To: Sponsor,

YELLOWJACKET CAMPAIGN

The Campaign for Franklin High School Athletics, Green and Gold Donors

Explore how you can help Franklin High School Athletics elevate and excel by supporting our campaign priorities:

- Supporting students through scholarship, and expanded and innovative student programs and offerings
- Advancing knowledge through innovative learning approaches and technological advances, and providing faculty and staff the resources they need to be successful
- Strengthening the Franklin High School of Stockton community

Elevate: The Campaign for Franklin High School Athletics seeks to inspire alumni, donors, friends, and Business & Industry members of the Yellowjacket community to support our students as they work to achieve their dream of a high school diploma.

Elevate Your Impact

The sports community in the Franklin district has a proud history of making a significant impact on the health and prosperity of our great, diverse, and vibrant area.

Franklin High School Athletic Department drives this momentum through the efforts of dedicated faculty, coaches, staff, and student-athletes — each pursuing excellence on and off the field. Despite juggling the demands of team activities and volunteerism, our student-athletes exceed the campus average GPA.

With a gift to the Athletics Department, you can help more student-athletes thrive at Franklin High School and beyond. **Contact John Bava**, Athletics Director, email: jbava@stocktonusd.net if you have questions or would like to discover additional ways to get involved.

- Increase scholarship funding to support our students as they compete at the CIF Division I level.
- Attract talented student-athletes, of any gender or sport, to our competitive program by bolstering our facilities, coaching staff, and academic assistance programs that are aimed at supporting the full person.
- Provide fully supported academic resources, learning, and nutrition centers for student-athletes as well as intramural participants, and community partners.
- Ensuring resources and training for our coaching staff so our student-athletes can compete at a high level both on and off the field.
- Provide a holistic approach to the student-athletes' health and wellness, including access to healthy food choices and more study areas that are open during the summer, and post or pre-team training sessions.
