Test Scores: (ACT/SAT)

- Students must present a corresponding test score and core-course GPA on the sliding scale (see Page No. 2).
 - **SAT:** critical reading and math sections.
 - Best subscore from each section is used to determine the SAT *combined* score for initial eligibility.
 - **ACT:** English, math, reading and science sections.
 - Best subscore from each section is used to determine the ACT *sum* score for initial eligibility.
- All ACT and SAT attempts *before* initial full-time collegiate enrollment may be used for initial eligibility.
- **Enter 9999 during ACT or SAT registration to ensure the testing agency reports your score directly to the NCAA Eligibility Center. Test scores on transcripts will not be used.**

Core Grade-Point Average:

- Only *core courses* that appear on the high school's List of NCAA Courses on the NCAA Eligibility Center's website (www.eligibilitycenter.org) will be used to calculate your core-course GPA. Use this list as a guide.
- **Initial full-time collegiate enrollment *before* August 1, 2016:**

Division II Initial-Eligibility Requirements

Core Courses

- **Division II currently requires 16 core courses.** See the chart below.
- **Beginning August 1, 2018**, to become a full or partial qualifier for Division II, all college-bound student-athletes must complete the 16 core-course requirement.

Test Scores

- **Division II** currently requires a minimum SAT score of 820 or an ACT sum score of 68. **Beginning August 1, 2018**, Division II will use a sliding scale to match test scores and core-course grade-point averages (GPA). The sliding scale for those requirements is shown on Page No. 2 of this sheet.
- The SAT score used for NCAA purposes includes **only** the critical reading and math sections. The writing section of the SAT is not used.
- The ACT score used for NCAA purposes is a **sum** of the following four sections: English, mathematics, reading and science.
- **When you register for the SAT or ACT, use the NCAA Eligibility Center code of 9999 to ensure all SAT and ACT scores are reported directly to the NCAA Eligibility Center from the testing agency. Test scores that appear on transcripts will not be used.**

Grade-Point Average

- Be sure to look at your high school's List of NCAA Courses on the NCAA Eligibility Center's website (www.eligibilitycenter.org). Only courses that appear on your school's approved List of NCAA Courses will be used in the calculation of the core GPA. Use the list as a guide.

NAIA ELIGIBILITY

NATIONAL ASSOCIATION OF
INTERCOLLEGIATE ATHLETICS

Do I meet the freshman eligibility requirements?

If you will graduate from a U.S. high school this spring and enroll in college this coming fall, the requirements are simple. An entering freshman must:

- Be a graduate of an accredited high school or be accepted as a regular student in good standing as defined by the enrolling institution and
- Meet **two of the three** following requirements. If as an entering freshman you do not meet at least two of the three standards, you cannot participate in athletics for the first full year of attendance (2 semesters, 3 quarters, or equivalent).

MUST MEET TWO OF THE THREE

1. TEST SCORE REQUIREMENT	2. HIGH SCHOOL GPA REQUIREMENT	3. CLASS RANK REQUIREMENT
<p>Achieve a minimum SAT score of 940. <u>VIEW AN IMPORTANT UPDATE ON NAIA TEST SCORE STANDARDS</u></p> <p>Effective May 25, 2016 the NAIA has revised its SAT score standards for initial eligibility. New SAT score equivalency has prompted change to 940 and creation of an exception for affected students seeking to compete for the first time in 2016-17. An evaluation of impact on ACT scores is underway which you want to participate in athletics.</p> <p>When registering for the tests, students should indicate the NAIA code "9876" to have their scores sent directly to the NAIA Eligibility Center.</p>	<p>Achieve a minimum overall high school grade point average of 2.0 on a 4.0 scale.</p> <p>The NAIA accepts the grade point average determined by the high school, provided it is recorded and awarded in the same manner as for every other student at the school.</p>	<p>Graduate in the top half of your high school class.</p> <p>If a student's class rank does not appear on the transcript, a signed letter from the principal or headmaster, vice principal or guidance counselor written on the school's letterhead and with the school's official seal, stating the student's final class rank position or percent may be submitted.</p>

Learning disabilities. Students with diagnosed learning disabilities, who do not meet the freshman eligibility requirements, may have their academic profiles reviewed by the NAIA National Eligibility Committee at the request of an NAIA institution.

What if I didn't attend a U.S. high school?

The criteria for alternative high school experiences and those outside of the U.S. are determined as follows:

GED Students — must meet two of the three

1. TEST SCORE REQUIREMENT	2. HIGH SCHOOL GPA REQUIREMENT	3. CLASS RANK REQUIREMENT
<p>VIEW AN IMPORTANT UPDATE ON NAIA TEST SCORE STANDARDS</p>	<p>GED students are recognized as having met the GPA requirement.</p>	<p>(Not applicable)</p>

Home Schooled Students

<p>If a home schooled student completes a home schooling program conducted in accordance with the laws of the student's state of residence, but does not meet the test score requirement, a home school waiver may be requested from the NAIA Home School Committee.</p>	

International Students — must meet two of the three

Graduates of high schools outside of the United States or one of the U.S. territories.

<p>International students must provide their academic records in both the language of issue as well as a certified, word-for-word English translation. See the NAIA Eligibility Center requirements for more on submitting international academic records.</p>		

Note: For detailed information about the process for international students, please see the [NAIA Guide for the International Student-Athlete](#).

NAIA Eligibility Center at PlayNAIA.org determines eligibility of all first-time NAIA student-athletes

The NAIA Eligibility Center, at PlayNAIA.org, is responsible for determining the NAIA eligibility of first-time student-athletes. Students must have their eligibility determined by the NAIA Eligibility Center, and all NAIA schools are bound by the center's decisions.

Every student interested in playing sports at NAIA colleges for the first time needs to register online with the NAIA Eligibility Center. This applies to high school seniors and transfers from both two- and four-year colleges.

What information will I need to provide? You'll create a personal profile with the basic facts about your academic history and sports participation to date.

- You'll need your current contact information, previous residences and addresses, high schools attended and history of your sports participation during and after high school graduation.
- **9876** When you register for the ACT or SAT, include the NAIA Eligibility Center (9876) on the list of places test scores should be sent.
- Ask your high school counselors to send the NAIA Eligibility Center a final official transcript that verifies high school graduation, class rank and cumulative grade point average.

What are the costs?

Registration for students from the U.S. and Canada is \$75; the international student fee US\$130. Transfer students pay \$100. This is a one-time nonrefundable registration fee and includes all services of the NAIA Eligibility Center.

The registration fee will be waived for students with demonstrated need. If you receive a fee waiver for the ACT or SAT test or qualify for the federal free or reduced-cost lunch program, contact your high school counselor, who can provide confirmation of your eligibility for a **fee waiver** to the NAIA Eligibility Center. Transfer students can qualify for a fee waiver based on receipt of a minimum of \$4,500 in Federal Pell Grant funds.

Do I need to register with the NAIA Eligibility Center if I'm registering with the NCAA?

Determining if you meet eligibility requirements for NAIA eligibility is separate from NCAA eligibility certification. The NAIA and NCAA are two separate associations, with two different sets of rules and certification processes.

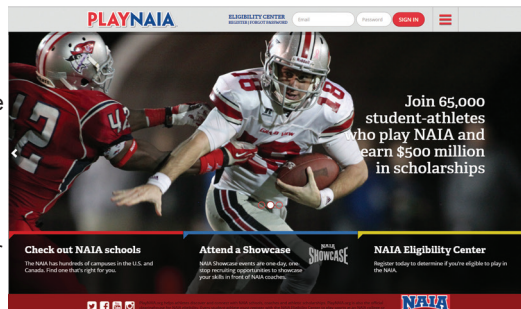

PlayNAIA.org connects you with NAIA schools

As an optional part of the NAIA Eligibility Center registration process, students can participate in the **NAIA Connections Service**. This unique feature allows you to create a customized Sport Resume highlighting your sports accomplishments, positions, events and honors. Use the search to find NAIA schools that offer your sport, the type of college (location, number of students, public or private) and the academic areas that interest you. Then indicate which schools you want to connect with, and we'll send your Sport Resume directly to them. NAIA coaches and admissions representatives will get in touch with you – and you've started the conversation about opportunities to play sports in college!

Early decisions for high school seniors

Students, who have completed their junior year of high school and have at least a 3.0 GPA on a 4.0 scale and the minimum test scores required, may obtain an eligibility determination before graduating from high school. Those students will need to request that their official transcripts after their junior year be sent to the NAIA Eligibility Center and contact ACT or SAT to have their test scores sent directly.

Register with the NAIA Eligibility Center at PlayNAIA.org.

Courses designated with a '=' symbol are courses that may be used only by students with a diagnosed disability. A course for a student with disabilities must be **exclusively** open to students with documented learning disabilities. The course must be quantitatively and qualitatively the same as the regular equivalent and there must be a standardized curriculum/syllabus.

NCAA legislation permits a student to receive credit for a core course only one time. As a result, if a student repeats a core course, the student will only receive credit once for the core course, and the highest grade earned in the course will be included in the calculation of the student's core course grade point average. Likewise, if a student completes a course that is duplicative in content with another core course, the student will only receive credit for one of the duplicative courses, and the course with the highest grade earned will be included in the calculation of the student's core course grade point average.
