Educational Equity Director & Office Asst (\$13K Supplies) (ELE 2.9/2.8) the director position supporting educational equity has been vacant throughout the year and no support staff have been assigned.

* Goal 2, Action 3:

~2.3 - New Teacher Training (ELE 2.2/2.3) the activities of this project appear have been enveloped into the new teacher support "sub action" 1.13 - New Teacher Support (SA 7.9/1.13).

~1.15 - Instructional Coaches (SA 8.1/1.15) school sites have been assigned Instructional Coaches; however, many vacancies exist. Hiring barriers have hindered filling these positions as the pool of qualified candidates typically move up from being a classroom teacher, which then leaves a vacancy in the classroom. The district has opted to hold off on hiring these positions until the teacher vacancies are significantly reduced.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The district has elected to continue using 20% as the measure of material difference; therefore, over or under spending in excess of 20% will be reported and justified below. The following actions has material difference of more than 20% difference in expenditure:

Overall the estimated actual expenditures through June 30, 2023 for all actions within Goal 2 is \$53,821,714 resulting in 86% of allocated funds being expended.

2.1 - Additional and Supplemental: Educational Equity, Diversity, and Inclusion reported estimated actual expenditures through June 30, 2023 is \$75,412, resulting in a 91% under expenditure of allocated funds. The reason for this is due to district administration changes and the inability to fill vacant positions.

2.4 - Additional and Supplemental: Development of High-Quality Teachers, Substitutes, Administrators, and Staff reported estimated actual expenditures through June 30, 2023 is \$1,700,753, resulting in a 68% under expenditure of allocated funds. The reason for this is due to the inability to fill vacant positions and other one-time funds covered the cost of expenditures.

2.11 - Facility & Campus Safety Support reported estimated actual expenditures through June 30, 2023 is \$656,450, resulting in a 119% over expenditure of allocated funds. The reason for this is due to the increase of expenditures for eligible activities based on prior year estimates.

An explanation of how effective the specific actions were in making progress toward the goal.

Suspension Rates (Metric 6A): The district has shown an overall suspension rate, 5%, for all students comparing Year 2 Outcome.

Further review of data comparisons to the district revealed five student groups outperformed the district:

- * English Learners – 1.1 percentage points below
- * Asian – 2.8 percentage points below
- * Filipino – 3.1 percentage points below
- * Hispanic - .5 percentage points below
- * Pacific Islander/Native Hawaiian – 1.1 percentage points below

Supporting Actions/Sub Actions:

* Goal 2, Action 1:

- ~2.8 - Educational Equity Director & Office Asst (\$13K Supplies) (ELE 2.9/2.8)
- ~2.26 - LGBTQ+ Equity and Inclusion Workshops and Training (ELE 10.4/2.26)
- ~3.18 - Native American Outreach and Support (MP 7.6/3.18)

* Goal 2, Action 2

- ~2.4 - Positive Behavior Interventions and Support (PBIS) (ELE 2.3/2.4)
- ~2.5 - Student Assistance Program support (SAP) (ELE 2.6/2.5)
- ~2.6 - Behavior Intervention Team Services (ELE 2.7/2.6)

* Goal 2, Action 4:

- ~1.13 - New Teacher Support (SA 7.9/1.13)

* Goal 2, Action 5:

- ~2.16 - Social Services For Families In Transition (ELE 7.3/2.16)

* Goal 2, Action 6:

- ~2.15 - Social Services For Foster Youth Students (ELE 7.2/2.15)
- ~3.17 - Central Enrollment Direct Services To Families (MP 7.5/3.17)

* Goal 2, Action 7:

- ~2.18 - Healthy Start Coordinators (ELE 8.2/2.18)
- ~2.19 - Community Resource Liaison Program Coordinator (ELE 8.3/2.19)
- ~2.20 - Wellness Centers Staffing Support (ELE 8.6/2.20)
- ~2.21 - Mental Health Clinicians (ELE 9.15/2.21)
- ~2.22 - Trauma-Informed Care and Responsive Schools (ELE 9.16/2.22)
- ~2.24 - School Counselors (ELE 10.1/2.24)
- ~2.25 - Restorative Practices and Responsive Schools (ELE 10.3/2.25)
- ~2.27 - School Psychologists (21-22 SY/2.27)

* Goal 2, Action 12:

- ~2.28 - Custodial Staff (21-22 SY/2.28)

Expulsion Rates (Metric 6B): The district has not shown an overall decrease in the expulsion rate for all students comparing Year 2 Outcome (.10%) to Baseline (.08%) resulting all students demonstrating a .02 percentage point increase.

However, the district has made headway towards improving outcomes for the following student groups:

- * Foster Youth – .58 percentage points decrease
- * English Learners – .02 percentage points decrease
- * Students with Disabilities – .06 percentage points decrease

- * African American/Black – .12 percentage points decrease
- * Asian – .06 percentage points decrease
- * Hispanic – .06 percentage points decrease
- * Homeless – .2 percentage points decrease
- * White – .2 percentage points decrease

Further review of data comparisons to the district revealed eight groups Foster Youth, English Learners, Students with Disabilities, Asian, Filipino, Hispanic, Pacific Islander/Native Hawaiian, and White outperformed the district a percentage of 0% resulting in .10 percentage points below the district.

Three student groups (Socio Economically Disadvantaged, African American/Black and Multi Race equaled the district at .10%

Supporting Actions/Sub Actions:

- * Goal 2, Action 1:
 - ~2.8 - Educational Equity Director & Office Asst (\$13K Supplies) (ELE 2.9/2.8)
 - ~2.26 - LGBTQ+ Equity and Inclusion Workshops and Training (ELE 10.4/2.26)
 - ~3.18 - Native American Outreach and Support (MP 7.6/3.18)
- * Goal 2, Action 2
 - ~2.4 - Positive Behavior Interventions and Support (PBIS) (ELE 2.3/2.4)
 - ~2.5 - Student Assistance Program support (SAP) (ELE 2.6/2.5)
 - ~2.6 - Behavior Intervention Team Services (ELE 2.7/2.6)
- * Goal 2, Action 4:
 - ~1.13 - New Teacher Support (SA 7.9/1.13)
- * Goal 2, Action 5:
 - ~2.16 - Social Services For Families In Transition (ELE 7.3/2.16)
- * Goal 2, Action 6:
 - ~2.15 - Social Services For Foster Youth Students (ELE 7.2/2.15)
 - ~3.17 - Central Enrollment Direct Services To Families (MP 7.5/3.17)
- * Goal 2, Action 7:
 - ~2.18 - Healthy Start Coordinators (ELE 8.2/2.18)
 - ~2.19 - Community Resource Liaison Program Coordinator (ELE 8.3/2.19)
 - ~2.20 - Wellness Centers Staffing Support (ELE 8.6/2.20)
 - ~2.21 - Mental Health Clinicians (ELE 9.15/2.21)
 - ~2.22 - Trauma-Informed Care and Responsive Schools (ELE 9.16/2.22)
 - ~2.24 - School Counselors (ELE 10.1/2.24)
 - ~2.25 - Restorative Practices and Responsive Schools (ELE 10.3/2.25)
 - ~2.27 - School Psychologists (21-22 SY/2.27)

* Goal 2, Action 12:
~2.28 - Custodial Staff (21-22 SY/2.28)

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

LCAP metrics:

~ 6A – Suspension rate data source in Year 2 has been changed to CA School Dashboard.
~ 6C – Added breakout of student groups in Year 2 Outcome, and Desired Outcome.

No changes were made to goal 2 description.

Changes to Overarching Actions:

~ Removed "Contributing" and "Non-Contributing" references from Action Title column/field as it is redundant and referenced in the Contributing column/field.
~ Updated all action descriptions to include "sub action" project descriptions for clarify.
~ Updated all action descriptions, specifically, "sub action" project references to include a three-digit project number. This will allow for ease of resource tracking and reference within the district's financial system and identification of projects activities within the 2023-2024 LCAP.

"Sub Action" changes:

* Goal 2, Action 1:

~223 - Ethnic Studies (ELE 10.4/2.23) reinstated action removed from the 2022-2023 LCAP.

* Goal 2, Action 4:

~113 - New Teacher Support (SA 7.9/1.13/113) will include "sub action" 116 - New Teacher Support (SA 8.3/1.16/116).
~116 - New Teacher Support (SA 8.3/1.16/116) will merge with "sub action" 113 - New Teacher Support (SA 7.9/1.13/113) will remain in the numbering sequence with a reference of the merge for Year 3 of this 2021-2024 LCAP plan.

* Goal 2, Action 11:

~229 - Student and Campus Safety - NEW 23-24 (23-24 SY/229) added new action to Action 2.11: Facility & Campus Safety Support

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
3	Create a culture of inclusion and collaboration with families and community stakeholders that builds meaningful partnerships focused on increasing student engagement and family and community participation in support of developing leadership at all levels.

An explanation of why the LEA has developed this goal.

SUSD local data shows the need to continue to focus on outreach and involvement to engage families and the community. The actions within this goal are designed to promote, build and support meaningful relationships among students, school site personnel, families and community agencies. The actions aligned to the goal will promote student attendance and family involvement through equitable student access to arts, music, sports, and leadership experiences. In addition, actions include communication of involvement opportunities with families that lead to increased student engagement and connectedness to the school.

We will monitor and evaluate the actions within the goal by collecting and reviewing specific data including attendance, chronic absenteeism, middle school drop-out and educational partnership feedback. This data will provide evidence of the impact of the engagement efforts and community partnerships.

Select metrics will be reported for All students and specific student groups using the following abbreviations:
 ALL: All Students; FY: Foster Youth; EL: English Learner; SED: Socioeconomically Disadvantaged; SWD: Students with Disabilities; AA: African American; AI: American Indian or Native Alaskan; AS: Asian; FI: Filipino; HI: Hispanic; MR: Two or More Races; PI: Pacific Islander or Native Hawaiian; WH: White

Goal Analysis [2022-23]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Stockton Unified School District was able to implement 7 of 7 overarching actions in goal 3 at varied degrees. Of these 7 actions, there are a total of 19 projects or “sub” actions identified to provide students with support and resources leading to increased attendance and parent/community engagement.

Successes (Notated “sub” actions):

* Goal 3, Action 5:

~3.5 - Student Clubs and Career Job-Skill Based Experiences (MP 4.1/3.5) funded K-8 and high school teams to participate in VEX robotics clubs and competitions as well as Career Technical Student Organizations (CTSO) such as SkillsUSA, FFA, and HOSA to participate in regional, state, and national competitions and conferences.

~3.6 - Student Leadership & Engagement Experiences (MP 4.2/3.6) most school participate in the PLUS program that provides access to more than 1,200 students who serve as PLUS leaders. PLUS leaders were trained in, and implemented, strategies for student engagement such as: student-led forums, student surveys, cross-age mentoring and tutoring, rewards and acknowledgement systems, classroom presentations and lessons, regularly scheduled lunch time activities, and prevention efforts for ATOD (Alcohol, Tobacco, and other Drugs) use. PLUS Forums students discussed student-led solutions related to bullying based on SES, culture and race, language, and living situations, among other issues faced by students at schools such as: vaping, bullying, school safety, mental health, and disrespect.

~3.9 - Student Access To Leadership Conferences (MP 4.8/3.9) students were provided the opportunity to attend student engagement activities that developed leadership and advocacy skills by attending the annual Black Students of California United Leadership Conference at the University of California Santa Cruz in March 2023. In addition, we were able to send 100 SUSD students and family members to a musical at Delta college focused on deepening connections to our community and historical roots during Black History Month. Three teachers attended the CADA conference to gain new engagement strategies that are culturally relevant to increase and improve student engagement opportunities.

Substantive Difference (Notated “sub” actions):

* Goal 3, Action 2:

~3.19 – Family Resource Center Hubs was not developed or implemented during this project year.

* Goal 3, Action 3:

~3.16 - Universal Transportation Access For SUSD Students (MP 7.4/3.16) district administration negotiated a Memorandum of Understanding for bus passes allowing student in grades 7-12 to access public transportation. The funding allocation was under estimated and the impact to services was not substantive.

* Goal 3, Action 4:

~3.14 - Student Attendance Accountability & Family Outreach (MP 7.1/3.14/314) Modifications to staffing to implement action/service due to vacant positions. Although there was a financial material difference identified, the impact to services was not substantive.

~3.15 - Truancy Intervention and Outreach (MP 7.2/3.15) Although there was a financial material difference identified and the limitations of purchasing deadlines limited expenditures in the 4th quarter, the impact to services was not substantive.

* Goal 3, Action 5:

~3.7 - Student Clubs & Activities (Pentathlon) (MP 4.4/3.7) activity has typically been connected to minimal number of school sites; therefore, implementation is limited.

* Goal 3, Action 6:

~3.7 - Student Clubs & Activities (Kennedy Games) (MP 4.4/3.7) the activity has not been active since 2018.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The district has elected to continue using 20% as the measure of material difference; therefore, over or under spending in excess of 20% will be reported and justified below. The following actions has material difference of more than 20% difference in expenditure:

Overall the estimated actual expenditures through June 30, 2023 for all actions within Goal 3 is \$12,349,667 resulting in 65% of allocated funds being expended.

3.2 - Additional and Supplemental: Family and Community Communication, Empowerment, and Engagement reported estimated actual expenditures through June 30, 2023 is \$1,530,815, resulting in a 78% under expenditure of allocated funds. The reason for this is due to the Family Resource Center Hubs not be planned and implemented.

3.3 - Student Attendance and Accountability reported estimated actual expenditures through June 30, 2023 is \$800,000, resulting in a 100% over expenditure of allocated funds. The reason for this is due to the negotiated Memorandum of Understanding (MOU) increasing the financial obligation for two years. The correct allocation is included in the 2023-2024 LCAP.

3.4 - Additional and Supplemental: Student Attendance and Accountability reported estimated actual expenditures through June 30, 2023 is \$890,749, resulting in a 61% under expenditure of allocated funds. The reason for this is due to purchasing deadline limitations and staffing shortage challenges.

An explanation of how effective the specific actions were in making progress toward the goal.

School Attendance Rate (Metric 5A): The district has shown an overall increase in the school attendance rate for all students comparing Year 2 Outcome (89.75%) to Year 1 Outcome (86.63%) resulting in all students demonstrating a 3.12 percentage point increase.

Supporting Actions/Sub Actions:

* Goal 3, Action 3:

~3.16 - Universal Transportation Access For SUSD Students (MP 7.4/3.16)

* Goal 3, Action 4:

~3.14 - Student Attendance Accountability & Family Outreach (MP 7.1/3.14)

~3.15 - Truancy Intervention and Outreach (MP 7.2/3.15)

* Goal 3, Action 5:

~306 - Student Leadership & Engagement Experiences (MP 4.2/3.6)

~309 - Student Access To Leadership Conferences (MP 4.8/3.9)

* Goal 3, Action 7:

~310 - Visual and Performing Arts Activities and Resources (MP 6.1/3.10)

Chronic Absenteeism Rates (Metric 5B): The district has not shown an overall decrease in the chronic absenteeism rate for all students comparing Year 2 Outcome (43.20%) to Year 1 Outcome (24.8%) resulting in all students demonstrating a 18.4 percentage point increase.

Further review of data comparisons to the district revealed three student groups outperformed the district:

* English Learner – 1.9 percentage points below

* Asian – 13.6 percentage points below

* Filipino – 22 percentage points below

Supporting Actions/Sub Actions:

* Goal 3, Action 3:

~3.16 - Universal Transportation Access For SUSD Students (MP 7.4/3.16)

* Goal 3, Action 4:

~3.14 - Student Attendance Accountability & Family Outreach (MP 7.1/3.14)

~3.15 - Truancy Intervention and Outreach (MP 7.2/3.15)

* Goal 3, Action 5:

~306 - Student Leadership & Engagement Experiences (MP 4.2/3.6)

~309 - Student Access To Leadership Conferences (MP 4.8/3.9)

* Goal 3, Action 7:

~310 - Visual and Performing Arts Activities and Resources (MP 6.1/3.10)

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

LCAP Metrics:

~3A – Baseline and Year 1 Outcomes were updated.

No changes were made to goal 3 description.

Changes to Overarching Actions:

~ Removed "Contributing" and "Non-Contributing" references from Action Title column/field as it is redundant and referenced in the Contributing column/field.

~ Updated all action descriptions to include "sub action" project descriptions for clarify.

~ Updated all action descriptions, specifically, "sub action" project references to include a three-digit project number. This will allow for ease of resource tracking and reference within the district's financial system and identification of projects activities within the 2023-2024 LCAP.

"Sub" action changes:

* Goal 3, Action 2:

~3.19 - Family Resource Center Hubs will be eliminated due to lack of project development and implementation. The "sub" action will remain in the numbering sequence with a reference of the elimination for Year 3 of this 2021-2024 LCAP plan.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
4	Provide differentiated systems of support with key actions and investments that will increase student participation, remove academic barriers; increase student opportunities; and expand resources and access in order to address identified performance gaps and inequities of ELA and Math, chronic absenteeism, and graduation rates among Students with Disabilities.

An explanation of why the LEA has developed this goal.

Initially, SUSD added this additional required goal to address the student subgroup: students with disabilities (SWD), who have been consistently low performing for at least three consecutive years (2017, 2018, 2019, 2022) on two or more indicators - ELA and Math, Chronic Absenteeism, and graduation.

However, through engaging conversations between general education and special education departments, it was determined the initial development and expansion of this goal was an ideal opportunity to ensure students with disabilities are provided with access and inclusion in the least restrictive environment through the development and modification of district systems and procedures. In addition, educational partners feedback has been received for support and resources that lead to a student with disabilities graduation and extension of access to college and career opportunities.

The actions within this goal are designed to enhance Multi-Tiered System of Supports (MTSS) and inclusionary practices that allow students with disabilities to receive high quality first instruction in the least restrictive environment through consistent and faithful implementation of Universal Design for Learning (UDL). From the UDL lens and framework strategies will be identified and designed to support teaching and learning that helps students with disabilities access an equal opportunity to succeed. This will also help educators prepare our students with disabilities to access college and career academic programs that will provide the necessary skills for success to achieve graduation and success beyond. These actions include supplemental interventions that bridge the foundational learning gaps to meet their needs. The actions will also expand compliance practices that promote collaboration and connection of general education teachers and SPED teachers to ensure interventions for student achievement and social emotional student needs.

We will monitor and evaluate the systems and procedures developed/modified as identified in the actions by collecting and reviewing chronic absenteeism rates, 4 year cohort graduation rates, local metrics: student academic 4 year plan, staff professional development, staff cross training, and parent referrals, and inclusion rates in the least restrictive environment as well as solicit educational partners feedback throughout the year that will provide evidence of the impact of the actions on academic achievement and social-emotional needs.

		<p>Focus on improving existing outreach and communication bridging involvement and engagement opportunities between parent, students, and district staff.</p> <p>Practices, protocols, and structures to ensure staff are knowledgeable in special education, alternative learning environments, and prompting outreach including trainings/workshops on topics such as special education laws, testing/assessments, parent rights, etc.</p> <p>State Priorities: 5 Metrics: 5A, 5B, 5E, Local</p>		
4.8	Enhancing School Engagement and Attendance for Students With Disabilities	<p>The district will identify a team of educational professionals (general education and special education) and educational partners to develop an attendance and student engagement plan focusing on students with disabilities.</p> <p>The attendance component of the plan will include the contributing factors to absenteeism including pre- and post-pandemic adverse childhood experiences and adverse community environments. Initially, the analysis of data at deeper levels by reviewing student absences at the disability category level as well as by the settings in which students with disabilities are being served. The plan will also include the identification of wellness-centered, trauma-sensitive approaches to attendance and the subsequent removal and/or reduction of the identified barriers and improve school attendance for students with disabilities.</p> <p>The plan that will include three tiers of interventions focusing on practices and protocol strategies; early detection/triggers; and virtual and/or instructional barriers focusing on identified factors contributing to absenteeism.</p>	\$50,000.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>The engagement component will include an analysis of student engagement in the three categories: 1) emotional engagement, 2) behavioral, and 3) cognitive engagement.</p> <p>The plan will include school site and district level analysis of the correlation of barriers to access and participation of academic programs, feasibility and fiscal impact for additional staffing and areas.</p> <p>State Priorities: 4, 5, 7 Metrics: 4A, 4B, 4C, 4D, 4H, 5A, 5B, 5E, 7A, Local</p>		

Goal Analysis [2022-23]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

Stockton Unified School District was able to implement 3 of 3 actions in goal 4 at varied degrees that provided Students with Disabilities with expanded MTSS approaches, access to more courses, and providing Special Education (SPED) personnel with professional development to help accelerate learning for our Students with Disabilities.

In summary:

Actions 1 supported Expand MTSS Approaches that provided school site administrators (principals and assistant principals), teachers, and support staff with training that integrate tools and strategies to support teaching and learning that increases the access and opportunities for students with disabilities to participate in college and career programs.

Action 2 supported Maximize course access and alternate diploma pathways that provided systematic approaches and processes (inside and outside of the traditional student Individual Education Plan (IEP) and Individual Transition Plan (ITP)) intentionally included the identification of supports and resources to bridge the gap for Students with Disabilities to access courses and programs leading to graduation.

Actions 3 supported Accelerate Learning for all SPED students that provided training and practice development to SPED personnel, counselors, and general educations teacher promoting inclusionary practices and interventions targeting social emotional needs to accelerate student academic success.

Successes:

* Goal 4, Action 1 (4.1) Expand MTSS Approaches led to increased collaboration between Mental Health Department and Special Education resulted in the streamlining and coordination of supports and services lead to the identification and coordination of social emotional supports and training opportunities. Collaboration between Student Support Services, including Child Welfare and Attendance and Special Education identified strategies to improve chronic absenteeism and implement MTSS.

* Goal 4, Action 2 (4.2) Maximize course access and alternate diploma pathways led to increased collaboration between the High School Counseling Department, Student Information Systems representative, and Special Education lead to enhanced master scheduling training using practical application of inclusionary opportunities in courses offered

Substantive Difference:

No substantive differences were identified none.

Overall challenges: The actions were new for the 22-23 LCAP which required consistency in district level administration and key leadership to ensure the vision and message of intent and outcomes are conveyed adequately. The district has experienced district level administration and key leadership vacancies which impacted the district's ability to implement this goal as planned.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

The district has elected to continue using 20% as the measure of material difference; therefore, over or under spending in excess of 20% will be reported and justified below. The following actions has material difference of more than 20% difference in expenditure:

Overall the estimated actual expenditures through June 30, 2023 for all actions within Goal 4 is \$0 resulting in 0% of allocated funds being expended.

4.1 - Expand MTSS Approaches reported estimated actual expenditures through June 30, 2023 is \$0, resulting in a 100% under expenditure of allocated funds. The reason for this is due to department collaboration activities did not incur expenditures.

4.2 - Maximize Course Access and Alternate Diploma Pathways reported estimated actual expenditures through June 30, 2023 is \$0, resulting in a 100% under expenditure of allocated funds. The reason for this is due to department collaboration activities did not incur expenditures.

4.3 - Accelerate Learning for All SPED Students reported estimated actual expenditures through June 30, 2023 is \$0, resulting in a 100% under expenditure of allocated funds. The reason for this is due to department collaboration activities did not incur expenditures.

An explanation of how effective the specific actions were in making progress toward the goal.

Academic Assessments: Statewide assessments, administered to all students, will provide the most accurate picture of student academic performance. Statewide assessment data is currently available and is considered to be a new baseline post COVID-19 pandemic stoppages. The district continues to use iReady assessments data to demonstrate academic performance and progress implementing state standards.

CAASPP – ELA (Metric 4A): Data has shown 3rd - 8th grade and 11th grade students meeting or exceeding standards in English language arts (ELA), specifically the Students with Disabilities student group, 6.49% for Year 2 Outcome.

Supporting Actions/Sub Actions:

* Goal 4, Action 1:

~4.1 Expand MTSS Approaches

* Goal 4, Action 2

~4.2 Maximize course access and alternate diploma pathways

* Goal 4, Action 3:

~4.3 Accelerate Learning for all SPED students

CAASPP – Math (Metric 4A): Data has shown 3rd - 8th grade and 11th grade students meeting or exceeding standards in Math, specifically the Students with Disabilities student group, 4.97% to Year 2 Outcome.

Supporting Actions/Sub Actions:

* Goal 4, Action 1:

~4.1 Expand MTSS Approaches

* Goal 4, Action 2

~4.2 Maximize course access and alternate diploma pathways

* Goal 4, Action 3:

~4.3 Accelerate Learning for all SPED students

iReady – ELA (Metric 4A): Data has shown an increase of 3rd - 8th grade students being at grade level for English language arts (ELA), specifically Students with Disabilities student group, when comparing Year 2 Outcome (9.5%) to Year 1 Outcome (7.31%) resulting in a 2.19 percentage point increase.

Supporting Actions/Sub Actions:

- * Goal 4, Action 1:
 - ~4.1 Expand MTSS Approaches
- * Goal 4, Action 2
 - ~4.2 Maximize course access and alternate diploma pathways
- * Goal 4, Action 3:
 - ~4.3 Accelerate Learning for all SPED students

iReady – Math (Metric 4A): Data has shown an increase of 3rd - 8th grade students being at grade level for Math, specifically Students with Disabilities student group, when comparing Year 2 Outcome (6.8%) to Year 1 Outcome (5.58%) resulting all students demonstrating a 1.22 percentage point increase.

Supporting Actions/Sub Actions:

- * Goal 4, Action 1:
 - ~4.1 Expand MTSS Approaches
- * Goal 4, Action 2
 - ~4.2 Maximize course access and alternate diploma pathways
- * Goal 4, Action 3:
 - ~4.3 Accelerate Learning for all SPED students

Graduation Rate (Metric 5E): Data has shown Students with Disabilities student group graduation rate of 66.7%.

Supporting Actions/Sub Actions:

- * Goal 4, Action 1:
 - ~4.1 Expand MTSS Approaches
- * Goal 4, Action 2
 - ~4.2 Maximize course access and alternate diploma pathways
- * Goal 4, Action 3:
 - ~4.3 Accelerate Learning for all SPED students

Expulsion Rates (Metric 6B): Data has shown a decrease in the expulsion rate for the Students with Disabilities student group, when comparing Year 2 Outcome (0.00%) to Baseline (0.06%) resulting in a 0.06 percentage point decrease.

Further review of data comparisons to the district revealed Students with Disabilities student group outperformed the district, by being .10 percentage points below the districts rate.

Supporting Actions/Sub Actions:

* Goal 4, Action 1:

~4.1 Expand MTSS Approaches

* Goal 4, Action 2

~4.2 Maximize course access and alternate diploma pathways

* Goal 4, Action 3:

~4.3 Accelerate Learning for all SPED students

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

The following changes were made to the goal 4 description: Added “Intensive Intervention – Students with Disabilities” to the goal 4 description.

The goal 4 why statement was updated the explanation of why we are including this goal and to reflect year 2 of identification as an intensive intervention student subgroup in the areas of academic performance ELA and Math, chronic absenteeism, and graduation.

The following changes to the LCAP metrics were made:

* (4A) The average of all 3rd - 8th and 11th grade student CAASPP scores in English Language Arts meeting or exceeding standards – Updated Baseline, Year 1 Outcome, Year 2 Outcome percentage, and Desired Outcome.

* (4A) The average of all 3rd - 8th and 11th grade student CAASPP scores in Math meeting or exceeding standards – Updated Baseline, Year 1 Outcome, Year 2 Outcome percentage, and Desired Outcome.

* (4A) Percent of 3rd-8th grade students scoring at grade level on the Winter ELA iReady assessment. – Updated Baseline, Year 1 Outcome, Year 2 Outcome percentage, and Desired Outcome.

* (4A) Percent of 3rd-8th grade students scoring at grade level on the Winter Math iReady assessment. – Updated Baseline, Year 1 Outcome, Year 2 Outcome percentage, and Desired Outcome.

* (4B) Percentage of students who meeting CSU/UC a-g college entrance requirements. – Updated to include the data for all students as well as Students with Disabilities (SWD) for Baseline, Year 1 Outcome and Year 2 Outcome percentage.

* (4C) Percentage of students who successfully complete a course sequence or program of study that aligns with SBE- approved Career Technical Education (CTE) standards and frameworks. – Updated to include the data for all students as well as Students with Disabilities (SWD) for Baseline, Year 1 Outcome and Year 2 Outcome percentage.

- * (4D) Percentage of students who have successfully completed both types of course described in 4B (met CSU/UC a-g college entrance requirements) and 4C (complete a course sequence or program of study aligned with SBE-approved career technical education standards and frameworks). – Updated to include the data for all students as well as Students with Disabilities (SWD) for Baseline, Year 1 Outcome and Year 2 Outcome percentage.
- * (4H) Percentage of 11th grade students with disabilities who demonstrate college preparedness by meeting/exceeding standard on the CAASPP exam in English Language Arts and Math. – Updated to include the data for all students as well as Students with Disabilities (SWD) for Baseline, Year 1 Outcome, Year 2 Outcome percentage, and Desired Outcome.
- * (5A) Percentage of students with disabilities attending school daily on average (school attendance rate) – Updated Baseline and Year 2 Outcome percentage.
- * (5B) Chronic absenteeism rates - the percentage of students K-12 identified as chronically absent - students who are absent from school 10% or more for the total number of days that they are enrolled in school. – Updated to include the data for all students as well as Students with Disabilities (SWD) for Baseline, Year 1 Outcome, and Year 2 Outcome percentage.
- * (5E) High school graduation rate - the percentage of students in four-year cohort who meet Stockton USD graduation requirements. – Updated to include the data for all students as well as Students with Disabilities (SWD) for Baseline, Year 1 Outcome, and Year 2 Outcome percentage.
- * (6A) Percentage of students with disabilities who are suspended at least once during the academic year. - Updated to include the data for all students as well as Students with Disabilities (SWD) for Baseline and Year 2 Outcome percentage.
- * (7A) Percentage of high school students with disabilities who have access to a broad course of study as deemed appropriate through meetings with counseling staff to review course completion status and college/career opportunities and update the student academic four-year plan – Updated to include the data for all students as well as Students with Disabilities (SWD) for Baseline, Year 1 Outcome, Year 2 Outcome percentage, and Desired Outcome.
- * (Local 1) Percentage of staff (teachers, counselors, administrators and classified) who have been trained in content standards to enable Students with Disabilities to access the academic content standards. – Added new metric with available data.
- * (Local 2) Percentage of staff (teachers, counselors, administrators and classified) who have been cross trained in Special Education to enable Students with Disabilities to access the academic content standards. – Added new metric with available data.
- * (Local 3) Number of late term diagnosis of disabilities of students – Added new metric with available data.
- * (Local 4) Number of students with proper placement in least restrictive environment – Added new metric with available data.

Changes to Overarching Actions: Removed "Contributing" and "Non-Contributing" references from Action Title column/field as it is redundant and referenced in the Contributing column/field.

- * Goal 4, Action 1: Updated action title and description.
- * Goal 4, Action 2: Updated action description.
- * Goal 4, Action 4: Updated action title and description.
- * Goal 4, Action 5: Updated action title and description.
- * Goal 4, Action 6: Updated action title and description.
- * Goal 4, Action 7: Updated action title and description.

- * Goal 4, Action 8: Updated action title and description.
- * Goal 4, Action 9: Drafted action content was incorporated within the goal 4, Action 8 description; therefore, there will be no 4.9.
- * Goal 4, Action 10: Drafted action content was incorporated within the Goal 4, Action 1 description; therefore, there will be no 4.10.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
5	Provide differentiated systems of support with key actions and investments that will remove instructional and institutional barriers African American/Black student group consistently encounter resulting in persistent academic performance (ELA and Math), chronic absenteeism, and suspensions.

An explanation of why the LEA has developed this goal.

SUSD is adding this additional required goal to address the student subgroup: African American (AA), who have been consistently low performing for at least three consecutive years (2018, 2019, 2022) on two or more indicators - ELA and Math, Chronic Absenteeism, and suspension

The district’s mission is to graduate ALL students college and career ready. SUSD acknowledges there continues to be instructional and structural barriers that limit the achievement of African American/Black students. SUSD and educational partners have identified a need to address the longstanding disparities in educational outcomes between African American/Black students and their non- African American/Black peers. Dating back to the landmark case, Brown v. Board of Education of Topeka in which the U.S. Supreme Court declared that segregated schools were unconstitutional, favorable outcomes for African American/Black students and their communities continue to fall below district and national averages of their non-Black counterparts. The perennial trend of African American/Black student under-performance and the implications for full societal participation paired with the current landscape of local and national advocacy for racial equity have served as the inspiration to implement and monitor the African American/Black Student Achievement Plan (AABSAP).

The AABSAP addresses the need for culturally responsive curriculum and instruction as the classroom norm, fosters partnerships with community-based organizations with proven track records of success within the Black community and provides increased staffing support to address the academic and social-emotional needs of Black students.

The creation and implementation of this plan is a joint effort shared across SUSD and our educational partners. We will hold each other accountable for the realization of the African American/Black Student Achievement Plan (AABSAP). The plan will serve as a dynamic document, adjustments made based on its responsiveness to black students, parents and their communities. Adjustments will be made based on formative and summative data. This LCAP goal has been established to increase progress monitoring transparency of intensive intervention supports and practices to focus on and improve chronic absenteeism, suspension rates, and academic achievement of African American students. This will be captured in the strategic planning documents like the AABSAP and the Educator Gap Equity Plan.

Note that the Measuring and Reporting Results section below reports data and targets for all Black students in SUSD as determined by the relevant District teams.

A priority need relates to African American/Black students who are 3 or more years behind, but not excluding African American/Black students who are on or above grade level.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
(4A) Percentage of all students and African American (AA) students who meet or exceed standard for grades 3-8 and 11 in ELA and Math. (Data Source: CAASPP)	3rd grade - ELA: ALL - 21.59% AA - 14.68%	3rd grade - ELA: ALL – N/A AA - N/A	3rd grade - ELA: ALL - 21.59% AA - 14.68%		3rd grade - ELA: ALL - 27% AA - 20%

5.1	Student Achievement Plan	<p>African American/Black Student Achievement Plan (AABSAP) development, coordination, and implementation.</p> <p>Develop an African American/Black Student Achievement Plan (AABSAP) that will identify structural supports leading to the coordination and implementation of evidence-based strategies and activities addressing culturally responsive unit development and instruction, fostering partnerships with community-based organizations focusing on success, and identifying and/or increasing staffing support to address the academic and social-emotional needs of African American/Black students.</p> <p>At a minimum the AABSAP will include the following elements and documented alignment with the district’s Local Control and Accountability Plan (LCAP) and site level School Plan for Student Achievement (SPSA):</p> <ul style="list-style-type: none"> • School Selection & Criteria & Phasing Supports • District Goals • Current Data/Metrics of African American/Black students • Student Success Metrics • AABSAP Definition of Success & Theory of Action • AABSAP Tenets • “Open” Data Dashboard • Local Control and Accountability Plan – Goal 5 inclusion and alignment • Committee (governed by By-Laws) 	\$500,000.00	No

Action #	Title	Description	Total Funds	Contributing
		<ul style="list-style-type: none"> • External Evaluation <p>Development of the AABSAP will initiate with district staff developing a Request for Proposal seeking an experienced and qualified vendor to guide the process within a reasonable timeframe resulting in the completion of the AABSAP. The AABSAP must obtain recommendation to present for board approval by the district African American/Black Parent Advisory Committee Board approval will be obtained.</p> <p>Funds for this action are supporting Goal 5, Actions 1, 2, and 3.</p>		
5.2	Strategic District level Student Achievement Plan Alignment with School Plan for Student Achievement (SPSA)	<p>Schools sites through the development of their School Plan for Student Achievement (SPSA) will incorporate newly added required LCAP goals 4, 5, and 6 explicitly addressing African American/Black student achievement.</p> <p>School sites will establish an African American/Black Student Achievement Professional Learning Community (AABPLC) that will meet monthly. These monthly meetings will include the following activities:</p> <ul style="list-style-type: none"> • Reviewing curriculum supporting culturally responsiveness • Reviewing data to guide implementation and modification of evidence-based instruction <p>The AABPLC will report out at each School Site Council meetings.</p> <p>Funds for this action are included in Goal 5, Action 1.</p> <p>State Priority: 4, 5, 6 Metric: 4A, 4B, 5B, 6A</p>	\$0.00	No

Action #	Title	Description	Total Funds	Contributing
5.3	Educator Gap Equity Plan	<p>The district will review the current Educator Gap Equity Plan components and modify as appropriate the inclusion of recruitment, hiring, placement, and retention practices supporting diverse staffing.</p> <p>Diverse staffing is inclusive of administration, teachers, certificated staff, and classified staff creating an environment that is representative of the school site's African American/Black student population.</p> <p>The district will solidify the development and consolidation of components of the Educator Gap Equity Plan through the initiation of a Request for Proposal seeking an experienced and qualified vendor to guide the process of updating, coordinating, and memorializing district processes/practices. The Educator Gap Equity Plan will be completed as a document within a reasonable timeframe. The Educator Gap Equity Plan must obtain recommendation to present for board approval by the district's Equity Board Sub-Committee. Board approval will be obtained.</p> <p>Funds for this action are included in Goal 5, Action 1.</p>	\$0.00	No
5.4	BSAP Academic Supports: Culturally Responsive Unit Development, Individual Student Needs Assessment and Curriculum & Pedagogy	<p>In order to improve Black student achievement in the California content standards, BSAP school principals will leverage teacher professional development and planning time for culturally responsive unit development and individual student needs assessment.</p> <p>This action reflects administrative support for BSAP school principals.</p> <p>First, for culturally responsive unit development, BSAP school principals will analyze their curriculum to determine the extent to which the curriculum is responsive to Black students. They will develop at least two units of instruction each semester aligned with culturally</p>	\$787,144.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>responsive tenets. Administration and school teams observe implementation of the units and continue to refine based on student performance.</p> <p>Second, for individual student needs assessment, recognizing that every student has unique areas of strength and challenge, in order to improve student performance, schools will identify grade level and non-grade level target areas using a literacy and numeracy diagnostic tool.</p>		
5.5	BSAP Community Partnerships	<p>In order to improve metrics, each Community of Schools for BSAP Group 1 and Group 2 schools receive partnership allocations based on their Black student total count. Each Community of Schools Administrator (CoSA) will use these funds to collaborate with site principals to identify specific root causes for Black student under-performance.</p> <p>In addition, this action also reflects the BSAP Teacher University Residency Development Pipeline effort.</p>	\$522,749.00	No
5.6	Development of an African American Studies Course	<p>In order to improve access to culturally responsive curriculum, student diversity, and increase the number of students meeting A-G requirements (including students with disabilities), each secondary school in Group 1 and Group 2 will receive an auxiliary period to add a Social Studies course aligned with African-American culture, literature, and history to the master schedule. A team of teachers across Regions working with the Division of Instruction will collaborate to build the course and apply for future A-G approval.</p>	\$65,169.00	No

Action #	Title	Description	Total Funds	Contributing
		Selected teachers for the course will receive planning time to increase their understanding of the content and continue to develop their understanding of culturally responsive instructional practices.		
5.7	BSAP School Climate & Wellness Personnel Support	<p>In order to improve 16 BSAP success metrics, school climate and wellness personnel positions have been allocated to school sites.</p> <p>Secondary Counselors</p> <ul style="list-style-type: none"> * Conduct Black Student Success Plan (BSSP) meetings during non-course classroom time and communicate information to the classroom teachers, site administration and parents; * Participate in data reviews with the BSAP site team every grade period; * Participate in multidisciplinary teams, such as Student Success Team (SST), Coordination of Services Team (COST), Resource Coordinating Team (RCT), and Crisis Team to identify necessary support services (e.g., counseling, assessment, and interventions); and * Work with academic counselors and the BSAP team to identify intervention, enrichment, or prevention opportunities for Black students. <p>Pupil Services & Attendance Counselors</p> <ul style="list-style-type: none"> * Monitor Black student attendance and academic progress to support early identification and intervention with at-risk students; * Collaborate with PSWs to determine Black Student Success Plan (BSSP) caseload; and * Conduct BSSP meetings during non-course classroom time and communicate information to the classroom teachers, site administration, and parents. <p>Restorative Justice Teachers</p>	\$1,891,544.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>* Develop lesson plans and materials to support Multi-Tiered Systems of Support (MTSS), leveraging evidence-based Positive Behavior Interventions and Supports/Restorative Practices (PBIS/RP), including community building activities in classrooms for the targeted student populations; and</p> <p>* Co-teach and conduct community building activities with new teachers and support the implementation of Restorative Practices/Justice.</p> <p>Psychiatric Social Workers</p> <p>* Promote Black student achievement and well-being by implementing culturally responsive universal/early intervention strategies aimed at promoting critical wellness and social-emotional well-being.</p> <p>School Climate Advocates</p> <p>* Collaborate with school site personnel in implementing multi-tiered systems of support and the District's school-site safety policies to build positive school climates;</p> <p>* Support school personnel with student mediation and conflict resolution; and</p> <p>* Provide direct support to traditionally marginalized groups, identifying available resources within the school, the District, and community per the site administrators' direction.</p> <p>* Note that this reflects School Climate Advocates overseen by the BSAP team.</p> <p>The BSAP Teacher University Residency Development Pipeline work to build a diverse workforce so our students see themselves in their teachers is also included in this action.</p>		
5.8	BSAP Community - Based Safety Pilots	In order to improve student engagement, increase participation in extracurricular activities, and attendance, the Community-Based Safety Pilots will:	\$713,687.00	No

Action #	Title	Description	Total Funds	Contributing
		<p>* Allow schools to receive support from the District's established city partnership and increase community-based organizations' partnerships on school campuses. The partnerships will help ensure Safe Passage for students and families to commute to and from school safely. Students will also benefit from community-based partnerships to enhance youth development programs to promote a growth mindset, self-efficacy, self-management, social awareness, and increase student engagement and attendance.</p> <p>* Note that this also includes School Climate Advocates from the Division of School Operations and the System of Support Administrators.</p>		

Goal Analysis [2022-23]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

New goal in 2023-2024; therefore, analysis of the 2023-24 goal and actions will occur during the 2023-24 update cycle.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

New goal in 2023-2024; therefore, analysis of the 2023-24 goal and actions will occur during the 2023-24 update cycle.

An explanation of how effective the specific actions were in making progress toward the goal.

New goal in 2023-2024; therefore, analysis of the 2023-24 goal and actions will occur during the 2023-24 update cycle.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

New goal in 2023-2024; therefore, analysis of the 2023-24 goal and actions will occur during the 2023-24 update cycle.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
6	Provide differentiated systems of support with key actions and investments that will increase student participation, remove academic barriers; increase student opportunities; and expand resources and access in order to address identified performance gaps and inequities of ELA and Math, chronic absenteeism, and suspensions among foster and homeless youth.

An explanation of why the LEA has developed this goal.

As a requirement of California Education Code, an LEA eligible for Differentiated Assistance for 3+ years (2017, 2018, 2019) is required to address those strategies through its own goal. SUSD has been identified for its foster and homeless youth student outcomes, specifically related to Mathematics, English Language Arts and Chronic Absenteeism, suspensions.

Despite recognizing the persistence of achievement and opportunity gaps for foster and homeless youth in SUSD, the COVID-19 pandemic and its residual impacts have presented ongoing challenges for many of our students. Goals 1-3 of the LCAP outline a series of actions related to monitoring student progress and ensuring access to academic and social emotional interventions during and outside of school. To build upon that work in light of the Differentiated Assistance classification, SUSD Centralized Enrollment Department has identified additional steps that we will implement districtwide to target educational engagement for foster youth in Stockton.

We will monitor and evaluate the systems and procedures developed/modified as identified in the actions by collecting and reviewing suspension rates, chronic absenteeism rates, local metrics: school connectedness data as well as solicit educational partners feedback throughout the year that will provide evidence of the impact of the actions on academic achievement and social-emotional needs.

New goal in 2023-2024; therefore, analysis of the 2023-24 goal and actions will occur during the 2023-24 update cycle.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Goals and Actions

Goal

Goal #	Description
7	Intensive Intervention - Comprehensive Support & Improvement (CSI) – Decrease the percentage of schools with continuous four or more years of eligibility by 20%.

An explanation of why the LEA has developed this goal.

Anticipating new state requirements identifying school for additional accountability and support Stockton Unified has decided to focus on the school that qualify for comprehensive support and improve move for four or more years:

- Alexander Hamilton Elementary has consecutively been identified from 2018 to 2022 for Low Performance
- El Dorado Elementary has consecutively been identified from 2018 to 2022 for Low Performance
- Pulliam Elementary has consecutively been identified from 2018 to 2022 for Low Performance
- Stockton High has consecutively been identified from 2018 to 2022 for Low Graduation Rate
- Jane Frederick High has consecutively been identified from 2018 to 2022 for Low Graduation Rate

Measuring and Reporting Results

Goals and Actions

Goal

Goal #	Description
8	Intensive Intervention - Additional Targeted Support & Improvement (ATSI) - Decrease the percentage of schools eligible for Additional Target Support & Improvement (ATSI) by 5%.

An explanation of why the LEA has developed this goal.

Understanding that the individual needs of school sites vary Stockton Unified has decided to focus on schools eligible for Additional Target Support & Improvement (ATSI).

In 2022-2023 there were 37 schools meeting the criteria of Additional Target Support & Improvement (ATSI), based on based on performance outcomes of one or more student groups.

Of the 37 schools identified the following schools have been designed ATSI for multiple years in a row.
 ~ ATSI since 2018-2019 school year: Chavez, Cleveland, Edison, Franklin, Henry, Kennedy, Madison, Montezuma
 ~ ATSI since 2019-2020 school year: Bush, Fillmore, McKinley, Nightingale, Pittman, San Joaquin, Stagg

There are 21 ATSI designated schools that have multiple student groups identified as low performing for socio-economically disadvantaged (SED), English Learner (EL), and Homeless (HOM) students. These schools are: August, Bush, Chavez, Cleveland, Edison, Elmwood, Fillmore, Franklin, Fremont, Henry, Hong Kingston, Hoover, Kennedy, King, Madison, Marshall, Mata, McKinley, Monroe, Montezuma, Pittman, Roosevelt, San Joaquin, Stagg, Taft, Taylor, Van Buren, and Wilson.

This specific Local Control and Accountability Plan (LCAP) goal will allow for performance concerns pertaining to student groups to be supports and strategically addressed at the schools.

*Nightingale and Pittman will address ATSI via their School Plan for Student Achievement.

Measuring and Reporting Results

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24
(4A) Decrease the number of school sites eligible for ATSI based on academic performance of African American students. (Data Source: CA School Dashboard)	27 ATSI Designated School Sites (2022 Dashboard)	New measure.	27 ATSI Designated School Sites (2022 Dashboard)		24 ATSI Designated School Sites
(4A) Decrease the number of school sites eligible for ATSI based on academic performance of American Indian/Alaskan Native students. (Data Source: CA School Dashboard)	2 ATSI Designated School Sites (2022 Dashboard)	New measure.	2 ATSI Designated School Sites (2022 Dashboard)		0 ATSI Designated School Sites
(4A) Decrease the number of school sites eligible for ATSI based on academic performance of Asian students. (Data Source: CA School Dashboard)	7 ATSI Designated School Sites (2022 Dashboard)	New measure.	7 ATSI Designated School Sites (2022 Dashboard)		4 ATSI Designated School Sites

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for 2023–24

		Funds for this action are included in Goal 8, Action 1.		
8.3	Monitoring progress and making adjustments	<p>Monitoring progress and making adjustments, by following the continuous improvement process to support in monitoring the implementation and effectiveness of school site plans.</p> <p>State Priorities: 4 Metrics: 4A</p> <p>Funds for this action are included in Goal 8, Action 1.</p>	\$0.00	No

Goal Analysis [2022-23]

An analysis of how this goal was carried out in the previous year.

A description of any substantive differences in planned actions and actual implementation of these actions.

New goal in 2023-2024; therefore, analysis of the 2023-24 goal and actions will occur during the 2023-24 update cycle.

An explanation of material differences between Budgeted Expenditures and Estimated Actual Expenditures and/or Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services.

New goal in 2023-2024; therefore, analysis of the 2023-24 goal and actions will occur during the 2023-24 update cycle.

An explanation of how effective the specific actions were in making progress toward the goal.

New goal in 2023-2024; therefore, analysis of the 2023-24 goal and actions will occur during the 2023-24 update cycle.

A description of any changes made to the planned goal, metrics, desired outcomes, or actions for the coming year that resulted from reflections on prior practice.

New goal in 2023-2024; therefore, analysis of the 2023-24 goal and actions will occur during the 2023-24 update cycle.

A report of the Total Estimated Actual Expenditures for last year's actions may be found in the Annual Update Table. A report of the Estimated Actual Percentages of Improved Services for last year's actions may be found in the Contributing Actions Annual Update Table.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students [2023-24]

Projected LCFF Supplemental and/or Concentration Grants	Projected Additional LCFF Concentration Grant (15 percent)
\$119,989,276.00	\$14,438,688.00

Required Percentage to Increase or Improve Services for the LCAP Year

Projected Percentage to Increase or Improve Services for the Coming School Year	LCFF Carryover — Percentage	LCFF Carryover — Dollar	Total Percentage to Increase or Improve Services for the Coming School Year
34.58%	9.41%	\$31,201,807.07	43.99%

The Budgeted Expenditures for Actions identified as Contributing may be found in the Contributing Actions Table.

Required Descriptions

For each action being provided to an entire school, or across the entire school district or county office of education (COE), an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

Within SUSD, 82.74% of the students are identified as unduplicated pupils. The actions and services within our district's LCAP have been identified through data analysis, needs assessment, and stakeholder feedback as areas needed in contributing to increased or improved services that are principally directed towards addressing above and beyond the needs of enrolled students with unique and diverse needs.

Feedback and input from stakeholders demonstrated a desire to sustain and continue the majority of actions and services that had been provided through the LCAP in prior years; however, the review of data and implementation has a more significant and direct influence on sustaining the majority of the actions and services found in the LCAP.

Actions and Services provided districtwide that are principally directed towards addressing unduplicated pupils' needs and the reasons the actions and services are effective in meeting those needs.

Goal 1: Student Achievement

Goal 1 - Action 2: Additional and Supplemental: College and Career Readiness and A-G Supports

The activities supporting this action/service look to improve the college and career opportunities that are provided to our low-income, English learners, and foster youth students with career and college strategies, activities and opportunities that prepares them for the continuation of the educational path into college and with accurate and relevant resources when entering into the workforce.

These activities are principally directed towards and are an effective use of funds strategically supporting our unduplicated students in meeting the district's goals in the state priority areas 2 (implementation of state standards), 4 (pupil achievement), 7 (course access), and 8 (other pupil outcomes) through the continuation of successful evidence based pathway programs, maintaining college and career guidance support to students, participation of college and career events to include mock interviews, guest speakers, career exploration, college application and funding documentation completion and submission support, course scheduling, and to provide opportunities for age appropriate college entrance examination and credit equivalency assessments.

Based on the latest California School Dashboard data and local indicators outcomes under the college and career indicator, many unduplicated student groups are not prepared for college and career readiness once they graduate from SUSD. In addition, our unduplicated student groups have been identified as needing support and strategic integration of evidence-based interventions to address the need for growth in the area of academic achievement, daily attendance, and rates of graduation.

Students participate in career awareness, career exploration and college planning activities using Xello in the preparation of a plan for post-graduation. Usage has increased by 30% from the 2021-2022 to the 2022-2023 school years.

Guidance Technicians are on 8 high school sites in support of the site school counseling departments and career centers. In addition, they collaborate with the District School Counseling Department and post-secondary partners (including Delta College, Stanislaus State, and US military branches). Throughout the 2022-2023 school year, the Guidance Technicians aided with: career exploration; assistance with financial aid, college, and scholarship applications; and notification and coordination of upcoming events such as workshops and field trips.

These efforts and collaborations create multiple opportunities for students to learn about and apply to various post-secondary opportunities. With the support of counselors and guidance technicians, unduplicated students are provided with CTE course scheduling support and academic support to ensure they take the CTE courses in the correct sequence and complete the capstone course successfully. These courses provide unduplicated pupils with opportunities to build their skill sets in areas that increase their competitiveness in graduating from high school, being admitted into college, being competitive in finding employment, and an active and valued member of their community.

Overall supplemental college and career readiness activities included college trips, college/career fairs, college application workshops, financial aid and literacy, 8th grade high school visits and A- G focused orientations prior to high school starting which helped to remove some barriers to experiencing and learning about the life experiences, admission requirements, financial aid and support available, in preparation of being a high school graduate with increased college, career, and community readiness for unduplicated student groups.

To ensure effectiveness of these actions/services, both school site and district resources will identify the students using the district's student information system, then review their school transcript, and finally work with the student one-on-one to develop or modify their 4-year individual education plan. This collaboration between the school site and the student fosters connectedness and acceptance of additional resources to meet the students' individual needs.

(State Priorities: 2, 4, 7, 8)

(Metrics: 2B, 4A, 4B, 4C, 4D, 4E, 4F, 4G, 4H, 5D, 7A, 8A)

Goal 1 - Action 5: Additional and Supplemental: Educator Development and Implementation of Professional Learning Communities

The activities supporting this action/service are principally directed towards and effective in improving the high quality rigorous first instruction that improves academic achievement and student engagement through providing educators with opportunities to collaborate with grade level Professional Learning Communities (PLC) enhancing instructional strategies, data team cycles, common formative assessments, and curriculum implementation. As part of teacher and administrator data team cycles, teachers will review disaggregated information of unduplicated pupils to align differentiated instruction, supports and resources.

These services are principally directed and are an effective use of funds, strategically addressing the learning needs of our unduplicated students through a Multi-Tiered System of Supports (MTSS) approach, while addressing the district's goals in the state priority areas 2 (implementation of state standards), 4 (pupil achievement), 7 (course access), and 8 (other pupil outcomes).

Data analysis of professional development feedback (district surveys) and the California School Dashboard shows an ongoing need for teacher collaboration time supports and enhances effective instructional strategies that are aligned with Common Core State Standards and identifying what the teachers want the students to learn, how teachers will know when the students have learned the objective of the lesson, what teachers will do to address the needs of students who have not learned the lesson content, and ways to extend learning for those students who have demonstrated proficiency in understanding the content of the lesson.

Local data supports the increase of teachers developing and using common formative assessments, analyzing student data to inform instruction to address the learning needs of unduplicated student groups, developing integrated ELD support within core subjects, and providing teacher family conferences to discuss the academic and social-emotional growth and needs of unduplicated students. Having this time allows for increased planning to identify the academic gaps and provide evidence-based interventions that scaffold the instruction. Providing our teachers and principals collaboration time increases above and beyond the time they would normally have to analyze data, plan instruction, and determine best differentiated instruction to deliver to our low-income, foster youth, and English learners.

To ensure effectiveness of these actions/services, both school site and district resources will retrieve classroom, grade level, and life level data to identify areas of growth. Observations by administration will review and confirm the effects of the collective agreements made within the collaboration meetings.

(State Priorities: 2, 4, 7, 8)

(Metrics: 1B, 2A, 2B, 4A, 4B, 4C, 4D, 4E, 4F, 4G, 4H, 5D, 5E, 7A, 8A)

Goal 1 - Action 7: Additional and Supplemental: Targeted Learning Recovery and Acceleration of Instructional and Intervention Supports (Contributing)

The activities supporting this action/service are principally directed towards and effective in improving the tiered instructional support that is strategically embedded within universal access instruction and evidence-based interventions to address unduplicated pupil's performance gaps and enhancing student learning and depths of knowledge of academic standards.

These activities are principally directed and are an effective use of funds, strategically supporting our unduplicated students in meeting the district's goals in the state priority areas 1 (basic services), 2 (implementation of state standards), 4 (pupil achievement), 7 (course access), and 8 (other pupil outcomes). The activities lend to the increase and support for unduplicated students to ensure access to high quality rigorous instruction through using tiered evidence-based interventions, identification of foundational skill gaps, mastery of skills to promote differentiated instruction, and direct staff support within the classroom.

The California Dashboard and local data continues to demonstrate the need for increasing the percentage of students participating in District assessments, increasing English learner reclassification rates, providing ongoing professional development focused on increasing student academic growth, and providing integrated professional learning opportunities aligned with curriculum implementation. It also indicates that

our low-income students, English learners, and foster youth are performing at intensive levels of achievement and need strategic support to address the performance gaps. To increase English Language Arts & Math academic achievement and increase the number of English learners that attain reclassification, it is important that unduplicated students are provided with access to high quality rigorous first instruction and research-based curriculum while being supported with tiered strategies of differentiation and learning engagement.

Local data demonstrates that students have been accessing the credit recovery programs and increasing credits that are needed to be made up by high school students and that due to the impacts of the COVID-19 pandemic and levels of high school student disengagement the need for interventions and credit recovery programs has increased and will be an ongoing need to improve supplemental supports provided to unduplicated student groups. Credit recovery programs will continue to be offered at the high schools; additional allocations to explore strategic site-based initiatives for sites with high percentages of foster and homeless youth will be explored in order to provide additional tutoring and evidence-based intervention implementation opportunities.

Data demonstrates an ongoing need for increased and improved support in providing unduplicated student groups with academic support within A-G high school courses and reading intervention access focused on increasing student's graduation and college and career readiness rates of performance growth. Increased support will be provided during the 2023-2024 school year which will entail additional reading and math intervention support for our unduplicated pupils who also are identified as students with disabilities at the high school level. This action/service is principally directed towards and effective in utilizing the funds intended to help unduplicated students acquire the A-G credits needed to graduate from high school with the needed courses to be admitted in a California college or university and be provided with additional support from teachers of unduplicated student groups.

School site's comprehensive needs assessment, inclusive of educational partner feedback and data analysis, support the allocation of evidence-based educational elements that will be used to directly address meeting the academic achievement and social-emotional development needs of foster youth, English learners, and low-income students. In addition, through the site's SPSA cycle (that coincides with the district's LCAP development process) school sites are able to specifically supplement and increase services in a timely manner. Examples of increased services, at the site level, are counselors, assistant principals, parent liaisons, library media assists tutors, after school enrichment programs, family engagement workshops, communication outreach, and supplementary learning supplies. The LCFF school site budget allocations are focused on increasing and/or improving services to unduplicated student groups with the highest needs beyond what is provided to all students and access to these areas aligned with LCFF priorities and stakeholder input.

To ensure effectiveness of these actions/services, both school site and district resources will retrieve classroom, grade level, and life level data to identify areas of reteaching needs and skill master or gaps. Observations by administration will review and confirm the effects of the varied level of differentiated instruction versus reliance on intervention programming. Analysis of academic, suspensions, expulsions,

attendance, and parent involvement data will be reviewed consistently at the site level to address emerging needs and restricting of supports and services to directly impact unduplicated pupils.

(State Priorities: 1, 2, 4, 7, 8)

(Metrics: 1B, 2A, 2B, 4A, 4B, 4C, 4D, 4E, 4F, 4G, 4H, 5D, 5E, 7A, 8A)

Goal 1 - Action 8: Additional and Supplemental: Expanded Learning Opportunities: Extended Day/Year Programs

The activities within the action are principally directed towards and effective in improving upon the educational, recreational, and enrichment activities for unduplicated students that aligns with and extends beyond the mandatory instructional/academic day; thereby, increasing access to food, tutoring, academic, and intramural sports, and other activities. These activities also increase and/or improve college and career opportunities that prepare students for the continuation of the educational path into college and with accurate and relevant resources when entering into the workforce.

These activities are principally directed and are an effective use of funds, in support of our unduplicated students (foster youth, English learners, low-income students in meeting the district's goals in the state priority areas 2 (implementation of state standards), 4 (pupil achievement), 7 (course access), and 8 (other pupil outcomes) through providing credit recovery software licenses (including staffing), staffing for homework assistance and tutoring; hands on experiential learning activities; field trips supporting college and career activities, providing staffing and equipment for exercise opportunities and intramural sports programs; providing arts, music and instructional enrichment, ensuring student interest enrichment activities are available.

Local assessment data continues to demonstrate the need for ongoing extended learning support for unduplicated pupils. Many of our low-income students, English learners, and foster youth do not have opportunities to engage in structured activities outside their place of residence due to environmental factors or take part in sporting leagues due to transportation, financial, or other barriers.

Data has demonstrated that unduplicated student groups are being served by after school enrichment and academic programs being offered, career exploration and academic data information lessons are being provided to students and families increasing student and family awareness of the different pathways and academic expectations offered and aligned with the high school experience and path to graduating from high school college and career ready.

To ensure effectiveness of these actions/services, both school site and district resources will retrieve individual student data to identify areas students who need support and resources, such as reteaching needs and skill master or gaps. Students identified as at-risk of failing are provided initial access to expanded learning programs.

(State Priorities: 2, 4, 7, 8)

(Metrics: 2A, 2B, 4A, 4B, 4C, 4D, 4E, 4F, 4G, 4H, 5D, 5E, 7A, 8A)

Goal 1 - Action 9: Additional and Supplemental: Educational Technology, Software, & Technical Support

The activities within this action are principally directed to and effective in increasing and/or improving access to instructional technology to unduplicated pupils through the distribution of devices, applications/software, and monitoring tools that enhances student's ability to increase engagement, feedback, and digital citizenship focusing on student achievement.

These activities and services are aligned with state priority 4 (pupil achievement) and are principally directed to and effective in improving instructional services provided to students by providing teachers with the ability to share their screen to student devices, share a student screen to all students via the projector, lock devices for direct instruction, and limit apps and websites for students to access during direct instruction sessions within class instructional time. These services of instructional safety software allow teachers and district Instructional Technology staff to monitor student activities on their Chromebooks and Windows machines to progress monitor learning and proactively address responsible digital citizenship and usage by students.

The activities supporting this action consider the differentiated instructional needs of unduplicated pupils and is designed to increase instructional time, enhance the teacher's ability to monitor and interact with student's learning, and effectively implement state standards while increasing student academic achievement. The purchase of software allows teachers and district Instructional Technology staff to back up all data, lessons, and information stored on student and teacher computers, while also improving teacher's abilities to monitor student activities on their Chromebooks and Windows machines to progress monitor learning progress and proactively address responsible digital citizenship and usage by students.

District survey data has demonstrated educational partner desire and the need for continued support for foster youth, families in transition, English learners, low-income students to be provided with a laptop so that students are able to use at school and at their place of residence; also students within these unduplicated student groups that have an ongoing need for access to the internet outside of school will be provided with a Wifi-hotspot ensuring connectivity with the desire to increase access for unduplicated students to the grade level standards-

based curriculum as student data has shown full access to online curriculum resources, learning management systems used by teachers for instruction, and curriculum and district benchmark assessments increase student engagement in their learning and leads to increased student academic achievement as measured by student report card data.

To ensure effectiveness of these actions/services, both school site and district resources will retrieve software/application usage and compare with the increase/decrease in student achievement.

(State Priorities: 4)

(Metrics: 4A, 4B, 4C, 4D, 4E, 4F, 4G, 4H)

Goal 2: Equitable Learning Environments

Goal 2 - Action 1: Additional and Supplemental: Educational Equity, Diversity, and Inclusion

The activities supporting this action/service are principally directed to and effective in increasing and/or improving inclusionary practices that address culturally and linguistically responsive teaching and learning needs aligned with high quality first instruction that meets the diverse needs of unduplicated pupils.

These direct supports are increasing access to services through providing each school with access Ethnic Studies to address the cultural and linguistically responsive teaching and learning needs aligned with providing high quality first instruction that meets the diverse needs of our unduplicated students. These actions/services are aligned with addressing the state priority areas 1 (basic services) and 6 (school climate).

The Native American Outreach and Support center provides direct support to low-income, foster youth Native students and families addressing the areas of student attendance, mental health and well-being, academic intervention supports, and college and career readiness. The center provides supplemental supports and outreach that address the high rates of chronic absenteeism and disengagement of learning opportunities by building relationships, creating an inclusive community, and providing resources and workshops that increase family and student engagement in the learning process across the school district. Services and supports provided by the Native American Center are provided to students while they are within the school district and also follows them while students are enrolled in college to provide supplemental ongoing support for student transition and integration into academic experiences beyond high school graduation. Comprehensive professional learning opportunities are being implemented to ensure students are provided with high quality rigorous first instruction, improving support for new teachers, and focusing instructional differentiation through a Multi-Tiered System of Supports (MTSS) approach to raise student academic achievement for unduplicated pupils.

The activities increase and improve unduplicated student's access to Ethnic Studies learning experiences to address the cultural learning and rigorous learning experiences to support unduplicated student's ability to increase their cultural capital and college readiness experiences.

Data analysis of suspensions, attendance, state mandated testing, local assessments, common summative assessments, and student/family surveys will identify the needs pertaining to inclusionary practices.

To ensure effectiveness of these actions/services, both school site and district resources will retrieve school connectedness and engagement data to compare with the increase/decrease in student achievement.

(State Priorities: 1, 6)

(Metrics: 1A, 6A, 6B, 6C)

Goal 2 - Action 2: Additional and Supplemental: Multi-Tiered System of Supports

The activities within this action are principally directed to and effective in increasing and/or improving unduplicated pupils with social-emotional and academic support in Tier 2 and 3 through educator and staff training on elements to improve student attendance, decrease suspensions, and enhance school culture and climate focusing on building trauma-informed and responsive schools that improves the school experience. In addition, providing specialized trained staff in research-based behavioral management to improve the strategic site-based outreach to students and their families that address the academic, social-emotional, and behavioral needs of the student. Through a Multi-Tiered System of Supports (MTSS) approach to providing mental health services, trauma informed care, and restorative practices, staff will be provided with the training and resources to address the need to have tailored responses and increased depths of understanding for our unduplicated pupils who have experienced trauma.

These activities are principally directed towards and effective in addressing mental health, trauma-informed, and inclusionary needs of unduplicated pupils and their families and are aligned with addressing the state priority area 6 (school climate).

To provide our socioeconomically disadvantaged, English learners, and foster youth students with social and emotional systems of supports that lead to improved academic success and college/career readiness through counseling services for students who need additional social emotional, behavioral and academic learning supports.

Positive Behavior Intervention Supports (PBIS) action increases services provided to parents/guardians and students with the resources necessary to enhance relationships that creates safe and healthy learning environments with the design of supporting unduplicated pupils being academically and social-emotionally successful within the least restrictive learning environment. These services are principally directed and are an effective use of funds, strategically addressing our unduplicated student's needs through a "Whole-Family" response and resources.

The Behavior Intervention Team activities and service are principally directed towards providing increased specialized trained staff in research-based behavioral management to improve the strategic site-based outreach that is provided to both unduplicated students and their families through intensive behavior intervention support (BIT) for our most at-risk students.

California Dashboard data indicate our unduplicated student groups are at the intensive level for chronic absenteeism and academic performance in ELA and Math. These services support the learning environments for our low-income, English learners, and foster youth students and are high leverage services for our unduplicated students directly addressing the areas of suspension and chronic absenteeism through a Multi-Tiered System of Supports approach and increasing staff above the base provided to school sites for schools servicing high percentages of unduplicated pupils.

Data analysis of suspensions, attendance, state mandated testing, local assessments, common summative assessments, and student/family surveys will identify the needs pertaining to inclusionary practices.

To ensure effectiveness of these actions/services, both school site and district resources will retrieve school connectedness and engagement data to compare with the increase/decrease in student achievement.

(State Priorities: 6)

(Metrics: 6B, 6C)

Goal 2 - Action 4: Additional and Supplemental: Development of High-Quality Teachers, Substitutes, Administrators, and Staff

The activities within this action are principally directed towards and effective on building teacher's capacity to using data to ensure educator equity and research-based high engagement strategies to meet the academic needs of unduplicated pupils through educator professional

learning opportunities addressing the differentiated instructional strategies and Tier 1 and 2 support in addressing learning needs and by providing resources to support increasing teacher's abilities of applying research-based instructional strategies aligned with content standards, strategic scaffold support, differentiated complexity of learning experiences, and culturally relevant learning aligned with common core state standards.

These activities supporting this action are principally directed towards and effective in improving the tiered instructional support that is strategically embedded within universal access instruction focusing on supporting building teacher's capacity to using research-based high engagement strategies to meet the academic needs of enrolled foster youth, English learner, and low-income students.

These activities improve the effectiveness of the high quality rigorous first instruction provided to unduplicated pupils, provides built in professional learning opportunities through objective feedback, and increases the frequency in which high engagement and culturally and linguistically responsive instructional strategies are being utilized within lessons. A focused objective of these activities are to provide educators with instructional strategies and resources that support differentiated instruction, thus promoting student academic success.

These activities are principally directed and are an effective use of funds, targeting our unduplicated students (low-income, English learners, and foster youth) in meeting the district's goals in the state priority areas 1 (basic services) and 6 (school climate) through the hiring, training and assignment of Instructional Coaches and by providing resources for teachers to utilize the most evidence-based instructional practice which is high quality rigorous first instruction for all.

The California Dashboard and local data indicates that our low-income students, English learners, and foster youth are performing at intensive levels of achievement and need strategic support to address the performance gaps.

Local survey data from professional development opportunities continues to show a need for instructional coach support in addressing the differentiated instructional strategies and Tier 1 and 2 support in addressing the learning needs within ELA and math for unduplicated student groups and providing feedback and support with implementing integrated ELD throughout the day.

Local data continues to demonstrate that with each year the District has reduced the amount of teacher vacancies, increased the training and support provided to school sites aligned with PBIS, which directly has improved student attendance and decreased suspension rates. To support unduplicated pupils receiving high quality first instruction with increased rigor delivered by highly qualified staff the district continues to provide support to all first- and second-year teachers in the form of assigning them a mentor and providing ongoing training, professional

learning, onsite coaching, and co-lesson planning sessions to actively develop new teacher's ability to meet the differentiated learning needs of linguistically and culturally diverse students.

Through providing instructional coaching and new teacher support, unduplicated students will gain increased access to standards-based instruction, learning experiences that provide coherence, comprehension, and evidence-based opportunities for students to demonstrate and apply the grade level content they have learned. Having the opportunity to increase/improve the instruction that our low-income, English learners, and foster youth receive from both new and veteran teachers will increase their opportunities to meet or exceed expected proficiency in the content areas of English Language Arts and Mathematics directly impacting student achievement.

To ensure effectiveness of these actions/services, both school site and district resources will retrieve individual student data to identify areas students who need support and resources, such as reteaching needs and skill master or gaps. Students identified as at-risk of failing are provided initial access to expanded learning programs.

(State Priorities: 1, 6)

(Metrics: 1A, 6C)

Goal 2 - Action 7: Additional and Supplemental: Building Strong Schools & Healthy Communities

These activities are principally directed towards and effective in addressing mental health, trauma-informed needs of unduplicated pupils and their families. These direct supports increase access to services through providing each school with access to a Mental Health Clinician to provide individual, group, and family therapy sessions on school campuses and provide mental health service access to unduplicated students and their families so that they do not have to travel to an outside agency to receive services, trauma-informed and restorative practices training and resources to address the cultural and linguistically responsive teaching and learning needs aligned with providing high quality first instruction that meets the diverse needs of our unduplicated students.

These activities are aligned with addressing the state priority area 6 (school climate). Through a Multi-Tiered System of Supports (MTSS) approach to providing mental health services, trauma informed care, and restorative practices, staff will be provided with the training and resources to address the need to have tailored responses and increased depths of understanding for our unduplicated pupils who have experienced trauma.

These activities will help to increase and improve the services to foster a caring and nurturing environment that emphasizes the social, emotional, physical, and intellectual development of unduplicated pupils and their families. Within the Health Centers increased and improved services principally directed towards unduplicated pupils will be: nurse practitioners will provide direct medical services for students under the supervision of a physician, school nurses will develop individual health plans (IHP) for unduplicated pupils also providing direct case managing services provided by the nurse practitioner, Mental Health Clinicians will provide intake services and mental health individual, group, and family therapy sessions, and Healthy Start Coordinators will provide services coordinating all staff in the Wellness Centers.

California Dashboard results unduplicated student groups for chronic absenteeism was intensive and academic achievement for ELA and Math were also intensive. To provide our socioeconomically disadvantaged, English learners, and foster youth students with social and emotional systems of supports that lead to improved academic success and college/career readiness through counseling services for students who need additional social emotional, behavioral, and academic learning supports.

Based on educational partner feedback, data outcomes, and local data counseling services is needed to increase and or improve our services to increase graduation and college career readiness, monitor and provide consultation for our unduplicated pupils on staying on track with A-G courses, progress monitoring attendance, and social emotional support. Supports also include the staffing of counselors to increase the counseling services and improve school sites ability to be trauma informed with the intention of increasing student attendance, decreasing student suspension rates, and increasing student's sense of feeling connected and valued at school.

Data analysis of health screening, attendance, enrollment, and student/family surveys will reveal needs based on the level of access and inclusionary practices.

To ensure effectiveness of these actions/services, both school site and district resources will compare the services being provided relating to student health, enrollment, and school connectedness data and to compare with the increase/decrease in attendance and student achievement.

The activities within this action are principally directed towards and effective through providing unduplicated pupils and families with appropriate health service intervention that promotes student health and their ability to learn and engage in school on a daily basis. In addition, to increase and improve our services to increase graduation and college and career readiness through monitoring of student A-G courses, progress monitoring attendance, and social-emotional support increasing student's sense of feeling connected and valued at school.

(State Priorities: 6)

(Metrics: 6A, 6B, 6C)

Goal 2 - Action 8: Additional and Supplemental: Extended Learning Time, Educator, and Staffing Supports

These activities supporting this action are principally directed towards and effective to provide unduplicated pupils with instructional time beyond the state minimum and maintain staffing ratios for each grade span to meet compliance and negotiated agreements focused on meeting the student achievement needs; thereby, providing a higher level of attention based on the need for smaller group instruction/differentiated instruction, in turn better meeting the academic and social-emotional needs of students.

These actions/services are principally directed towards and effective in allocating funds to address the need for unduplicated pupils to have access to the highest quality staff through district outreach of recruiting, hiring, training, and retaining staff. These actions/services are focused on state priority areas 1 (basic services) and 6 (school climate).

These actions/services also provide for adequate above formula staffing for sites with unduplicated student groups with a higher need for socio-emotional and academic support in tier 2 and tier 3. These services are principally directed and are an effective use of funds, strategically supporting our unduplicated students in meeting the district's goals in the state priority areas, 1 and 6 through the improvement of staff hiring timelines including incentives and credentialing, training, and support to develop and maintain high quality staff.

Through educational partner feedback identifying the need of students to feel safe at their school sites, reduce the number of suspensions, and increase positive student attendance the district has strategically utilized an assistant principal restorative formula and over-formula for other staff to provide school sites that have a high percentage of unduplicated pupil's enrolled and high number of discipline incidents and suspension rate increased staff support to proactively address the need to implement a Multi-Tiered System of Supports facilitated by the assistant principal in addressing the need to keep students in class and ensure a school climate and culture is aligning their behaviors with the collective norms and agreements that were or will be created through the implementation of their site-based Professional Learning Community. This action and service takes into consideration the discipline, attendance, and academic data aligned with the percentage of unduplicated pupils that are attending the school site and is designed to improve the school experience for unduplicated pupils in providing staff to address data-based variables intended to increase student academic achievement through providing basic services and positively impacting the school climate.

The focus of this action is to provide instructional time beyond the state minimum and maintain staffing ratios for each grade span to meet compliance standards and negotiated agreements focused on meeting the student achievement needs principally directed toward

unduplicated pupils and benefited by all students. These activities are principally directed and are an effective use of funds, through hiring and retention of high-quality teachers and paraprofessionals.

Attendance data shows that this service has provided access to all unduplicated students to all day transitional kindergarten and kindergarten academic experiences to ensure that students are receiving increased access to foundational academic, social, and developmentally appropriate activities led by a certificated teacher. Decreasing student to teacher ratios for our unduplicated student groups have allowed the teachers to provide a higher level of attention based on the need for smaller group instruction/differentiated instruction, in turn better meet the academic and social emotional needs of our socioeconomically disadvantaged students, English learners, and foster youth.

Data analysis of teacher/administrator credential status, misassignments (ineffective and inexperienced), turnover, comparability, and school connectedness data will reveal the level of educator equity and engagement of students.

To ensure effectiveness of these actions/services, the district will compare the educator equity data to determine the appropriate composition of teaching and administration staff for the school sites, reducing disparities and enhancing high quality first instruction.

(State Priorities: 1, 6)

(Metrics: 1A, 6C)

Goal 2 - Action 10: Additional and Supplemental: Technology Infrastructure and Support

The activities supporting this action are principally directed towards and effective in assessing the district's technology infrastructure and connectivity to increase/enhance access to curriculum, instructional technologies/applications, educator/staff technology devices to ensure the educational programming is effective and meeting the demands associated with 21st century skills and interactions that directly increase and improve unduplicated pupils access.

The activities are principally directed towards and effective in allocating funds to address the need for unduplicated pupils to have access to Common Core State Standards curriculum-based lessons, Google classroom assignments that are differentiated and tiered to address the individualized learning needs of linguistically and culturally diverse students, and project-based learning experiences. This action focuses on addressing state priority 1 (basic services) and 6 (school climate).

Inventory data showed that instructional staff had access to laptops and other forms of instructional technology that allowed for increased or improved instructional support to be provided to unduplicated students through providing learning management system activities, monitoring of student learning, outreach and ongoing communication with families and students through technology mediums, and the ability to provide diverse ways for students to apply and demonstrate what they have learned from standards-based lessons.

This action increases the access to instructional standards-based lessons and improves the communication between teacher and student and teacher and families through tools to send messages, send out flyers and updates, update the classroom web page, and update grades and attendance data so that families have real time access to student data.

This action takes into consideration the differentiated learning needs of unduplicated pupils and is designed to improve the teacher's ability to create differentiated lessons and project-based learning activities through Google Classroom and assign, progress monitor, provide feedback, and answer student inquiries aligned with standards-based learning activities with the intention of positively impact student academic achievement.

Data analysis of technology usage, age/condition, size, and connectivity will reveal the level of need in replenishment cycles and infrastructure improvements.

To ensure effectiveness of these actions/services, the district will compare the current technology with operational and instructional technology criteria to ensure equipment and applications are usable to complete operational business and high quality first instruction experiences.

(State Priorities: 1)

(Metrics: 1A, 1C)

Goal 2 - Action 12: Additional and Supplemental: Facility & Campus Safety Support

These activities supporting this action are principally directed towards and effective to provide unduplicated pupils with facilities that are safe, clean, and that promote student's desire to attend school, in turn better meeting the academic and social-emotional needs of students. This action focuses on addressing state priority 1 (basic services) and 6 (school climate).

Data analysis of campus safety and school connectedness surveys will reveal the level of need in increasing facility and campus safety support.

To ensure effectiveness of these actions/services, the district will compare campus safety and school connectedness survey responses received from students, teachers (staff), and parents/community.

(State Priorities: 1, 6)

(Metrics: 1C, 6C)

Goal 3 - Meaningful Partnerships

Goal 3 - Action 2: Additional and Supplemental: Family and Community Communication, Empowerment, and Engagement

The activities supporting this action are principally directed towards and effective in developing and fostering relationships with unduplicated pupils and parents/guardians that lead to active and meaningful engagement supporting academic success, increased daily attendance, and increased rates of high school graduation through the facilitation of Parent Academies, literacy activities, continuation of English as a Second Language, and other direct services/supports.

These activities are focused on providing and maintaining systems of communication that meet the needs of the school, parents/guardians, students and the community. Providing ongoing communication via the district website, robo calls, parent and community meetings and opportunities to connect with the schools are services that SUSD has in place to increase parent and community connection to our schools to build services and support for our foster youth, socioeconomically disadvantaged and English learner students.

This action is focused on developing and fostering relationships with unduplicated student group's parents/guardians that lead to active and meaningful engagement supporting student academic success, increased daily attendance, increased foster youth, English learners, and low-income student's rates of high school graduation. These activities are principally directed and are an effective use of funds, strategically supporting the needs of our unduplicated students in meeting the district's goals in the state priority areas 3 (parental involvement) and 5 (pupil engagement) through the facilitation of Parent Academies, literacy activities, offering Adult Education services at SUSD School Sites, literacy training for families, and the continuation of English as a Second Language/Civics Education.

Communication and survey platforms are funded to allow for ongoing outreach and stakeholder voice and experience sharing of the voices of our unduplicated student groups families. The demands for translation services have continued to be voiced as a need by educational

partners for our English Learners and their families. Our translators interpret for family and community members at meetings, school events, student and parent conferences, student enrollment, academic meetings, and district communication that goes out to the community.

Educational partner feedback continues to share the need for increased support and direct services provided within the school day and in connecting families with outside resources for unduplicated student groups.

Increased and improved supports are provided through direct services and workshops were provided with multiple options of access every month focused on academic, social-emotional, college and career, and student support to families aligned with the topics and focus that families shared they felt they needed support and increased learning opportunities with in providing support to their children. Monthly meetings were held for increased family committees (PAC, CAC, LatinX, AABPAC). Increased services for parent and community outreach, which will include parent/guardian training and access to community resources, will continue to be provided, aligned with educational partners feedback and identified needs, by the support of parent liaisons, community assistants, and student support services.

Data analysis of suspensions, attendance, enrollment, student/family surveys will reveal needs based on the level of access and inclusionary practices.

To ensure effectiveness of these actions/services, both school site and district resources will compare the services being provided relating to suspensions, attendance, enrollment, school connectedness data and to compare with the increase/decrease in engagement and student achievement.

(State Priorities: 3, 5)

(Metrics: 3A, 5A, 5B, 5C)

Goal 3 - Action 4: Additional and Supplemental: Student Attendance and Accountability

The activities supporting this action are principally directed towards and effective in providing access for newly enrolled families and connects unduplicated pupils (foster youth, English Learners, low-income) and homeless students their families/guardians with resources, enrollment support, and the intake process that helps to explain the family and student expectations of the schools. It also provides parents/guardians of unduplicated pupils with transportation needs. In addition, addressing student attendance, mental health and well-being, academic intervention supports and resources.

These activities increase and improve access to free transportation for all unduplicated pupils no matter the distance they reside from their school and allows for the students to access transportation at any given time in which they need to access transportation to and from school or any school events, no matter the distance from the student's school site, using public transit services.

Parent liaisons, community assistants, social worker assistants, and social service case managers are funded to improve and increase the direct services provided to address unduplicated student's habitual truancy and chronic absenteeism rates and conduct student conferences, home visits, and outreach efforts to connect families with community-based resources to assist with addressing the need for increased positive attendance of unduplicated pupils.

These actions/services take into consideration the need of unduplicated pupils to attend school every day on time and that these student groups struggle with barriers and obstacles at times to ensuring consistent school attendance and positive experiences at school, therefore, these actions/services are designed to strategically address relationship building and increase access to resources for unduplicated pupils focused on increasing their daily attendance rates, decreasing their suspension rates, and increasing their sense of feeling connected and valued at school.

Data analysis of suspensions, attendance, enrollment, home visits, ADA recovery, student/family surveys will reveal needs based on the level of access and inclusionary practices.

To ensure effectiveness of these actions/services, both school site and district resources will compare the services being provided relating to suspensions, attendance, enrollment, school connectedness data and to compare with the increase/decrease in engagement and student achievement.

(State Priorities: 3, 5)

(Metrics: 3A, 5A, 5B, 5C)

Goal 3 - Action 5: Additional and Supplemental: Student Engagement and Leadership Opportunities

The activities within the action are principally directed towards and effective in providing unduplicated pupils with engaging and meaningful youth development activities that drive students to be more involved and engaged in their academic success. In addition, providing leadership opportunities, collaboration among peers, and competition experiences that build up 21st century transferable skills for student

These activities are principally directed towards and are an effective use of funds, strategically addressing the needs of our unduplicated students in meeting the district's goals in the state priority areas 3 (parental involvement) and 5 (school climate) through providing opportunities for students to participate in youth development activities, Peer Leaders Uniting Students (PLUS) program, and access to athletics and enrichment activities. The PLUS program has had a strong impact on school connectedness for our students. Peer Leaders Uniting Students (PLUS) Program activities include: supporting positive school climate, youth voice, inclusiveness, bullying prevention, LGBTQ+ inclusion and diversity summit, supporting youth development and leadership, and provided mentoring experiences. School Climate data demonstrates the need for additional support and resources at the high school level to build up the sense of students feeling valued and connected at school.

Data shows that the positive indicators of a caring and supportive school climate dramatically decrease in high school. Increasing teacher support for PLUS allows the PLUS teacher time to collaborate with different educational partners (students, counselors, administrators, activities directors, social workers, community agencies) to plan necessary prevention activities that are highly beneficial for our unduplicated pupils.

Data analysis of suspensions, attendance, school connectedness, and student surveys will reveal needs based on the level of access and inclusionary practices.

To ensure effectiveness of these actions/services, both school site and district resources will compare the services being provided relating to suspensions, attendance, and school connectedness data and to compare with the increase/decrease in engagement and student achievement.

(State Priorities: 3, 5)

(Metrics: 3A, 5A, 5B, 5C)

Goal 3 - Action 6: Additional and Supplemental: Youth Engagement and Athletic Programs

The activities within the action are principally directed towards and effective in increasing access to unduplicated pupils to partake in sports, clubs, and enrichment activities that promote athletic experiences.

These activities are principally directed towards and are an effective use of funds, strategically addressing the needs of our unduplicated students in meeting the district's goals in the state priority area 5 (school climate) through providing opportunities for students to participate in youth development activities and access to athletics and enrichment activities.

Athletics programs are provided to increase access for unduplicated pupils to take part in sports and club activities as within the city we have experienced a deficit in children focused experiences and activities and the ones that are available within the city are offered at an increasingly inflated cost for participation. Athletics Programs is an ideal opportunity to provide unduplicated student groups access to engaging and meaningful opportunities to be more connected to their school culture through meaningful partnerships. This action is intended to provide resources and staff to ensure that unduplicated student groups are provided access to athletic experience and programs activities.

Data analysis of suspensions, attendance, school connectedness, and student surveys will reveal needs based on the level of access and inclusionary practices.

To ensure effectiveness of these actions/services, both school site and district resources will compare the services being provided relating to suspensions, attendance, and school connectedness data and to compare with the increase/decrease in engagement and student achievement.

(State Priorities: 3, 5)

(Metrics: 3A, 5A, 5B, 5C)

Goal 3 - Action 7: Additional and Supplemental: Visual and Performing Arts (VAPA) Activities

The activities within the action are principally directed towards and effective in providing access to unduplicated pupils to the Arts through the integration of creativity, self-expression, and engagement with the diverse forms of culturally responsive educational experiences.

Implementation of these activities have increased certificated staff with arts and music credentials to provide direct services and art experiences for unduplicated students while increasing student access to diverse forms of culturally responsive educational experiences.

Educational partner feedback from students, staff, parents, and community members all desired ongoing support in implementing arts experiences and opportunities for students.

Increase of family functions and events where students perform and showcase their art has also helped to build school culture and increase involvement of families. Funds supporting arts and music teachers directly addresses the need to engage our unduplicated students and increase their feeling of connectedness to school.

Data analysis of suspensions, attendance, school connectedness, and student surveys will reveal needs based on the level of access and inclusionary practices.

To ensure effectiveness of these actions/services, both school site and district resources will compare the services being provided relating to suspensions, attendance, and school connectedness data and to compare with the increase/decrease in engagement and student achievement.

(State Priorities: 3, 5)

(Metrics: 3A, 5A, 5B, 5C)

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Stockton Unified School District's (SUSD) funding for Supplemental and Concentration grants based on the number of low-income, foster youth, and English learner students (unduplicated pupils). SUSD focuses supplemental resources directly into schools in support of addressing and ensuring that actions and services are focused on meeting the needs of students and families that have unique needs. To meet our goals and address the diverse needs of our unduplicated students, SUSD is focused on ensuring that all students have access to high quality first instruction and tiered levels of support through a integrated and systems approach of providing district-wide professional development to both classified and certificated staff focused on implementing research-based practices to meet the learning needs specific to English learners, low-income, and foster youth.

The LCAP goals, expected annual measurable outcomes, and funded actions and services are focused on providing unduplicated students with collaborative learning experiences that directly support continuous student academic growth and social-emotional development that builds student resilience and skills in preparation of graduating from high school prepared for college and career readiness.

Stockton Unified School District (SUSD) LCAP is focused on increasing or improving actions and services to unduplicated student groups while providing equitable academic and social-emotional actions and services that are provided to all students addressing the need for increasing student academic achievement, providing equitable learning environments, and building meaningful partnerships. SUSD is committed to providing actions and services focused on addressing the academic growth and social-emotional development needs of unduplicated student groups in order to increase or improve services by at least 43.99%, relative to services provided to all students, in proportion to the supplemental and concentration grant funds provided by the Local Control Funding Formula (LCFF).

Across SUSD we provide actions and services to meet the data-based and stakeholder identified needs of our unduplicated student groups aligned with the California School Dashboard and local indicator data. Our unduplicated students continue to struggle in the following areas: meeting or exceeding grade level standards in English Language Arts & Mathematics as measured by the state standardized assessment (CAASPP) and district assessments, English Language Development Proficiency and attainment of reclassification status as measured by the state standardized assessment (ELPAC), positive daily attendance, college and career readiness, reduced suspension incidents, and high school cohort graduation rates.

Services provided to our unduplicated student groups increase and improve student access to counseling and mental health services, academic and career guidance, supplemental academic resources, student leadership opportunities, Career Technical Education pathways, before, during, and after school academic interventions and support, art and music experiences, professional development and learning support for instructional staff, access to instructional technology, and behavioral and attendance support to address the diverse needs of our students in maintaining consistent daily attendance.

Based on the actions and descriptions included in the Goals and Actions section of the LCAP as well as the descriptions included in this prompt, Stockton Unified meets the required percentage requirement.

Goal 1 - Student Achievement

Goal 1 - Action 3: English Language Development and Primary Language Support

These actions/services are principally directed to and effective in meeting the goal of providing improved instructional support for linguistically and culturally diverse students increasing the skills and knowledge needed to gain attainment of reclassification and English proficiency. Through providing appropriate interventions and supplemental supports to students and their families, that values their native language and culture through culturally responsive learning experiences, and fostering academic success in English Language Development.

These actions/services are principally directed and are an effective use of funds, strategically focusing on addressing the learning needs of our English learners and their families meeting the district's goals in the state priority areas 2 (implementation of state standards), 4 (pupil achievement), 7 (course access), and 8 (other pupil outcomes) through professional learning in primary language supports and increasing instructional staff capacity to provide integrated ELD throughout the content areas.

Data analysis of the California School Dashboard's English learner progress indicator and academic performance indicators for English Language Arts and Mathematics, state mandated testing (ELPAC), local assessments, and common summative assessments supporting the increase of the percentage of students participating in District assessments and increasing English proficiency.

Through the activities English Learner students will have increased and improved access to written English curriculum in all subject areas, providing integrated professional development focused on English Language Development instructional strategies, and school site English Learner Academic Team (ELAT) meetings discussing the supports provided and needed to implement, thus, resulting in an increased rate of English learners meeting their academic goals, and increasing their rates of English proficiency and reclassification. The bilingual assistants provide improved supports within the classroom for English learners through primary language support and direct academic conversations and supplemental direct services to students within the classroom, during lessons, and within a one-on-one or small group setting.

(State Priorities: 4, 7, 8)

(Metrics: 2A, 2B, 4A, 4B, 4C, 4D, 4E, 4F, 4G, 4H, 7A, 8A)

Goal 2 - Equitable Learning Environments

Goal 2 - Action 6: Additional and Supplemental: Transitional Student & Family Support (Contributing)

The activities within this action are principally directed towards and effective in developing and fostering relationships with parents/guardians of unduplicated pupils that lead to active and meaningful engagement supporting academic success, increased daily attendance, and improving the outreach services and access to academic support provided to our foster youth students. These actions/services are focused on addressing state priority areas 1 (basic services) and 6 (school climate).

Educational partner feedback continues to share the need for increased support and direct services provided within the school day and in connecting families with outside resources. Data supports the need to increase the needed services for our foster youth students and that the high school point person, social case managers, and parent liaisons have provided supports that have increased student attendance, completion of FAFSA and college application forms, family access to resources addressing housing, food insecurity, and health and mental wellness direct services.

Based on current needs, and research, outcomes from the California School Dashboard and local indicator data demonstrated that our foster youth students are in need of additional support focused on increasing attendance and academic achievement. In addition, the Foster Youth Committee identified needs in the area of timely services; immediate support be provided on school entry and records are received in a timely manner. To coordinate and provide outreach support to families of unduplicated pupils parent liaisons, social service case managers,

community assist, social worker assist, and social service case managers are funded to improve and increase the direct services provided to foster youth students; these direct services will help to address student's habitual truancy and chronic absenteeism rates and conduct student conferences, home visits, and outreach efforts to connect families with community based resources to assist with addressing the need for increased positive attendance of unduplicated pupils.

These actions/services take into consideration the need of unduplicated pupils to attend school every day on time and that these student groups struggle with barriers and obstacles at times to ensuring consistent school attendance and positive experiences at school, therefore, these actions/services are designed to strategically address relationship building and increase access to resources for unduplicated pupils focused on increasing their daily attendance rates, decreasing their suspension rates, and increasing their sense of feeling connected and valued at school. These actions/services directly address the diverse needs of our foster youth students by providing them with the following direct services: informational meetings, training, and workshops informing students and families of their rights, enrollment assistance and student paperwork support, case management and advocacy, school supply assistance, getting access to transportation assistance, student service referrals, and referrals to community agencies for increased access to resources and support.

The Central Enrollment department provides direct services for newly enrolled families and connects all guardians of foster youth, parents and guardians of families in transition and English learner students with resources, enrollment support, and an intake process that helps explain the family and student expectations of the school or schools the child or children are being enrolled in. The Central Enrollment department is in the same building as the office of Special Education services, Families in Transition and Foster youth services, and the Sutter St. health clinic, so during the intake enrollment process families are provided with increased access to important information and direct services related to unique needs of students belonging to unduplicated student groups.

Data analysis of suspensions, attendance, enrollment, and student/family surveys will reveal needs based on the level of access and inclusionary practices.

To ensure effectiveness of these actions/services, both school site and district resources will compare the services being provided relating to suspensions, attendance, enrollment, and school connectedness data and to compare with the increase/decrease in engagement and student achievement.

(State Priorities: 6)

(Metrics: 6A, 6B, 6C)

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

Stockton Unified School District (SUSD) has applied the additional concentration grant add-on funding increasing the number of staff providing direct services to students at the school site by using unduplicated pupil data.

The direct school site (FTE assigned and physically located at) resources and supports are:

Goal 1 - Action 2: Additional and Supplemental: College and Career Readiness and A-G Supports

* Student Support Technicians are an intermediary supplemental support at the school site that assists with ensuring the school site is functional, efficient, inclusive, and receptive to meet the needs of unduplicated pupils. Based on the district's total unduplicated pupil data, 38 School Support Technicians (Elementary) and 8 School Support Technicians (High Schools) are targeted to school sites with 55% or greater unduplicated pupils.

Goal 1 - Action 7: Additional and Supplemental: Targeted Learning Recovery and Acceleration of Instructional and Intervention Supports

* Bilingual Assistants assist school sites within the classroom to reinforce learning concepts through preparation of instructional materials, instructional activities, and progress monitoring of student to increase and improve access of educational achievement for unduplicated pupils under the direction of the classroom teacher/specialist. Based on the district's total unduplicated pupil data and English Learner data, 20 Bilingual Assistants (Elementary) and 4 Bilingual Assistants (High Schools) are targeted to school sites with 25% or greater unduplicated English Learners.

* Library Media Assistants support student literacy by oversight of the school library through the acquisition, circulation, maintenance and distribution of library books and instructional materials at an assigned school site; assist students and teachers in the selection, location and use of library materials and equipment. Maintaining library functionality at the school site increases and improves unduplicated pupils' access to current and culturally relevant reading materials that support increased and improved student achievement. Based on the district's total unduplicated pupil data, 8 Library Media Assistants (High Schools) are targeted to high school sites with 55% or greater unduplicated pupils.

Goal 2 - Action 7: Additional and Supplemental: Building Strong Schools & Healthy Communities

* School Psychologist provides increased or improved social-emotional supports to needs of our unduplicated pupils (low-income, English Learners, foster youth), through psychological services and teacher consultation. 1 FTE School Psychologist assigned to provide .25 FTE support are targeted to each comprehensive school site with 55% or greater unduplicated pupils and high social-emotional/mental health needs.

Goal 2 - Action 12: Additional and Supplemental: Facility & Campus Safety Support

* Custodians are an essential component that promotes a positive and welcoming school environment. They not only provide care of assigned buildings and grounds, but they are integral to the positive connections that support unduplicated pupils in being connected to their school. Based on the district's total unduplicated pupil data and foster youth data, 60 Custodial staff (Elementary) and 12 Custodial staff (High School) are targeted to school sites with 55% or greater unduplicated pupils and 2% or greater foster youth.

Staff-to-student ratios by type of school and concentration of unduplicated students	Schools with a student concentration of 55 percent or less	Schools with a student concentration of greater than 55 percent
Staff-to-student ratio of classified staff providing direct services to students	1:47.85	1:26.61
Staff-to-student ratio of certificated staff providing direct services to students	1:19.26	1:16.10

2023-24 Total Expenditures Table

For additional questions or technical assistance related to the completion of the Local Control and Accountability Plan (LCAP) template, please contact the local county office of education (COE), or the California Department of Education's (CDE's) Local Agency Systems Support Office, by phone at 916-319-0809 or by email at lcff@cde.ca.gov.

Introduction and Instructions

The Local Control Funding Formula (LCFF) requires local educational agencies (LEAs) to engage their local educational partners in an annual planning process to evaluate their progress within eight state priority areas encompassing all statutory metrics (COEs have 10 state priorities). LEAs document the results of this planning process in the LCAP using the template adopted by the State Board of Education.

The LCAP development process serves three distinct, but related functions:

- **Comprehensive Strategic Planning:** The process of developing and annually updating the LCAP supports comprehensive strategic planning (California *Education Code* [EC] Section 52064[e][1]). Strategic planning that is comprehensive connects budgetary decisions to teaching and learning performance data. LEAs should continually evaluate the hard choices they make about the use of limited resources to meet student and community needs to ensure opportunities and outcomes are improved for all students.
- **Meaningful Engagement of Educational Partners:** The LCAP development process should result in an LCAP that reflects decisions made through meaningful engagement (EC Section 52064[e][1]). Local educational partners possess valuable perspectives and insights about an LEA's programs and services. Effective strategic planning will incorporate these perspectives and insights in order to identify potential goals and actions to be included in the LCAP.
- **Accountability and Compliance:** The LCAP serves an important accountability function because aspects of the LCAP template require LEAs to show that they have complied with various requirements specified in the LCFF statutes and regulations, most notably:
 - Demonstrating that LEAs are increasing or improving services for foster youth, English learners, and low-income students in proportion to the amount of additional funding those students generate under LCFF (EC Section 52064[b][4-6]).
 - Establishing goals, supported by actions and related expenditures, that address the statutory priority areas and statutory metrics (EC sections 52064[b][1] and [2]).

- Annually reviewing and updating the LCAP to reflect progress toward the goals (*EC* Section 52064[b][7]).

The LCAP template, like each LEA's final adopted LCAP, is a document, not a process. LEAs must use the template to memorialize the outcome of their LCAP development process, which should: (a) reflect comprehensive strategic planning (b) through meaningful engagement with educational partners that (c) meets legal requirements, as reflected in the final adopted LCAP. The sections included within the LCAP template do not and cannot reflect the full development process, just as the LCAP template itself is not intended as a tool for engaging educational partners.

If a county superintendent of schools has jurisdiction over a single school district, the county board of education and the governing board of the school district may adopt and file for review and approval a single LCAP consistent with the requirements in *EC* sections 52060, 52062, 52066, 52068, and 52070. The LCAP must clearly articulate to which entity's budget (school district or county superintendent of schools) all budgeted and actual expenditures are aligned.

The revised LCAP template for the 2021–22, 2022–23, and 2023–24 school years reflects statutory changes made through Assembly Bill 1840 (Committee on Budget), Chapter 243, Statutes of 2018. These statutory changes enhance transparency regarding expenditures on actions included in the LCAP, including actions that contribute to meeting the requirement to increase or improve services for foster youth, English learners, and low-income students, and to streamline the information presented within the LCAP to make adopted LCAPs more accessible for educational partners and the public.

At its most basic, the adopted LCAP should attempt to distill not just what the LEA is doing for students in transitional kindergarten through grade twelve (TK–12), but also allow educational partners to understand why, and whether those strategies are leading to improved opportunities and outcomes for students. LEAs are strongly encouraged to use language and a level of detail in their adopted LCAPs intended to be meaningful and accessible for the LEA's diverse educational partners and the broader public.

In developing and finalizing the LCAP for adoption, LEAs are encouraged to keep the following overarching frame at the forefront of the strategic planning and educational partner engagement functions:

Given present performance across the state priorities and on indicators in the California School Dashboard (Dashboard), how is the LEA using its budgetary resources to respond to TK–12 student and community needs, and address any performance gaps, including by meeting its obligation to increase or improve services for foster youth, English learners, and low-income students?

LEAs are encouraged to focus on a set of metrics and actions that the LEA believes, based on input gathered from educational partners, research, and experience, will have the biggest impact on behalf of its TK–12 students.

These instructions address the requirements for each section of the LCAP, but may include information about effective practices when developing the LCAP and completing the LCAP itself. Additionally, information is included at the beginning of each section emphasizing the purpose that each section serves.

Plan Summary

Purpose

A well-developed Plan Summary section provides a meaningful context for the LCAP. This section provides information about an LEA's community as well as relevant information about student needs and performance. In order to provide a meaningful context for the rest of the LCAP, the content of this section should be clearly and meaningfully related to the content included in the subsequent sections of the LCAP.

Requirements and Instructions

General Information – Briefly describe the LEA, its schools, and its students in grades TK–12, as applicable to the LEA. For example, information about an LEA in terms of geography, enrollment, or employment, the number and size of specific schools, recent community challenges, and other such information as an LEA wishes to include can enable a reader to more fully understand an LEA's LCAP.

Reflections: Successes – Based on a review of performance on the state indicators and local performance indicators included in the Dashboard, progress toward LCAP goals, local self-assessment tools, input from educational partners, and any other information, what progress is the LEA most proud of and how does the LEA plan to maintain or build upon that success? This may include identifying specific examples of how past increases or improvements in services for foster youth, English learners, and low-income students have led to improved performance for these students.

Reflections: Identified Need – Referring to the Dashboard, identify: (a) any state indicator for which overall performance was in the “Red” or “Orange” performance category or any local indicator where the LEA received a “Not Met” or “Not Met for Two or More Years” rating AND (b) any state indicator for which performance for any student group was two or more performance levels below the “all student” performance. What steps is the LEA planning to take to address these areas of low performance and performance gaps? An LEA that is required to include a goal to address one or more consistently low-performing student groups or low-performing schools must identify that it is required to include this goal and must also identify the applicable student group(s) and/or school(s). Other needs may be identified using locally collected data including data collected to inform the self-reflection tools and reporting local indicators on the Dashboard.

LCAP Highlights – Identify and briefly summarize the key features of this year's LCAP.

Comprehensive Support and Improvement – An LEA with a school or schools identified for comprehensive support and improvement (CSI) under the Every Student Succeeds Act must respond to the following prompts:

- **Schools Identified:** Identify the schools within the LEA that have been identified for CSI.
- **Support for Identified Schools:** Describe how the LEA has or will support the identified schools in developing CSI plans that included a school-level needs assessment, evidence-based interventions, and the identification of any resource inequities to be addressed through the implementation of the CSI plan.

- **Monitoring and Evaluating Effectiveness:** Describe how the LEA will monitor and evaluate the implementation and effectiveness of the CSI plan to support student and school improvement.

Engaging Educational Partners

Purpose

Significant and purposeful engagement of parents, students, educators, and other educational partners, including those representing the student groups identified by LCFF, is critical to the development of the LCAP and the budget process. Consistent with statute, such engagement should support comprehensive strategic planning, accountability, and improvement across the state priorities and locally identified priorities (*EC Section 52064[e][1]*). Engagement of educational partners is an ongoing, annual process.

This section is designed to reflect how the engagement of educational partners influenced the decisions reflected in the adopted LCAP. The goal is to allow educational partners that participated in the LCAP development process and the broader public understand how the LEA engaged educational partners and the impact of that engagement. LEAs are encouraged to keep this goal in the forefront when completing this section.

Statute and regulations specify the educational partners that school districts and COEs must consult when developing the LCAP: teachers, principals, administrators, other school personnel, local bargaining units of the LEA, parents, and students. Before adopting the LCAP, school districts and COEs must share it with the Parent Advisory Committee and, if applicable, to its English Learner Parent Advisory Committee. The superintendent is required by statute to respond in writing to the comments received from these committees. School districts and COEs must also consult with the special education local plan area administrator(s) when developing the LCAP.

Statute requires charter schools to consult with teachers, principals, administrators, other school personnel, parents, and students in developing the LCAP. The LCAP should also be shared with, and LEAs should request input from, schoolsite-level advisory groups, as applicable (e.g., schoolsite councils, English Learner Advisory Councils, student advisory groups, etc.), to facilitate alignment between schoolsite and district-level goals and actions.

Information and resources that support effective engagement, define student consultation, and provide the requirements for advisory group composition, can be found under Resources on the following web page of the CDE's website: <https://www.cde.ca.gov/re/lc/>.

Requirements and Instructions

Below is an excerpt from the 2018–19 *Guide for Annual Audits of K–12 Local Education Agencies and State Compliance Reporting*, which is provided to highlight the legal requirements for engagement of educational partners in the LCAP development process:

Local Control and Accountability Plan:

For county offices of education and school districts only, verify the LEA:

- a) Presented the local control and accountability plan to the parent advisory committee in accordance with Education Code section 52062(a)(1) or 52068(a)(1), as appropriate.
- b) If applicable, presented the local control and accountability plan to the English learner parent advisory committee, in accordance with Education Code section 52062(a)(2) or 52068(a)(2), as appropriate.
- c) Notified members of the public of the opportunity to submit comments regarding specific actions and expenditures proposed to be included in the local control and accountability plan in accordance with Education Code section 52062(a)(3) or 52068(a)(3), as appropriate.
- d) Held at least one public hearing in accordance with Education Code section 52062(b)(1) or 52068(b)(1), as appropriate.
- e) Adopted the local control and accountability plan in a public meeting in accordance with Education Code section 52062(b)(2) or 52068(b)(2), as appropriate.

Prompt 1: “A summary of the process used to engage educational partners and how this engagement was considered before finalizing the LCAP.”

Describe the engagement process used by the LEA to involve educational partners in the development of the LCAP, including, at a minimum, describing how the LEA met its obligation to consult with all statutorily required educational partners as applicable to the type of LEA. A sufficient response to this prompt must include general information about the timeline of the process and meetings or other engagement strategies with educational partners. A response may also include information about an LEA’s philosophical approach to engaging its educational partners.

Prompt 2: “A summary of the feedback provided by specific educational partners.”

Describe and summarize the feedback provided by specific educational partners. A sufficient response to this prompt will indicate ideas, trends, or inputs that emerged from an analysis of the feedback received from educational partners.

Prompt 3: “A description of the aspects of the LCAP that were influenced by specific input from educational partners.”

A sufficient response to this prompt will provide educational partners and the public with clear, specific information about how the engagement process influenced the development of the LCAP. The response must describe aspects of the LCAP that were influenced by or developed in response to the educational partner feedback described in response to Prompt 2. This may include a description of how the LEA prioritized requests of educational partners within the context of the budgetary resources available or otherwise prioritized areas of focus within the LCAP. For the purposes of this prompt, “aspects” of an LCAP that may have been influenced by educational partner input can include, but are not necessarily limited to:

- Inclusion of a goal or decision to pursue a Focus Goal (as described below)

- Inclusion of metrics other than the statutorily required metrics
- Determination of the desired outcome on one or more metrics
- Inclusion of performance by one or more student groups in the Measuring and Reporting Results subsection
- Inclusion of action(s) or a group of actions
- Elimination of action(s) or group of actions
- Changes to the level of proposed expenditures for one or more actions
- Inclusion of action(s) as contributing to increased or improved services for unduplicated services
- Determination of effectiveness of the specific actions to achieve the goal
- Determination of material differences in expenditures
- Determination of changes made to a goal for the ensuing LCAP year based on the annual update process
- Determination of challenges or successes in the implementation of actions

Goals and Actions

Purpose

Well-developed goals will clearly communicate to educational partners what the LEA plans to accomplish, what the LEA plans to do in order to accomplish the goal, and how the LEA will know when it has accomplished the goal. A goal statement, associated metrics and expected outcomes, and the actions included in the goal should be in alignment. The explanation for why the LEA included a goal is an opportunity for LEAs to clearly communicate to educational partners and the public why, among the various strengths and areas for improvement highlighted by performance data and strategies and actions that could be pursued, the LEA decided to pursue this goal, and the related metrics, expected outcomes, actions, and expenditures.

A well-developed goal can be focused on the performance relative to a metric or metrics for all students, a specific student group(s), narrowing performance gaps, or implementing programs or strategies expected to impact outcomes. LEAs should assess the performance of their student groups when developing goals and the related actions to achieve such goals.

Requirements and Instructions

LEAs should prioritize the goals, specific actions, and related expenditures included within the LCAP within one or more state priorities. LEAs should consider performance on the state and local indicators, including their locally collected and reported data for the local indicators that are included in the Dashboard in determining whether and how to prioritize its goals within the LCAP.

In order to support prioritization of goals, the LCAP template provides LEAs with the option of developing three different kinds of goals:

- **Focus Goal:** A Focus Goal is relatively more concentrated in scope and may focus on a fewer number of metrics to measure improvement. A Focus Goal statement will be time bound and make clear how the goal is to be measured.
- **Broad Goal:** A Broad Goal is relatively less concentrated in its scope and may focus on improving performance across a wide range of metrics.

- **Maintenance of Progress Goal:** A Maintenance of Progress Goal includes actions that may be ongoing without significant changes and allows an LEA to track performance on any metrics not addressed in the other goals of the LCAP.

At a minimum, the LCAP must address all LCFF priorities and associated metrics.

Focus Goal(s)

Goal Description: The description provided for a Focus Goal must be specific, measurable, and time bound. An LEA develops a Focus Goal to address areas of need that may require or benefit from a more specific and data intensive approach. The Focus Goal can explicitly reference the metric(s) by which achievement of the goal will be measured and the time frame according to which the LEA expects to achieve the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA has chosen to prioritize this goal. An explanation must be based on Dashboard data or other locally collected data. LEAs must describe how the LEA identified this goal for focused attention, including relevant consultation with educational partners. LEAs are encouraged to promote transparency and understanding around the decision to pursue a focus goal.

Broad Goal

Goal Description: Describe what the LEA plans to achieve through the actions included in the goal. The description of a broad goal will be clearly aligned with the expected measurable outcomes included for the goal. The goal description organizes the actions and expected outcomes in a cohesive and consistent manner. A goal description is specific enough to be measurable in either quantitative or qualitative terms. A broad goal is not as specific as a focus goal. While it is specific enough to be measurable, there are many different metrics for measuring progress toward the goal.

Explanation of why the LEA has developed this goal: Explain why the LEA developed this goal and how the actions and metrics grouped together will help achieve the goal.

Maintenance of Progress Goal

Goal Description: Describe how the LEA intends to maintain the progress made in the LCFF State Priorities not addressed by the other goals in the LCAP. Use this type of goal to address the state priorities and applicable metrics not addressed within the other goals in the LCAP. The state priorities and metrics to be addressed in this section are those for which the LEA, in consultation with educational partners, has determined to maintain actions and monitor progress while focusing implementation efforts on the actions covered by other goals in the LCAP.

Explanation of why the LEA has developed this goal: Explain how the actions will sustain the progress exemplified by the related metrics.

Required Goals

In general, LEAs have flexibility in determining what goals to include in the LCAP and what those goals will address; however, beginning with the development of the 2022–23 LCAP, LEAs that meet certain criteria are required to include a specific goal in their LCAP.

Consistently low-performing student group(s) criteria: An LEA is eligible for Differentiated Assistance for three or more consecutive years based on the performance of the same student group or groups in the Dashboard. A list of the LEAs required to include a goal in the LCAP based on student group performance, and the student group(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Consistently low-performing student group(s) goal requirement:** An LEA meeting the consistently low-performing student group(s) criteria must include a goal in its LCAP focused on improving the performance of the student group or groups that led to the LEA’s eligibility for Differentiated Assistance. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, this student group or groups. An LEA required to address multiple student groups is not required to have a goal to address each student group; however, each student group must be specifically addressed in the goal. This requirement may not be met by combining this required goal with another goal.
- **Goal Description:** Describe the outcomes the LEA plans to achieve to address the needs of, and improve outcomes for, the student group or groups that led to the LEA’s eligibility for Differentiated Assistance.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the student group(s) that lead to the LEA being required to develop this goal, how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the student group(s), and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes identified in the goal description.

Low-performing school(s) criteria: The following criteria only applies to a school district or COE with two or more schools; it does not apply to a single-school district. A school district or COE has one or more schools that, for two consecutive years, received the two lowest performance levels on all but one of the state indicators for which the school(s) receive performance levels in the Dashboard and the performance of the “All Students” student group for the LEA is at least one performance level higher in all of those indicators. A list of the LEAs required to include a goal in the LCAP based on school performance, and the school(s) that lead to identification, may be found on the CDE’s Local Control Funding Formula web page at <https://www.cde.ca.gov/fg/aa/lc/>.

- **Low-performing school(s) goal requirement:** A school district or COE meeting the low-performing school(s) criteria must include a goal in its LCAP focusing on addressing the disparities in performance between the school(s) and the LEA as a whole. This goal must include metrics, outcomes, actions, and expenditures specific to addressing the needs of, and improving outcomes for, the students enrolled at the low-performing school or schools. An LEA required to address multiple schools is not required to have a goal to address each school; however, each school must be specifically addressed in the goal. This requirement may not be met by combining this goal with another goal.
- **Goal Description:** Describe what outcomes the LEA plans to achieve to address the disparities in performance between the students enrolled at the low-performing school(s) and the students enrolled at the LEA as a whole.
- **Explanation of why the LEA has developed this goal:** Explain why the LEA is required to develop this goal, including identifying the schools(s) that lead to the LEA being required to develop this goal; how the actions and associated metrics included in this goal differ from previous efforts to improve outcomes for the school(s); and why the LEA believes the actions, metrics, and expenditures included in this goal will help achieve the outcomes for students enrolled at the low-performing school or schools identified in the goal description.

Measuring and Reporting Results:

For each LCAP year, identify the metric(s) that the LEA will use to track progress toward the expected outcomes. LEAs are encouraged to identify metrics for specific student groups, as appropriate, including expected outcomes that would reflect narrowing of any existing performance gaps.

Include in the baseline column the most recent data associated with this metric available at the time of adoption of the LCAP for the first year of the three-year plan. LEAs may use data as reported on the 2019 Dashboard for the baseline of a metric only if that data represents the most recent available (e.g., high school graduation rate).

Using the most recent data available may involve reviewing data the LEA is preparing for submission to the California Longitudinal Pupil Achievement Data System (CALPADS) or data that the LEA has recently submitted to CALPADS. Because final 2020–21 outcomes on some metrics may not be computable at the time the 2021–24 LCAP is adopted (e.g., graduation rate, suspension rate), the most recent data available may include a point in time calculation taken each year on the same date for comparability purposes.

The baseline data shall remain unchanged throughout the three-year LCAP.

Complete the table as follows:

- **Metric:** Indicate how progress is being measured using a metric.
- **Baseline:** Enter the baseline when completing the LCAP for 2021–22. As described above, the baseline is the most recent data associated with a metric. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 1 Outcome:** When completing the LCAP for 2022–23, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 2 Outcome:** When completing the LCAP for 2023–24, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above.
- **Year 3 Outcome:** When completing the LCAP for 2024–25, enter the most recent data available. Indicate the school year to which the data applies, consistent with the instructions above. The 2024–25 LCAP will be the first year in the next three-year cycle. Completing this column will be part of the Annual Update for that year.
- **Desired Outcome for 2023–24:** When completing the first year of the LCAP, enter the desired outcome for the relevant metric the LEA expects to achieve by the end of the 2023–24 LCAP year.

Timeline for completing the “**Measuring and Reporting Results**” part of the Goal.

Metric	Baseline	Year 1 Outcome	Year 2 Outcome	Year 3 Outcome	Desired Outcome for Year 3 (2023–24)
Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2021–22 .	Enter information in this box when completing the LCAP for 2022–23 . Leave blank until then.	Enter information in this box when completing the LCAP for 2023–24 . Leave blank until then.	Enter information in this box when completing the LCAP for 2024–25 . Leave blank until then.	Enter information in this box when completing the LCAP for 2021–22 or when adding a new metric.

The metrics may be quantitative or qualitative; but at minimum, an LEA’s LCAP must include goals that are measured using all of the applicable metrics for the related state priorities, in each LCAP year as applicable to the type of LEA. To the extent a state priority does not specify one or more metrics (e.g., implementation of state academic content and performance standards), the LEA must identify a metric to use within the LCAP. For these state priorities, LEAs are encouraged to use metrics based on or reported through the relevant self-reflection tool for local indicators within the Dashboard.

Actions: Enter the action number. Provide a short title for the action. This title will also appear in the action tables. Provide a description of the action. Enter the total amount of expenditures associated with this action. Budgeted expenditures from specific fund sources will be provided in the summary tables. Indicate whether the action contributes to meeting the increase or improved services requirement as described in the Increased or Improved Services section using a “Y” for Yes or an “N” for No. (**Note:** for each such action offered on an LEA-wide or schoolwide basis, the LEA will need to provide additional information in the Increased or Improved Summary Section to address the requirements in *California Code of Regulations*, Title 5 [5 CCR] Section 15496(b) in the Increased or Improved Services Section of the LCAP).

Actions for English Learners: School districts, COEs, and charter schools that have a numerically significant English learner student subgroup must include specific actions in the LCAP related to, at a minimum, the language acquisition programs, as defined in *EC* Section 306, provided to students and professional development activities specific to English learners.

Actions for Foster Youth: School districts, COEs, and charter schools that have a numerically significant Foster Youth student subgroup are encouraged to include specific actions in the LCAP designed to meet needs specific to Foster Youth students.

Goal Analysis:

Enter the LCAP Year.

Using actual annual measurable outcome data, including data from the Dashboard, analyze whether the planned actions were effective in achieving the goal. Respond to the prompts as instructed.

- Describe the overall implementation of the actions to achieve the articulated goal. Include a discussion of relevant challenges and successes experienced with the implementation process. This must include any instance where the LEA did not implement a planned action or implemented a planned action in a manner that differs substantively from how it was described in the adopted LCAP.
- Explain material differences between Budgeted Expenditures and Estimated Actual Expenditures and between the Planned Percentages of Improved Services and Estimated Actual Percentages of Improved Services, as applicable. Minor variances in expenditures or percentages do not need to be addressed, and a dollar-for-dollar accounting is not required.
- Describe the effectiveness of the specific actions to achieve the articulated goal as measured by the LEA. In some cases, not all actions in a goal will be intended to improve performance on all of the metrics associated with the goal. When responding to this prompt, LEAs may assess the effectiveness of a single action or group of actions within the goal in the context of performance on a single metric or group of specific metrics within the goal that are applicable to the action(s). Grouping actions with metrics will allow for more robust analysis of whether the strategy the LEA is using to impact a specified set of metrics is working and increase transparency for educational partners. LEAs are encouraged to use such an approach when goals include multiple actions and metrics that are not closely associated.
- Describe any changes made to this goal, expected outcomes, metrics, or actions to achieve this goal as a result of this analysis and analysis of the data provided in the Dashboard or other local data, as applicable.

Increased or Improved Services for Foster Youth, English Learners, and Low-Income Students

Purpose

A well-written Increased or Improved Services section provides educational partners with a comprehensive description, within a single dedicated section, of how an LEA plans to increase or improve services for its unduplicated students in grades TK–12 as compared to all students in grades TK–12, as applicable, and how LEA-wide or schoolwide actions identified for this purpose meet regulatory requirements. Descriptions provided should include sufficient detail yet be sufficiently succinct to promote a broader understanding of educational partners to facilitate their ability to provide input. An LEA’s description in this section must align with the actions included in the Goals and Actions section as contributing.

Requirements and Instructions

Projected LCFF Supplemental and/or Concentration Grants: Specify the amount of LCFF supplemental and concentration grant funds the LEA estimates it will receive in the coming year based on the number and concentration of low income, foster youth, and English learner students.

Projected Additional LCFF Concentration Grant (15 percent): Specify the amount of additional LCFF concentration grant add-on funding, as described in EC Section 42238.02, that the LEA estimates it will receive in the coming year.

Projected Percentage to Increase or Improve Services for the Coming School Year: Specify the estimated percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year as calculated pursuant to 5 CCR Section 15496(a)(7).

LCFF Carryover — Percentage: Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).

LCFF Carryover — Dollar: Specify the LCFF Carryover — Dollar amount identified in the LCFF Carryover Table. If a carryover amount is not identified in the LCFF Carryover Table, specify an amount of zero (\$0).

Total Percentage to Increase or Improve Services for the Coming School Year: Add the Projected Percentage to Increase or Improve Services for the Coming School Year and the Proportional LCFF Required Carryover Percentage and specify the percentage. This is the LEAs percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the LCAP year, as calculated pursuant to 5 CCR Section 15496(a)(7).

Required Descriptions:

For each action being provided to an entire school, or across the entire school district or COE, an explanation of (1) how the needs of foster youth, English learners, and low-income students were considered first, and (2) how these actions are effective in meeting the goals for these students.

For each action included in the Goals and Actions section as contributing to the increased or improved services requirement for unduplicated pupils and provided on an LEA-wide or schoolwide basis, the LEA must include an explanation consistent with 5 CCR Section 15496(b). For any such actions continued into the 2021–24 LCAP from the 2017–2020 LCAP, the LEA must determine whether or not the action was effective as expected, and this determination must reflect evidence of outcome data or actual implementation to date.

Principally Directed and Effective: An LEA demonstrates how an action is principally directed towards and effective in meeting the LEA’s goals for unduplicated students when the LEA explains how:

- It considers the needs, conditions, or circumstances of its unduplicated pupils;

- The action, or aspect(s) of the action (including, for example, its design, content, methods, or location), is based on these considerations; and
- The action is intended to help achieve an expected measurable outcome of the associated goal.

As such, the response provided in this section may rely on a needs assessment of unduplicated students.

Conclusory statements that a service will help achieve an expected outcome for the goal, without an explicit connection or further explanation as to how, are not sufficient. Further, simply stating that an LEA has a high enrollment percentage of a specific student group or groups does not meet the increase or improve services standard because enrolling students is not the same as serving students.

For example, if an LEA determines that low-income students have a significantly lower attendance rate than the attendance rate for all students, it might justify LEA-wide or schoolwide actions to address this area of need in the following way:

After assessing the needs, conditions, and circumstances of our low-income students, we learned that the attendance rate of our low-income students is 7 percent lower than the attendance rate for all students. (Needs, Conditions, Circumstances [Principally Directed])

In order to address this condition of our low-income students, we will develop and implement a new attendance program that is designed to address some of the major causes of absenteeism, including lack of reliable transportation and food, as well as a school climate that does not emphasize the importance of attendance. Goal N, Actions X, Y, and Z provide additional transportation and nutritional resources as well as a districtwide educational campaign on the benefits of high attendance rates. (Contributing Action[s])

These actions are being provided on an LEA-wide basis and we expect/hope that all students with less than a 100 percent attendance rate will benefit. However, because of the significantly lower attendance rate of low-income students, and because the actions meet needs most associated with the chronic stresses and experiences of a socio-economically disadvantaged status, we expect that the attendance rate for our low-income students will increase significantly more than the average attendance rate of all other students. (Measurable Outcomes [Effective In])

COEs and Charter Schools: Describe how actions included as contributing to meeting the increased or improved services requirement on an LEA-wide basis are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above. In the case of COEs and charter schools, schoolwide and LEA-wide are considered to be synonymous.

For School Districts Only:

Actions Provided on an LEA-Wide Basis:

Unduplicated Percentage > 55 percent: For school districts with an unduplicated pupil percentage of 55 percent or more, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities as described above.

Unduplicated Percentage < 55 percent: For school districts with an unduplicated pupil percentage of less than 55 percent, describe how these actions are principally directed to and effective in meeting its goals for unduplicated pupils in the state and any local priorities. Also describe how the actions **are the most effective use of the funds** to meet these goals for its unduplicated pupils. Provide the basis for this determination, including any alternatives considered, supporting research, experience, or educational theory.

Actions Provided on a Schoolwide Basis:

School Districts must identify in the description those actions being funded and provided on a schoolwide basis, and include the required description supporting the use of the funds on a schoolwide basis.

For schools with 40 percent or more enrollment of unduplicated pupils: Describe how these actions are principally directed to and effective in meeting its goals for its unduplicated pupils in the state and any local priorities.

For school districts expending funds on a schoolwide basis at a school with less than 40 percent enrollment of unduplicated pupils: Describe how these actions are principally directed to and how the actions are the most effective use of the funds to meet its goals for foster youth, English learners, and low-income students in the state and any local priorities.

A description of how services for foster youth, English learners, and low-income students are being increased or improved by the percentage required.

Consistent with the requirements of 5 CCR Section 15496, describe how services provided for unduplicated pupils are increased or improved by at least the percentage calculated as compared to the services provided for all students in the LCAP year. To improve services means to grow services in quality and to increase services means to grow services in quantity. Services are increased or improved by those actions in the LCAP that are included in the Goals and Actions section as contributing to the increased or improved services requirement, whether they are provided on an LEA-wide or schoolwide basis or provided on a limited basis to unduplicated students. A limited action is an action that only serves foster youth, English learners, and/or low-income students. This description must address how these action(s) are expected to result in the required proportional increase or improvement in services for unduplicated pupils as compared to the services the LEA provides to all students for the relevant LCAP year.

For any action contributing to meeting the increased or improved services requirement that is associated with a Planned Percentage of Improved Services in the Contributing Summary Table rather than an expenditure of LCFF funds, describe the methodology that was used to determine the contribution of the action towards the proportional percentage. See the instructions for determining the Planned Percentage of Improved Services for information on calculating the Percentage of Improved Services.

A description of the plan for how the additional concentration grant add-on funding identified above will be used to increase the number of staff providing direct services to students at schools that have a high concentration (above 55 percent) of foster youth, English learners, and low-income students, as applicable.

An LEA that receives the additional concentration grant add-on described in *EC* Section 42238.02 is required to demonstrate how it is using these funds to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent as compared to the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is equal to or less than 55 percent. The staff who provide direct services to students must be certificated staff and/or classified staff employed by the LEA; classified staff includes custodial staff.

Provide the following descriptions, as applicable to the LEA:

An LEA that does not receive a concentration grant or the concentration grant add-on must indicate that a response to this prompt is not applicable.

Identify the goal and action numbers of the actions in the LCAP that the LEA is implementing to meet the requirement to increase the number of staff who provide direct services to students at schools with an enrollment of unduplicated students that is greater than 55 percent.

An LEA that does not have comparison schools from which to describe how it is using the concentration grant add-on funds, such as an LEA that only has schools with an enrollment of unduplicated students that is greater than 55 percent, must describe how it is using the funds to increase the number of credentialed staff, classified staff, or both, including custodial staff, who provide direct services to students at selected schools and the criteria used to determine which schools require additional staffing support.

In the event that an additional concentration grant add-on is not sufficient to increase staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent, the LEA must describe how it is using the funds to retain staff providing direct services to students at a school with an enrollment of unduplicated students that is greater than 55 percent.

Complete the table as follows:

- Provide the staff-to-student ratio of classified staff providing direct services to students with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of classified staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of full time equivalent (FTE) staff and the number of enrolled students as counted on the first Wednesday in October of each year.
- Provide the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is 55 percent or less and the staff-to-student ratio of certificated staff providing direct services to students at schools with a concentration of unduplicated students that is greater than 55 percent, as applicable to the LEA. The LEA may group its schools by grade span (Elementary, Middle/Junior High, and High Schools), as applicable to the LEA. The staff-to-student ratio must be based on the number of FTE staff and the number of enrolled students as counted on the first Wednesday in October of each year.

Action Tables

Complete the Data Entry Table for each action in the LCAP. The information entered into this table will automatically populate the other Action Tables. Information is only entered into the Data Entry Table, the Annual Update Table, the Contributing Actions Annual Update Table, and the LCFF Carryover Table. With the exception of the Data Entry Table, the word “input” has been added to column headers to aid in identifying the column(s) where information will be entered. Information is not entered on the remaining Action tables.

The following tables are required to be included as part of the LCAP adopted by the local governing board or governing body:

- Table 1: Total Planned Expenditures Table (for the coming LCAP Year)
- Table 2: Contributing Actions Table (for the coming LCAP Year)
- Table 3: Annual Update Table (for the current LCAP Year)
- Table 4: Contributing Actions Annual Update Table (for the current LCAP Year)
- Table 5: LCFF Carryover Table (for the current LCAP Year)

Note: The coming LCAP Year is the year that is being planned for, while the current LCAP year is the current year of implementation. For example, when developing the 2022–23 LCAP, 2022–23 will be the coming LCAP Year and 2021–22 will be the current LCAP Year.

Data Entry Table

The Data Entry Table may be included in the LCAP as adopted by the local governing board or governing body, but is not required to be included. In the Data Entry Table, input the following information for each action in the LCAP for that applicable LCAP year:

- **LCAP Year:** Identify the applicable LCAP Year.
- **1. Projected LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the coming school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).

See *EC* sections 2574 (for COEs) and 42238.02 (for school districts and charter schools), as applicable, for LCFF apportionment calculations.

- **2. Projected LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will receive on the basis of the number and concentration of unduplicated students for the coming school year.

- **3. Projected Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected LCFF Base Grant and the Projected LCFF Supplemental and/or Concentration Grants, pursuant to 5 CCR Section 15496(a)(8). This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the coming LCAP year.
- **LCFF Carryover — Percentage:** Specify the LCFF Carryover — Percentage identified in the LCFF Carryover Table from the prior LCAP year. If a carryover percentage is not identified in the LCFF Carryover Table, specify a percentage of zero (0.00%).
- **Total Percentage to Increase or Improve Services for the Coming School Year:** This percentage will not be entered; it is calculated based on the Projected Percentage to Increase or Improve Services for the Coming School Year and the LCFF Carryover — Percentage. This is the percentage by which the LEA must increase or improve services for unduplicated pupils as compared to the services provided to all students in the coming LCAP year.
- **Goal #:** Enter the LCAP Goal number for the action.
- **Action #:** Enter the action’s number as indicated in the LCAP Goal.
- **Action Title:** Provide a title of the action.
- **Student Group(s):** Indicate the student group or groups who will be the primary beneficiary of the action by entering “All,” or by entering a specific student group or groups.
- **Contributing to Increased or Improved Services?:** Type “Yes” if the action is included as contributing to meeting the increased or improved services; OR, type “No” if the action is **not** included as contributing to meeting the increased or improved services.
- If “Yes” is entered into the Contributing column, then complete the following columns:
 - **Scope:** The scope of an action may be LEA-wide (i.e., districtwide, countywide, or charterwide), schoolwide, or limited. An action that is LEA-wide in scope upgrades the entire educational program of the LEA. An action that is schoolwide in scope upgrades the entire educational program of a single school. An action that is limited in its scope is an action that serves only one or more unduplicated student groups.
 - **Unduplicated Student Group(s):** Regardless of scope, contributing actions serve one or more unduplicated student groups. Indicate one or more unduplicated student groups for whom services are being increased or improved as compared to what all students receive.
 - **Location:** Identify the location where the action will be provided. If the action is provided to all schools within the LEA, the LEA must indicate “All Schools.” If the action is provided to specific schools within the LEA or specific grade spans only, the LEA must

enter “Specific Schools” or “Specific Grade Spans.” Identify the individual school or a subset of schools or grade spans (e.g., all high schools or grades transitional kindergarten through grade five), as appropriate.

- **Time Span:** Enter “ongoing” if the action will be implemented for an indeterminate period of time. Otherwise, indicate the span of time for which the action will be implemented. For example, an LEA might enter “1 Year,” or “2 Years,” or “6 Months.”
- **Total Personnel:** Enter the total amount of personnel expenditures utilized to implement this action.
- **Total Non-Personnel:** This amount will be automatically calculated based on information provided in the Total Personnel column and the Total Funds column.
- **LCFF Funds:** Enter the total amount of LCFF funds utilized to implement this action, if any. LCFF funds include all funds that make up an LEA’s total LCFF target (i.e., base grant, grade span adjustment, supplemental grant, concentration grant, Targeted Instructional Improvement Block Grant, and Home-To-School Transportation).
 - **Note:** For an action to contribute towards meeting the increased or improved services requirement it must include some measure of LCFF funding. The action may also include funding from other sources, however the extent to which an action contributes to meeting the increased or improved services requirement is based on the LCFF funding being used to implement the action.
- **Other State Funds:** Enter the total amount of Other State Funds utilized to implement this action, if any.
- **Local Funds:** Enter the total amount of Local Funds utilized to implement this action, if any.
- **Federal Funds:** Enter the total amount of Federal Funds utilized to implement this action, if any.
- **Total Funds:** This amount is automatically calculated based on amounts entered in the previous four columns.
- **Planned Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis to unduplicated students, and that does not have funding associated with the action, enter the planned quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%). A limited action is an action that only serves foster youth, English learners, and/or low-income students.
 - As noted in the instructions for the Increased or Improved Services section, when identifying a Planned Percentage of Improved Services, the LEA must describe the methodology that it used to determine the contribution of the action towards the proportional percentage. The percentage of improved services for an action corresponds to the amount of LCFF funding that the LEA estimates it would expend to implement the action if it were funded.

For example, an LEA determines that there is a need to analyze data to ensure that instructional aides and expanded learning providers know what targeted supports to provide to students who are foster youth. The LEA could implement this action by hiring additional staff to collect and analyze data and to coordinate supports for students, which the LEA estimates would cost \$165,000. Instead, the LEA chooses to utilize a portion of existing staff time to analyze data relating to students who are foster youth. This analysis will then be shared with site principals who will use the data to coordinate services provided by instructional assistants and expanded learning providers to target support to students. In this example, the LEA would divide the estimated cost of \$165,000 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Planned Percentage of Improved Service for the action.

Contributing Actions Table

As noted above, information will not be entered in the Contributing Actions Table; however, the ‘Contributing to Increased or Improved Services?’ column will need to be checked to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses.

Annual Update Table

In the Annual Update Table, provide the following information for each action in the LCAP for the relevant LCAP year:

- **Estimated Actual Expenditures:** Enter the total estimated actual expenditures to implement this action, if any.

Contributing Actions Annual Update Table

In the Contributing Actions Annual Update Table, check the ‘Contributing to Increased or Improved Services?’ column to ensure that only actions with a “Yes” are displaying. If actions with a “No” are displayed or if actions that are contributing are not displaying in the column, use the drop-down menu in the column header to filter only the “Yes” responses. Provide the following information for each contributing action in the LCAP for the relevant LCAP year:

- **6. Estimated Actual LCFF Supplemental and/or Concentration Grants:** Provide the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- **Estimated Actual Expenditures for Contributing Actions:** Enter the total estimated actual expenditure of LCFF funds used to implement this action, if any.
- **Estimated Actual Percentage of Improved Services:** For any action identified as contributing, being provided on a Limited basis only to unduplicated students, and that does not have funding associated with the action, enter the total estimated actual quality improvement anticipated for the action as a percentage rounded to the nearest hundredth (0.00%).
 - Building on the example provided above for calculating the Planned Percentage of Improved Services, the LEA in the example implements the action. As part of the annual update process, the LEA reviews implementation and student outcome data and determines that the action

was implemented with fidelity and that outcomes for foster youth students improved. The LEA reviews the original estimated cost for the action and determines that had it hired additional staff to collect and analyze data and to coordinate supports for students that estimated actual cost would have been \$169,500 due to a cost of living adjustment. The LEA would divide the estimated actual cost of \$169,500 by the amount of LCFF Funding identified in the Data Entry Table and then convert the quotient to a percentage. This percentage is the Estimated Actual Percentage of Improved Services for the action.

LCFF Carryover Table

- **9. Estimated Actual LCFF Base Grant:** Provide the total amount of LCFF funding the LEA estimates it will receive for the current school year, excluding the supplemental and concentration grants and the add-ons for the Targeted Instructional Improvement Grant Program and the Home to School Transportation Program, pursuant to 5 CCR Section 15496(a)(8).
- **10. Total Percentage to Increase or Improve Services for the Current School Year:** This percentage will not be entered. The percentage is calculated based on the amounts of the Estimated Actual LCFF Base Grant (9) and the Estimated Actual LCFF Supplemental and/or Concentration Grants (6), pursuant to 5 CCR Section 15496(a)(8), plus the LCFF Carryover – Percentage from the prior year. This is the percentage by which services for unduplicated pupils must be increased or improved as compared to the services provided to all students in the current LCAP year.

Calculations in the Action Tables

To reduce the duplication of effort of LEAs, the Action Tables include functionality such as pre-population of fields and cells based on the information provided in the Data Entry Table, the Annual Update Summary Table, and the Contributing Actions Table. For transparency, the functionality and calculations used are provided below.

Contributing Actions Table

- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Planned Expenditures for Contributing Actions (LCFF Funds) column
- 5. Total Planned Percentage of Improved Services
 - This percentage is the total of the Planned Percentage of Improved Services column
- Planned Percentage to Increase or Improve Services for the coming school year (4 divided by 1, plus 5)
 - This percentage is calculated by dividing the Total Planned Contributing Expenditures (4) by the Projected LCFF Base Grant (1), converting the quotient to a percentage, and adding it to the Total Planned Percentage of Improved Services (5).

Contributing Actions Annual Update Table

Pursuant to *EC* Section 42238.07(c)(2), if the Total Planned Contributing Expenditures (4) is less than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the LEA is required to calculate the difference between the Total Planned Percentage of Improved Services (5) and the Total Estimated Actual Percentage of Improved Services (7). If the Total Planned Contributing Expenditures (4) is equal to or greater than the Estimated Actual LCFF Supplemental and Concentration Grants (6), the Difference Between Planned and Estimated Actual Percentage of Improved Services will display “Not Required.”

- 6. Estimated Actual LCFF Supplemental and Concentration Grants
 - This is the total amount of LCFF supplemental and concentration grants the LEA estimates it will actually receive based on of the number and concentration of unduplicated students in the current school year.
- 4. Total Planned Contributing Expenditures (LCFF Funds)
 - This amount is the total of the Last Year's Planned Expenditures for Contributing Actions (LCFF Funds)
- 7. Total Estimated Actual Expenditures for Contributing Actions
 - This amount is the total of the Estimated Actual Expenditures for Contributing Actions (LCFF Funds)
- Difference Between Planned and Estimated Actual Expenditures for Contributing Actions (Subtract 7 from 4)
 - This amount is the Total Estimated Actual Expenditures for Contributing Actions (7) subtracted from the Total Planned Contributing Expenditures (4)
- 5. Total Planned Percentage of Improved Services (%)
 - This amount is the total of the Planned Percentage of Improved Services column
- 8. Total Estimated Actual Percentage of Improved Services (%)
 - This amount is the total of the Estimated Actual Percentage of Improved Services column
- Difference Between Planned and Estimated Actual Percentage of Improved Services (Subtract 5 from 8)
 - This amount is the Total Planned Percentage of Improved Services (5) subtracted from the Total Estimated Actual Percentage of Improved Services (8)

LCFF Carryover Table

- 10. Total Percentage to Increase or Improve Services for the Current School Year (6 divided by 9 + Carryover %)

- This percentage is the Estimated Actual LCFF Supplemental and/or Concentration Grants (6) divided by the Estimated Actual LCFF Base Grant (9) plus the LCFF Carryover – Percentage from the prior year.
- 11. Estimated Actual Percentage of Increased or Improved Services (7 divided by 9, plus 8)
 - This percentage is the Total Estimated Actual Expenditures for Contributing Actions (7) divided by the LCFF Funding (9), then converting the quotient to a percentage and adding the Total Estimated Actual Percentage of Improved Services (8).
- 12. LCFF Carryover — Dollar Amount LCFF Carryover (Subtract 11 from 10 and multiply by 9)
 - If the Estimated Actual Percentage of Increased or Improved Services (11) is less than the Estimated Actual Percentage to Increase or Improve Services (10), the LEA is required to carry over LCFF funds.

The amount of LCFF funds is calculated by subtracting the Estimated Actual Percentage to Increase or Improve Services (11) from the Estimated Actual Percentage of Increased or Improved Services (10) and then multiplying by the Estimated Actual LCFF Base Grant (9). This amount is the amount of LCFF funds that is required to be carried over to the coming year.
- 13. LCFF Carryover — Percentage (12 divided by 9)
 - This percentage is the unmet portion of the Percentage to Increase or Improve Services that the LEA must carry over into the coming LCAP year. The percentage is calculated by dividing the LCFF Carryover (12) by the LCFF Funding (9).
