SYNERGY SECURITY POLICY STATEMENT
(All designated users are required to sign this statement)

*In compliance with **Board Policy 5125** and state guidelines regarding student records and attendance, users of the Synergy system are to continue to adhere to these guidelines ensuring that student records remain secure at all times. Those users who have access to view and/or print records only, do not have the authorization to distribute any student records without following **BP 5125** guidelines. This includes allowing unauthorized personnel to use your system/code to access information is prohibited. Consequences for such action may result in immediate revoking of Synergy privileges and further disciplinary action, if warranted.*

Please remember to inform Information Services of any change of site or departure from the district. The use of your non-reported code may cause serious consequences for you if others continue to produce records or data with it.

My signature acknowledges that I have read and understand the purpose and consequences of this policy statement.

_____   _____
<div align="center">User Signature   Date</div>

1. This authorization must be updated annually one week before the opening of each school year.
2. Submit this form with the original signature for each user to the Information Services Department, Attention: Student Team
